

Routledge Studies in Social and Political Thought

The background of the cover features a composite image of two men. On the left is a portrait of Michel Foucault, wearing glasses and a dark jacket. On the right is a portrait of Karl Marx, with his characteristic white beard and hair. The image is in a dark, monochromatic style.

The nature of capital

Marx after Foucault
Richard Marsden

Nature Of Capital Marx After Foucault

Gary Gutting

Nature Of Capital Marx After Foucault:

The Nature of Capital Richard Marsden, 1999-08-26 Original in conception and bold in its diagnosis this work will be welcomed by students of and researchers in economics social theory Marx Foucault and postmodernity [The Nature of Capital](#) Richard Marsden, 1999-08-26 The synthesis of Marx and Foucault has traditionally been seen within the social sciences as deeply problematic The author overturns this received wisdom by subjecting both thinkers to an original re reading through the lens of the philosophy of critical realism The result is an illuminating synthesis between Marx's social relations of production **After Foucault** Lisa Downing, 2018-06-07 The work of Michel Foucault is much read widely cited and occasionally misunderstood In response to this state of affairs this collection aims to clarify to contextualize and to contribute to Foucauldian scholarship in a very specific way Rather than offering either a conceptual introduction to Foucault's work or a series of interventions aimed specifically at experts After Foucault explores his critical afterlives situates his work in current debates and explains his intellectual legacy As well as offering up to date assessments of Foucault's ongoing use in fields such as literary studies sexuality studies and history chapters explore his relevance for urgent and emerging disciplines and debates including ecology animal studies and the analysis of neoliberalism Written in an accessible style by leading experts After Foucault demonstrates a commitment to taking seriously the work of a key twentieth century thinker for contemporary academic disciplines political phenomena and cultural life **Marx's Capital after 150 Years** Marcello Musto, 2019-09-23 Faced with a new crisis of capitalism many scholars are now looking back to the author whose ideas were too hastily dismissed after the fall of the Berlin Wall During the last decade Marx's Capital has received renewed academic and popular attention It has been reprinted in new editions throughout the world and the contemporary relevance of its pages is being discussed again Today Marx's analyses are arguably resonating even more strongly than they did in his own time and Capital continues to provide an effective framework to understand the nature of capitalism and its transformations This volume includes the proceedings of the biggest international conference held in the world to celebrate the 150th anniversary of Capital's publication The book is divided into three parts I Capitalism Past and Present II Extending the Critique of Capital III The Politics of Capital It contains the contributions of globally renowned scholars from 13 countries and multiple academic disciplines who offer diverse perspectives and critical insights into the principal contradictions of contemporary capitalism while pointing to alternative economic and social models Together they reconsider the most influential historical debates on Capital and provide new interpretations of Marx's magnum opus in light of themes rarely associated with Capital such as gender ecology and non European societies The book is an indispensable source for academic communities who are increasingly interested in rediscovering Marx beyond 20th century Marxism Moreover it will be of great appeal to students as well as established scholars interested in critique of capitalism and socialist theory

Performing Marx Bradley J. Macdonald, 2012-02-01 Performing Marx looks at what it means to be a Marxist dealing

with contemporary political and theoretical developments in the twenty first century Drawing upon Marx s work Western Marxism and poststructuralist theory Bradley J Macdonald explores how a living tradition of Marx s ideas can constructively engage a politics of desire and pleasure ecological sustainability a politics of everyday life that takes seriously popular culture and the nature of globalization and of the radical forces being arrayed against the logics of global capitalism By engaging such crucial issues Macdonald also provides important clarifications of the work of William Morris Guy Debord and the situationists Michel Foucault Antonio Negri Ernesto Laclau and Chantal Mouffe as they relate to Marx

