The Gulf And The West Anthony H Cordesman,2019-06-26 This book examines the military capabilities of various potential threats the capabilities of Saudi Arabia and other friendly Gulf states and the capabilities of Western power projection forces **AirLandBattle21** Ellwood P. Hinman IV,Thomas E. Jahn,James G. Jinnette,2016-12-05 The changed strategic landscape of the 21st century has driven a shift to more flexible adaptable capabilities across the spectrum of conflict Operations in Iraq and Afghanistan have demonstrated the validity of team warfare between air and land forces during open hostilities with an enemy The time has come for innovative counter air and counter land concepts focused on medium to large scale conventional combat operations that will merge air and ground forces even more effectively into a single potent fighting force Such is the focus of AirLandBattle21 A basic assumption in this study is that during major combat operations a relevant number of Brigade Combat Teams BCTs will conduct distributed operations in a non linear non contiguous and geographically separated fashion The study introduces a flexible counter air framework that allows for the most efficient use of limited air assets and advocates only the necessary levels of air control in different areas across the theatre The study also offers alternative views of strategic attack and explores the critical role tactical airlift will play in employing and sustaining the brigade combat team *The Lessons Of Modern War* Anthony H Cordesman,Abraham Wagner,2020-01-08 This volume the first in a series of three covers the lessons of the 1973 1989 Arab Israeli arms race and of the conflicts of 1973 and 1982 It draws on interviews with Arab and Israeli sources and reveals that if truth is the first casualty of war then history is the first casualty of peace [Western Strategic Interests in Saudi Arabia \(RLE Saudi Arabia\)](#) Anthony Cordesman,2020-07-26 Saudi Arabia s strategic relations with the West involve clear and direct common strategic interests in the Gulf and in the Near East While they compete in terms of trade and oil prices they share a common commitment to private enterprise and to maintaining a stable balance of world trade Saudi Arabia often differs with given Western states in terms of specific strategic interests and tactics but these differences are rarely significant enough to

prevent close cooperation Even the differences over the Arab Israeli peace issue are largely ones of timing and tactics Saudi Arabia must preserve friendly relations with Syria and is vulnerable to attacks by Arab radicals and Iran It has also differed with the US over the specific approach that should be taken to achieving an Arab Israeli peace settlement but it has consistently pushed for a peace settlement within the Arab world This book first published in 1987 analyses the interrelations between Western and Saudi strategic concerns and argues forcibly that pressure from the Israeli lobby within US domestic politics must not be allowed to interfere within the proper provisioning of the Saudi armed forces especially the air force

Sociological Abstracts Leo P. Chall,1985 *Monthly Catalog of United States Government Publications* ,1995 U.S. Military Strategy in the Gulf (Routledge Revivals) Amitav Acharya,2014-01-02 First published in 1989 this title explores the nature and dimensions of the U S strategy in the Gulf in the formative years that followed the fall of the Shah the Soviet invasion of Afghanistan and the outbreak of the Iran Iraq war It describes the formation of the U S Rapid Deployment Joint Task Force and the U S Central Command their force structure and the network of U S bases and facilities in the region The role of pro Western countries in the wider region in particular Pakistan Egypt Jordan and Israel in the formulation of strategy is discussed in detail along with a more general assessment of the achievements and failures of U S strategy in the Gulf towards the end of the 1980s In light of the persistent struggle for peace within the Middle East this is a timely reissue which will be of great interest to students researching U S military strategy over the past thirty years **Walford's Guide to Current British Periodicals in the Humanities and Social Sciences** Library Association,1985 The Middle East, Abstracts and Index ,1983 Catalogue of British Official Publications Not Published by HMSO. ,1984 Navy Civil Engineer ,1982 *Environment Abstracts* ,1985 *Assured Destruction* David Bath,2020-03-15 Assured Destruction Building the Ballistic Missile Culture of the U S Air Force documents the rapid development of nuclear ballistic missiles in the United States and their equally swift demise after the Cuban Missile Crisis revealing how these drastic changes negatively influenced both the Air Force and the missile community David W Bath contends that the struggle to create and control nuclear ballistic missiles threatened both the dominance of the United States during an intensifying Cold War and the strategic airpower mission of the newly created Air Force The book details the strenuous efforts required to create and prepare a missile arsenal before the Cuban Missile Crisis which occurred only five years after the first missile was declared operational It uses the personal recollections of former missileers and the professional military education theses they wrote to highlight some of the concerns that have faced the missileers who operated and worked on these powerful weapons from 1957 to the present The highlight of the book however is the personal stories of the missileers who served during the missile crisis revealing the efforts that they went to in order to prepare these unique and untried weapons for what many thought might become the third world war *Department of the Army Pamphlet* ,1972 **Communist North Korea** United States.
