Remorse and Reparation Cox,2014-05-14 Remorse or rather lack of it frequently features in banner headlines However there is little systematic study of this important interdisciplinary topic whose relevance has extensive social ramifications This volume is the first comprehensive attempt to bring together both forensic clinicians and those working within the criminal justice system Discussed are questions like Is there a correlation between the experience of remorse and a diminished likelihood of re offending and What is the complex relationship between remorse shame guilt and attempts at reparation *Remorse* Michael Proeve,Steven Tudor,2016-04-08 Remorse is a powerful important and yet academically neglected emotion This book one of the very few extended examinations of remorse draws on psychology law and philosophy to present a unique interdisciplinary study of this intriguing emotion The psychological chapters examine the fundamental nature of remorse its interpersonal effects and its relationship with regret guilt and shame A practical focus is also provided in an examination of the place of remorse in psychotherapeutic interventions with criminal offenders The book s jurisprudential chapters explore the problem of how offender remorse is proved in court and the contentious issues concerning the effect that remorse and its absence should have on sentencing criminal offenders The legal and psychological perspectives are then interwoven in a discussion of the role of remorse in restorative justice In *Remorse Psychological and Jurisprudential Perspectives* Proeve and Tudor bring together insights of neighbouring disciplines to advance our understanding of remorse It will be of interest to theoreticians in psychology law and philosophy and will be of benefit to practising psychologists and lawyers Love, Guilt, and Reparation, and Other Works, 1921-1945 Melanie Klein,1977

The Moral Psychology of Regret Anna Gotlib,2019-10-21 What kind of an emotion is regret What difference does it make whether how and why we experience it and how does this experience shape our current and future thoughts decisions goals Under what conditions is regret appropriate Is it always one kind of experience or does it vary based on who is doing the regretting and why How is regret different from other backward looking emotions In *The Moral Psychology of Regret* scholars from several disciplines including philosophy gender studies disability studies law and neuroscience come together to address these and other questions related to this ubiquitous emotion that so many of us seem to dread And while regret has been somewhat under theorized as a subject worthy of serious and careful attention this volume is offered with the intent of expanding the discourse on regret as an emotion of great moral significance that underwrites how we understand ourselves and each other The Criminal Law's Person Claes Lernestedt,Matt Matravers,2022-02-10 The state s use of the threat and imposition of punishments to regulate conduct is thought or at least said by many to be legitimised by the idea

that the criminal law's burdens only fall on those who are blameworthy for their conduct. However, the formal concept of blameworthiness needs to be made substantive. This puts various ideas regarding the criminal law's person at the heart of debates about blame, guilt, and responsibility. How is the criminal law's person constructed by whom and with what disciplinary norms? How is it threatened by new knowledge and how do those threats play out amongst the various stakeholders who claim the criminal law's person as theirs? To address these and cognate questions, this volume brings together an international group of academics to engage with the criminal law's person from a range of disciplinary perspectives.

Good and Evil Raimond Gaita, 2004 Raimond Gaita's *Good and Evil* is one of the most important original and provocative books on the nature of morality to have been published in recent years. It is essential reading for anyone interested in what it means to talk about good and evil. Gaita argues that questions about morality are inseparable from the preciousness of each human being. An issue we can only address if we place the idea of remorse at the centre of moral life. Drawing on an astonishing range of thinkers and writers including Plato, Wittgenstein, George Orwell, and Primo Levi, Gaita also reflects on the place of reason and truth in morality and ultimately how questions about good and evil are connected to the meaning of our lives. This revised edition of *Good and Evil* includes a substantial new preface and afterword by the author.

Identity, Narcissism, and the Other Jean Arundale, 2018-03-09 Practitioners of psychoanalysis find three central themes to be recurrent and ubiquitous in every analysis: firstly, issues around identity, the struggle to know the self, to understand the self, and to be the self in an authentic way. Intricately entangled with self-identity is the problem of narcissism, essentially viewed as a defensive retreat to a mental state characterized by an unconscious belief in the special value of the self and the diminution of the Other. However, there are a multitude of inherent anxieties involved in close and intimate relationships. As Freud pointed out, even in our most intimate relationships, there is an element of hostility. Threats to both the self and other and various anxieties around libidinal contact will be examined in this book using case material and the relationship between these three important themes: identity, narcissism, and the other. Separate but interconnected will be explored.