The Cambridge Companion to Foucault Gary Gutting,2005-07-18 For Michel Foucault philosophy was a way of questioning the allegedly necessary truths that underpin the practices and institutions of modern society He carried this out in a series of deeply original and strikingly controversial studies on the origins of modern medical and social scientific disciplines These studies have raised fundamental questions about the nature of human knowledge and its relation to power structures and have become major topics of discussion throughout the humanities and social sciences The essays in this volume provide a comprehensive overview of Foucault s major themes and texts from his early work on madness through his history of sexuality Special attention is also paid to thinkers and movements from Kant through current feminist theory that are particularly important for understanding his work and its impact This revised edition contains five new essays and revisions of many others and the extensive bibliography has been updated

Gramsci and Foucault: A Reassessment David Kreps,2016-04-22 Mapping the resonances dissonances and linkages between the thought of Gramsci and Foucault to uncover new tools for socio political and critical analysis for the twenty first century this book reassesses the widely held view that their work is incompatible With discussions of Latin American revolutionary politics indigenous knowledges technologies of government and the teaching of paediatrics in post invasion Iraq complexity theory medical anthropology and biomedicine and the role of Islam in the transition to modern society in the Arab world this interdisciplinary volume presents the latest theoretical research on different facets of these two thinkers work as well as analyses of the specific linkages that exist between them in concrete settings A rigorous comparative exploration of the work of two towering figures of the twenty first century Gramsci and Foucault A Reassessment will appeal to scholars and students of social and political theory political sociology communication and media studies and contemporary philosophy

Handbook of Alternative Theories of Political Economy Stilwell, Frank,Primrose, David,Thornton, Tim B.,2022-05-13 This Research Handbook advances entrepreneurship theory in new ways by integrating and contributing to contemporary theories of practice Leading theorists and entrepreneurship experts who are part of the growing Entrepreneurship as Practice EaP research community expertly propose methodologies theories and empirical insights into the constitution and consequences of entrepreneuring practices

Marx in the Age of Digital Capitalism ,2015-09-29 More than 130 years after Karl Marx s death and 150 years after the publication of his opus magnum Capital Critique of Political Economy capitalism keeps being haunted by period crises The

most recent capitalist crisis has brought back attention to Marx's works. This volume presents 16 contributions that show how Marx's analyses of capitalism, the commodity, class, labour, work, exploitation, surplus value, dialectics, crises, ideology, class struggles, and communism help us to understand the Internet and social media in 21st-century digital capitalism. Marx is back. This book is a key resource on the foundations of Marxist Internet and Digital Media Studies. **Marx: Key Concepts**

Riccardo Bellofiore, Tommaso Redolfi Riva, 2024-01-18. This scholarly book conducts an extensive exploration into the central ideas of Karl Marx, focussing on the key concepts that have defined his thought and legacy. Bringing together a wealth of internationally renowned contributors across different generations, *Marx Key Concepts* analyses in depth Marx's theories of surplus value, money, and capital, and their reception in classical and contemporary economic, sociological, and philosophical debates. **Divided Environments** Jan Selby, Gabrielle Daoust, Clemens Hoffmann, 2022-09-22. What are the implications of climate change for twenty-first-century conflict and security? Rising temperatures, it is often said, will bring increased drought, more famine, heightened social vulnerability, and large-scale political and violent conflict. Indeed, many claim that this future is already with us. *Divided Environments* however shows that this is mistaken. Focusing especially on the links between climate change, water, and security, and drawing on detailed evidence from Israel, Palestine, Syria, Sudan, and elsewhere, it shows both that mainstream environmental security narratives are misleading and that the actual security implications of climate change are very different from how they are often imagined. Addressing themes as wide-ranging as the politics of droughts, the contradictions of capitalist development, and the role of racism in environmental change, while simultaneously articulating an original international political ecology approach to the study of socio-environmental conflicts, *Divided Environments* offers a new and important interpretation of our planetary future. **In Asian Waters** Eric Tagliacozzo, 2024-10-29. A sweeping

