The Interpretation of The Meaning of The Holy Quran Volume 3 - Surah Al-Baqarah

verse 131 to 170. Nasoha Bin Saabin, I have written many books and articles on various topics but since 2013 I have devoted myself fully in writing the interpretation of the Holy Quran in English and with the grace of Allah I have completed the whole Quran on 29th October 2020 with 84 books I believe there is a great need in the whole world for the correct interpretation of the Holy Quran to be written in English Currently there is a great misunderstanding about Islam among Muslims and non Muslims globally The misunderstanding of the meaning of the Holy Quran among Muslims will lead to the wrong practice of Islam which leads to the wrong actions of Muslims The wrong actions of Muslims will lead to misunderstandings about Islam among Muslims and non Muslims The wrong actions of the Muslims have led to many miseries and wars among Muslims The wrong actions of Muslims have also led to many wars and clashes between Muslims and non Muslims In order to avoid miseries wars and clashes from taking place between the whole mankind in the whole world the whole mankind in the whole world need to understand the true teaching of Islam There is no other way for the whole mankind to understand the true teaching of Islam unless the whole mankind is able to read and understand the correct interpretation of the Holy Quran The whole mankind is only able to read and understand the correct interpretation of the Holy Quran when it is written in the universal language of the world English For this very reason I have written the interpretation of the Holy Quran in English Prof Nasoha Bin Saabin

Islam and the Destiny of Man

Gai Eaton, 1985-01-01 Islam and the Destiny of Man by Charles Le Gai Eaton is a wide ranging study of the Muslim religion from a unique point of view The author a former member of the British Diplomatic Service was brought up as an agnostic and embraced Islam at an early age after writing a book commissioned by T S Eliot on Eastern religions and their influence upon Western thinkers As a Muslim he has retained his adherence to the perennial philosophy which he maintains underlies the teachings of all the great religions The aim of this book is to explore what it means to be a Muslim a member of a community which embraces a quarter of the world's population and to describe the forces which have shaped the hearts and the minds of Islamic people After considering the historic confrontation between Islam and Christendom and analysing the difference between the three monotheistic faiths Judaism Christianity and Islam the author describes the two poles of Muslim belief in terms of Truth and Mercy the unitarian truth which is the basis of the Muslim's faith and the mercy inherent in this truth In the second part of the book he explains the significance of the Qur'an and tells the dramatic story of Muhammad's life and of the early Caliphate Lastly the author considers the Muslim view of man's destiny the social structure of Islam the role of art and mysticism and the inner meaning of Islamic teaching concerning the hereafter Throughout this book the author is

Judaism, Christianity, and Islam: The Classical Texts and Their Interpretation, Volume III F. E. Peters,2018-06-05 Invoking a concept as simple as it is brilliant F E Peters has taken the basic texts of the three related and competitive religious systems we call Judaism Christianity and Islam and has juxtaposed them in a topical and parallel arrangement according to the issues that most

concerned all these children of Abraham Through these extensive passages and the author's skillful connective commentary the three traditions are shown with their similarities sometimes startlingly underlined and their well known differences now more profoundly exposed What emerges from this unique and ambitious work is a panorama of belief practice and sensibility that will broaden our understanding of our religious and political roots in a past that is by these communities definition still the present The hardcover edition of the work is bound in one volume and in the paperback version the identical material is broken down into three smaller but self contained books The third The Works of the Spirit focuses on spirituality and worship and contains material on monasticism theology mysticism and the End Time Throughout the work we hear an amazing variety of voices some familiar some not all of them central to the primary and secondary canons of their own tradition alongside the Scriptural voice of God are the words of theologians priests visionaries lawyers rulers and the ruled The work ends as does the same author's now classic Children of Abraham in what Peters calls the classical period that is before the great movements of modernism and reform that were to transform Judaism Christianity and Islam