Pathways to Reconciliation Cleo Fleming, 2016-12-05 Reconciliation: what makes it possible, what impedes it, how to foster and promote it, and how to build the social conditions in which it can flourish. These are pressing questions for an increasingly significant concept in community and international relations. This book is a creative engagement with the central terms of reconciliation: forgiveness, nationhood, conflict resolution, justice, and memory, and with approaches to questions of listening and understanding the other. It is premised on the view that an essential pathway to the achievement of reconciliation lies in developing and disseminating critical concepts that capture the nuances of practice. Drawing on fields in the social sciences and humanities including post-structuralism, hermeneutics, subaltern studies, and social theory, and elaborated in relation to contemporary sites of conflict and peace-making, this collection brings together a unique range of perspectives on the complex issue of reconciliation while offering responses to the key questions being asked of it today.

Criminal Justice

and The Ideal Defendant in the Making of Remorse and Responsibility Stewart Field, Cyrus Tata, 2023-05-18 This book investigates how defendants are assessed by criminal justice decisionmakers such as judges lawyers probation officers parole board members and those involved in restorative justice What attitudes and emotions are defendants expected to show How are these expectations communicated The book argues that defendants at various stages of the criminal justice process are expected to show a more or less free acceptance of guilt and individual responsibility along with a display of appropriate emotions ideally including genuine remorse It examines why such expressions of individual responsibility and remorse are so important to decision makers and the state With contributors from across the world the book opens new comparative possibilities and research agendas Regret Salman Akhtar, Shahrzad Siassi, 2018-05-08 This book is devoted to the developmental substrate of regret and of its vicissitudes over the life span It deals with fiction poetry and movies pertaining to regret The book elucidates the psychopathological dimension of ego restriction associated with regret Sermons Preached in St. Paul's Cathedral Joseph Barber Lightfoot, 1891 Guilt Donald L. Carveth, 2023-07-26 This insightful and innovative book sheds light on the complexity of the concept of guilt while exploring aspects of guilt that have previously been overlooked in psychoanalytic theory and discourse Offering original insights on the topic Donald Carveth looks at Freud's failure to distinguish persecutory guilt from reparative guilt and the superego from the conscience The significance of these distinctions for both psychosocial theory and clinical practice is explored throughout the volume Carveth distinguishes varieties of punitive guilt such as justified unjustified borrowed or induced existential and collective He expertly describes patterns of self punishment and self sabotage while also addressing the widespread use of persecutory guilt and self punishment as a defence against and evasion of reparative guilt contrition and reparation Throughout the volume Carveth critically reviews a range of recent contributions to psychoanalytic literature to support his theories Part of the Routledge Introductions to Contemporary Psychoanalysis series this book will be of interest to psychoanalysts psychotherapists social scientists and social philosophers as well as to those studying ethics and theology **Socioemotional Development** Ross A. Boda,2009-06-30 The biblical theological approach Boda takes in this work is canonical thematic tracing the presentation of the theology of sin and its remedy in the canonical form and shape of the Old Testament The hermeneutical foundations for this enterprise have been laid by others in past decades especially by Brevard Childs in his groundbreaking work But A Severe Mercy also reflects recent approaches to integrating biblical understanding with other methodologies in addition to Childs s Thus it enters the imaginative space of the ancient canon of the Old Testament in order to highlight the word views and literary shapes of the texts taken individually and as a whole collection For the literary shape of the individual texts it places the word views of the dominant expressions and images as well as various passages in the larger context of the biblical books in which they are found For the literary shape of the texts as a collection it identifies key subthemes and traces their development through the Old Testament canon The breadth of Boda s study is both challenging and courageous resulting in the first comprehensive examination of the topic in the 21st century **Fear and Forgiveness** Harsh Mander,2009 Human History Is Not Just A History Of Cruelty But Also Of Compassion Sacrifice Courage And Kindness What We Choose To Emphasise In This Complex History Will Define Our Lives Blood Flowed Freely On The Streets And Tens Of Thousands Of Homes Were Razed To The Ground An Estimated 2000 Men Women And Children Mostly From The Muslim Community Were Raped And Murdered And More Than Two Hundred Thousand People Fled In Terror As Their Homes And Livelihoods Were Systematically Destroyed However Gujarat Abounds With Thousands Of Untold Stories Of Faith And

Human in the Age of Vulnerability places reparation within a wider contemporary context and describes it in its full anthropological depth. Repair is a global phenomenon that does not present itself in a unified way. Ideas of repair and reparation are expressed at different levels: for instance, one can mend a damaged object, heal a wound, redress an injury, or make amends for an offence. Johann Michel explores how repair and reparation tell us about human beings, natural vulnerability, our moral fallibility, and our social incompleteness, but also about the many capabilities we draw upon to mitigate these shortcomings. It is from the heart of human finitude that repair and reparation draw meaning, and the irreparable, whether due to time or to a debt that can never be repaid, haunts any policy of reparation. Such are the challenges to be addressed by a philosophy of repair and reparation constructed in renewed dialogue with the social sciences.