account of how the sea routes of Asia have transformed a vast expanse of the globe over the past five hundred years, powerfully shaping the modern world. In the centuries leading up to our own, the volume of traffic across Asian sea routes, an area stretching from East Africa and the Middle East to Japan, grew dramatically, eventually making them the busiest in the world. The result was a massive circulation of people, commodities, religion, culture, technology, and ideas. In this book, Eric Tagliacozzo chronicles how the seas and oceans of Asia have shaped the history of the largest continent for the past half-millennium, leaving an indelible mark on the modern world in the process. Paying special attention to migration, trade, the environment, and cities, *In Asian Waters* examines the long history of contact between China and East Africa, the spread of Hinduism and Buddhism across the Bay of Bengal, and the intertwined histories of Islam and Christianity in the Philippines. The book illustrates how India became central to the spice trade, how the Indian Ocean became a British lake between the seventeenth and nineteenth centuries, and how lighthouses and sea mapping played important roles in imperialism. The volume ends by asking what may happen if China comes to rule the waves of Asia, as Britain once did. A novel account showing how Asian history can be seen as a whole when seen from the water. *In Asian Waters* presents a voyage into a past

that is still alive in the present Friendship as a Way of Life Tom Roach, 2012-02-14 Borrowing its title from a 1981 interview of Michel Foucault *Friendship as a Way of Life* develops the philosopher's late work on friendship into a novel critique of contemporary GLBT political strategy Tom Roach brings to life Foucault's scant but suggestive writings on friendship some translated here for the first time emphasizing their ethical implications and advancing a new and politically viable concept friendship as shared estrangement In exploring the potential of this model for understanding not only social movements such as ACT UP and the AIDS buddy system but the literary and artistic work of Herv Guibert and David Wojnarowicz as well Roach seeks to reclaim a politics of friendship for queer activism The first book devoted exclusively to Foucault's work on the subject it reassesses Foucaultian queer theory in light of the recent publication of the philosopher's final seminars at the Collège de France Its provocative thesis returns Foucault's concept of biopower to its home in sexuality studies and places queer theory front and center in current biopolitical debates **Post-Marxist Theory** Philip Goldstein, 2012-02-01 Poststructuralist Marxism or post Marxism is a theoretical viewpoint that elaborates and revises the work of Louis Althusser and Michel Foucault Unlike traditional Marxism which emphasizes the priority of class struggle and the common humanity of oppressed groups post Marxism reveals the sexual racial class and ethnic divisions of modern Western society This book surveys the different versions of post Marxist theory the economic theory of Stephen Resnick and Richard Wolff the historical methodology of Michel Foucault the political theory of Ernesto Laclau and Chantal Mouffe the feminism of Judith Butler the materialist philosophy of Pierre Macherey and the cultural studies of Tony Bennett and John Frow Providing a coherent framework for these otherwise quite divergent theorists Philip Goldstein outlines the history of Marxist philosophical or theoretical views and explains how they all count as post Marxist *State Power* Bob Jessop, 2013-04-26 Bob Jessop presents an up to date account of his distinctive approach to the dialectics of structure and strategy in the exercise of state power While his earlier work critically surveys other state theories this book focuses on the development of his own strategic relational approach It introduces its main sources outlines its development applies this approach to four case studies and sketches a strategic relational research agenda Thus the book presents a comprehensive theoretical statement of the approach and guidelines for its application Key features of the book include an account of the author's theoretical development a review of recent developments in state theory and the cultural turn in political economy critical strategic relational readings of major state theorists Marx on political representation Gramsci on the spatiality of state power Poulantzas on the state as a social relation and the later Foucault on statecraft applications of the strategic relational approach to important issues concerning the contemporary state its gendered selectivity the future of the national state the state's temporal sovereignty and the relevance of multi scalar meta governance in Europe for the more general future of the state The book concludes with recommendations for future strategic relational research in political economy and state theory **The Elgar Companion to Antonio Gramsci** William K. Carroll, 2024-01-18 Affirming Antonio Gramsci

