members Externally BGLOs face the challenge of rededicating themselves to their communities and leading an aggressive campaign against modern forms of racism sexism and other types of fear driven behavior By embracing the history of these organizations and exploring their continuing viability and relevance Black Greek Letter Organizations in the Twenty first Century demonstrates that BGLOs can create a positive and enduring future and that their most important work lies ahead

UPDATED One of America's historic strengths is the ability to incorporate aspects from many different cultures to create a stronger whole. Our music, literature, sports, architecture, food, and fashion have all benefitted. But current leadership approaches are overwhelmingly written by White males and remain distressingly Eurocentric. Juana Bordas has set out to change this. In this influential book, she shows how incorporating Latino, Black, and American Indian approaches can enrich leadership and offers a more viable model for our expanding multicultural society. Cultivating Diversity in Fundraising Janice Gow Pettey, 2002-02-26. An important roadmap for fundraising in today's multicultural communities. Raising money in today's diverse communities is a growing challenge for fundraisers and philanthropists, requiring thoughtful strategies, successful collaborations, and a respectful understanding of people's differences. In this groundbreaking new book, the author examines today's four major ethnic groups: African American, Asian American, Hispanic/Latino, and Native American, in terms of their diverse histories, traditions, and motivations, and then applies this information to the proven components of successful fundraising. The result is a timely and important look at how fundraisers can use an understanding of ethnic differences to create a vibrant and balanced nonprofit center through both individual and collective efforts. In clear, easy-to-understand language, Cultivating Diversity in Fundraising answers the following critical questions: Who are diverse donors? What are their charitable traditions and interests? What fundraising methods will be successful in diverse communities? What can fundraisers do to include more diversity in fundraising efforts? Designed as a guide to fundraising as well as a strategic update for existing fundraisers, this book should be required reading for anyone working in today's nonprofit sector.
