Near Perfect African Adventure:

African Adventures Brenda Lange, 2009-01-13 A true pioneer missionary Brenda survived many snake and wild animal attacks in the first thirteen years of her ministry to orphans in Mozambique Africa The Lord ordered her to rescue orphans in areas where no one else wants to go Brenda's calling to help orphans took her deep into the African bush of northern Mozambique where she has faced death multiple times From strikes by the deadly mamba to lions and leopards and machete flinging natives Brenda has faced it all in order to rescue and evangelize orphans Read of the many miracles God performed including the raising of the dead when her interpreter was bitten by a black mamba the incident was published in Guidepost Magazine Feb 2001 [African Adventures and Misadventures](#) William York, 2003-01-01 Bill York who recently passed away

once said Most guiding for big game is pretty unadventuresome work However when there is excitement it comes in spades and Bill York had his share of unusual encounters From his early days in Kenya when he and a companion trekked alone through the desert of the NFD and had to fend off marauding lions that ate his caravan ponies to encountering a Mau Mau terrorist who took potshots at his victims with a stolen elephant gun York gives an entertaining account of his life York was there when the RAF bombed the rain forest to rid Kenya of the dreaded Mau Mau and he explains how the bombing went awry very few Mau Mau were killed but plenty of wounded and dangerously short tempered buffalo were left to wreck havoc in the countryside He gives an insider's view to the funny and outrageous behavior of some of his famous acquaintances Eric Rundgren Ken Dawson Frank Broadbent and Iodine Ionides PH Eric Rundgren for example was so interested in getting himself good elephant tusks that he would scout out the best tuskers for himself and guide his clients to less desirable trophies There are stories about how York found a cache of rhino and elephant ivory that J A Hunter had stashed before his death and how John Boyes managed to exasperate British authorities with his dastardly deeds There is an entire chapter on hunting giant forest hogs because Bill York spent a lot of time in their habitat and there are encounters and adventures with crop raiding elephant and ghost buffalo that could be seen but not killed Then there is the story of a client who was so huge that York was not sure he could get the man a single trophy As with York's previous book the pages are loaded with interesting anecdotes fascinating tales and well written prose that give insight into East Africa and its more famous characters

The Perilous African Adventures of Sir Bert and Sir Gilbert BERT H. CARLSON, 2013-04-05 The stories were written for intelligent middle school children who have a sense of sophisticated humor and who like adventure There are elements of surprise and adventure with much scientific materials some of which is true and some not true The reader should be motivated to find out for themselves For example 1 there was certainly a massive eruption in Krakatoa the survival of the Viven beetle is entirely fictitious and 2 there is a Yucca plant pollinated by a moth [An African Adventure](#) Irena Nieslony, 2017-06-29 Seventh mystery featuring Eve Masters After a beautiful wedding on a Cretan beach Eve and David head off to Africa Eve had promised David that she wouldn't get involved in any more murders or mysteries but when one of

Lyell, 2016-07-26 THIS small volume contains some of the letters I have received during the last thirty years or more from well known big game hunters and field naturalists many of whom have now passed away They were so interesting to me that I thought they might interest others who have shot in wilder Africa Moreover they describe conditions which are no longer possible considering the way many parts of that continent have been opened up since the Great War Whether the spread of a so called civilization is a good thing I do not wish to discuss but I know there are many men including myself who would prefer the older times when things were less complicated and conventional Many people are now going in for photography more than shooting and in a way this is a good thing as it will naturally help to conserve the game It is however a much less risky amusement to take animals pictures I mean dangerous animals than to try to kill them for game such as lion elephant buffalo leopard and rhinoceros are seldom dangerous until they are wounded and followed up in thick cover Some people may doubt this statement but it is nevertheless true as all experienced hunters can vouch *Pig in a Taxi and Other African Adventures* Suzanne Crocker, 2006-08-01 You can't be a good missionary without a good snake story jokes Suzanne Crocker And as a missionary to Africa she has plenty Crocker's stories are current funny and sure to hit close to home Each fascinating vignette is accompanied by Scripture practical application and ideas on how to pray for missionaries around the world *Pig in a Taxi and Other African Adventures* addresses topics such as obedience materialism hospitality and sensing God's presence in every situation Its lighthearted tone challenges readers to keep their sense of humor and let it strengthen them in their daily tasks Moms missionaries to be and those who support missions will enjoy this inside look at family life on the mission field **Fodor's the Complete African Safari Planner**, 2011 With Tanzania South Africa Botswana Namibia Kenya **African Safari Adventures** Thomas Walsh, 2015-07-26 It was pure serendipity that we went on an African safari but we are forever grateful that we did We combined a visit with my brother and sister in law a doctor and nurse volunteering at a hospital in Uganda with a safari to Rwanda Kenya and Tanzania Enjoy reading about what it was like to volunteer at a hospital in a small town in southwestern Uganda and the excitement and adventure of trekking mountain gorillas in Rwanda camel rides in the rugged northern frontier of Kenya safaris in the magical Green Hills of Africa in southeast Kenya the lost world of the Ngorongoro Crater in Tanzania the mysterious shifting sands of Tanzania close encounters with wild animals on the Serengeti Plain and the iconic Great Wildebeest Migration Meet the many different and interesting people we encountered on safari and learn about the fabulous eco lodges we stayed at Travel with us across East Africa in small planes and safari cars for the many wonderful experiences that made this the trip of a lifetime for us and our friends *The Man-Eaters of Tsavo, and Other East African Adventures* J.