s continuing influence this adroitly cultivated Companion offers a comprehensive overview of Gramsci's contributions to the interdisciplinary fields of critical social science social and political thought economics and emancipatory politics Within the tradition of historical materialism it explores the continuing impact of Gramscian perspectives in the present day **Society and Its Metaphors** Jose Lopez, 2003-02-01 Both classical and contemporary social theorists have created a range of frameworks to formulate and develop concepts of social structure Focusing on the work of the key theorists Emile Durkheim Karl Marx Max Weber Talcott Parsons and Louis Althusser **Society and its Metaphors** maps the linguistic basis of different theories of social structure **Capital Redefined** S. A. Hamed Hosseini, Barry K. Gills, 2023-10-12 **Capital Redefined** presents a unique perspective on the nature of capital departing from the prevailing reductionist accounts Hosseini and Gills offer an expanded perspective on Marxian value theory by addressing its main limitations and building their own integrative value theory They argue that the current understanding of value must be re-examined and liberated from its subservient ties to capital while acknowledging the ways in which capital appropriates value This is achieved by differentiating between fetish value created by capital and true value generated through various commons based forms of coexistence The authors propose a defetishization of value by rejecting the commonly accepted idea of its objectivity They introduce their communist value theory which redefines capital as both the product and process of perverting the fundamental commoning causes of true value into sources of fetish value Capital is theorized through a modular framework where multiple intersecting processes constitute a comprehensive power structure a value regime representing an unprecedented degree of the domination of capital over life Their theory reconciles two apparently incompatible views on the notion of value One view encompasses all inputs involved in capitalist value production and conflates intrinsic and commodity values The other warns against this conflation as it treats capital as an entity tightly associated only with commodity production and wage labor The authors believe that establishing alternative forms of value creation based on normative principles of living in commons is crucial as an analytical base for criticizing existing power structures and economic systems The book offers a theoretical foundation for transforming our life worlds toward post capitalist futures It appeals to scholars and students in various fields such as political economy capitalism and post capitalist studies economic and political sociology globalization development studies social ecology and ecological philosophy The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license **Scoping The Social** Woodiwiss, Anthony, 2005-12-01 Social theory is central to the disciplines of sociology cultural studies criminology and media studies Many students however find it difficult to relate theory to their other courses projects dissertations and theses let alone imagine themselves producing theory In contrast to conventional social theory textbooks that restrict themselves to the description and analysis of theories and what other professionals have said about them this innovative book shows students how to use criticism and contribute to the development of theory Treating theory as a variety

of visual work that is intimately connected with the process of empirical investigation and with the help of clear diagrams and carefully chosen quotations Part 1 provides an exceptionally clear introduction to the different ways of practicing social theory Part 2 provides a practical example of how to theorise by producing and demonstrating the effectiveness of a new concept of reflexivity in the course of an outline of the history of the development of social theory since 1945 This is important reading for students and researchers in sociology and related fields EBOOK: Scoping the Social Anthony Woodiwiss, 2005-12-16 Social theory is central to the disciplines of sociology cultural studies criminology and media studies Many students however find it difficult to relate theory to their other courses projects dissertations and theses let alone imagine themselves producing theory In contrast to conventional social theory textbooks that restrict themselves to the description and analysis of theories and what other professionals have said about them this innovative book shows students how to use criticise and contribute to the development of theory Treating theory as a variety of visual work that is intimately connected with the process of empirical investigation and with the help of clear diagrams and carefully chosen quotations Part 1 provides an exceptionally clear introduction to the different ways of practicing social theory Part 2 provides a practical example of how to theorise by producing and demonstrating the effectiveness of a new concept of reflexivity in the course of an outline of the history of the development of social theory since 1945 This is important reading for students and researchers in sociology and related fields

Nature Of Capital Marx After Foucault Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Nature Of Capital Marx After Foucault free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Nature Of Capital Marx After Foucault free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Nature Of Capital Marx After Foucault free PDF files is

convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Nature Of Capital Marx After Foucault. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Nature Of Capital Marx After Foucault any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Nature Of Capital Marx After Foucault Books

1. Where can I buy Nature Of Capital Marx After Foucault books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
