Bertagnolli, 2024-09-10 Edward MacDowell's European Piano Music is a critical study of the piano music that MacDowell composed during his European sojourn 1876 1888 steeped in reception history and with a special emphasis of programmaticism The book expands current knowledge of MacDowell's childhood in four of the chapters based on his previously uninvestigated sheet music collection thereby achieving a better balance among the stages of MacDowell's life than is evident in most books of the life and works variety Prolific contemporaneous music criticism meticulously preserved in MacDowell's scrapbooks is likewise undervalued in the MacDowell literature but it furnishes penetrating observations about the expressive and programmatic content of numerous compositions especially as it was revealed to critics when MacDowell performed his own works Lastly the book offers explanations for why MacDowell immersed himself in European culture for decades and then at a crucial juncture in his career embraced diverse American heritages and worked toward a

conception of a pluralistic music that was American in a creative sense The book's content and methodology would appeal most directly to specialists within the broad fields of musicology and music theory particularly within American art music and its composers nineteenth century music program music reception history and piano literature Voices Nick Coleman, 2018-11-13 Voices isn't just illuminating and thought provoking and clever it is exciting Roddy Doyle author of The Commitments A personal exploration of what singing means and how it works Voices is a book about our deepest most telling relationships with music Nick Coleman examines the act of singing not as a performance but as a close difficult moment of hopeful connection What does it do to us emotionally and psychologically to listen hard and habitually to somebody else singing Why is human song so essential to our lives The book asks many other questions too Why did Jagger and Lennon sing like that and not like this Billie Janis Amy must the voices of anguish always dissolve into spectacle What makes us turn again and again to a singing human voice The history of postwar popular music is often told sociologically or in terms of musicological influence and innovation in style Voices offers a different intimate perspective In ten discrete but cohering essays Coleman tackles the arc of that history as an emotional experience with real psychological consequences He writes about the voices that have affected the ways he feels about and understands the world from Aretha Franklin to Amy Winehouse Marvin Gaye to David Bowie Ultimately Voices is the story of what it is to listen and be moved what it is to feel emotion The Étude and Musical World, 1896 **Catalog of Copyright Entries** Library of Congress.
