Vann Woodward, 1981-08 Handbook of the Linguistic Atlas of the Middle and South Atlantic States William A. Kretzschmar, William A. Kretzschmar Jr., 1993-09-15 Who uses skeeter hawk snake doctor and dragonfly to refer to the same insect Who says gum band instead of rubber band The answers can be found in the Linguistic Atlas of the Middle and South Atlantic States LAMSAS the largest single survey of regional and social differences in spoken American English It covers the region from New York state to northern Florida and from the coastline to the borders of Ohio and Kentucky Through interviews with nearly twelve hundred people conducted during the 1930s and 1940s the LAMSAS mapped regional variations in vocabulary grammar and pronunciation at a time when population movements were more limited than they are today thus providing a unique look at the correspondence of language and settlement patterns This handbook is an essential guide to the LAMSAS project laying out its history and describing its scope and methodology In addition the handbook reveals biographical information about the informants and social histories of the communities in which they lived including primary settlement areas of the original colonies Dialectologists will rely on it for understanding the LAMSAS and historians will find it valuable for its original historical research Since much of the LAMSAS questionnaire concerns rural terms the data collected from the interviews can pinpoint such language differences as those between areas of plantation and small farm agriculture For example LAMSAS reveals that two waves of settlement through the Appalachians created two distinct speech types Settlers coming into Georgia and other parts of the Upper South through the Shenandoah Valley and on to the western side of the mountain range had a Pennsylvania influenced dialect and were typically small farmers Those who settled the Deep South in the rich lowlands and plateaus tended to be plantation farmers from Virginia and the Carolinas who retained the vocabulary and speech patterns of coastal areas With these revealing findings the LAMSAS represents a benchmark study of the English language and this

Batchelor,2015-12-16 The separation of white and black schools remained largely unquestioned and unchallenged in North Carolina for the first half of the twentieth century yet by the end of the 1970s the Tar Heel State operated the most thoroughly desegregated school system in the nation In *Race and Education in North Carolina* John E Batchelor a former North Carolina school superintendent offers a robust analysis of this sea change and the initiatives that comprised the gradual and often reluctant desegregation of the state s public schools In a state known for relative racial moderation North Carolina government officials generally steered clear of fiery rhetorical rejections of *Brown v Board of Education* in contrast to the position of leaders in most other parts of the South Instead they played for time staving off influential legislators who wanted to close public schools and provide vouchers to support segregated private schools instituting policies that would admit a few black students into white schools and continuing to sanction segregation throughout most of the public education system Litigation primarily initiated by the NAACP and the Civil Rights Act of 1964 created stronger mandates for progress and forced government officials to accelerate the pace of desegregation Batchelor sheds light on the way local school districts pursued this goal while community leaders school board members administrators and teachers struggled to balance new policy demands with deeply entrenched racial prejudice and widespread support for continued segregation Drawing from case law newspapers interviews with policy makers civil rights leaders and attorneys involved in school desegregation as well as previously unused archival material *Race and Education in North Carolina* presents a richly textured history of the legal and political factors that informed obstructed and finally cleared the way for desegregation in the North Carolina public education system **The Southern Federalists, 1800-1816** James H. Federalism in the Jeffersonian South James H Broussard makes a significant contribution to the body of knowledge of the early political development of the United States and closes the gap in our knowledge of the Federalist party south of the Potomac In a work grounded in fresh research from original sources Broussard examines all aspects of Federalism in the states of Virginia North Carolina South Carolina and Georgia In his broad coverage he shows how the particular political system of each states affected party development how the Federalists used party organization and newspapers to increase their appeal and how individual Federalists faced such issues as slavery judicial reform and government aid to education and economic development Using previously unavailable data *The Southern Federalists* presents a thorough analysis of the historical demographic and economic voter patterns of our first party system Although national origin religion wealth and support for the Constitution were the bases of Federalism in other areas the only factor common to southern Federalists was their deep fear of France When this fear was put to rest by Napoleon's final defeat in 1815 there was no further need for the Federalists to remain a cohesive party

Fighting for General Lee Sheridan R. Barringer, 2015-12-15 A remarkable biography of a Confederate brigadier general's experiences during and after the Civil War Well written and deeply researched Eric J Wittenberg author of *Out Flew the Sabers* Rufus Barringer fought on horseback through most of the Civil War with General Lee's Army of Northern Virginia and rose to lead the North Carolina Cavalry Brigade in some of the war's most difficult combats This book details his entire history for the first time Barringer raised a company early in the war and fought with the 1st North Carolina Cavalry from the Virginia peninsula through Second Manassas Sharpsburg Fredericksburg and Chancellorsville He was severely wounded at Brandy Station and as a result missed the remainder of the Gettysburg Campaign returning to his regiment in mid October 1863 Within three months he was a lieutenant colonel and by June 1864 a brigadier general in command of the North Carolina Brigade which fought the rest of the war with Lee and was nearly destroyed during the retreat from Richmond in 1865 The captured Barringer met President Lincoln at City Point endured prison and after the war did everything he could to convince North Carolinians to

accept Reconstruction and heal the wounds of war Drawing upon a wide array of newspapers diaries letters and previously unpublished family documents and photographs as well as other firsthand accounts this is an in depth colorful and balanced portrait of an overlooked Southern cavalry commander It is easy today to paint all who wore Confederate gray with a broad brush because they fought on the side to preserve slavery but this biography reveals a man who wielded the sword and then promptly sheathed it to follow a bolder vision proving to be a champion of newly freed slaves a Southern gentleman decades ahead of his time

Triumph of Good Will John Drescher,2010-01-06 In the spring of 1960 two talented capable men each with great passion and conviction opposed each other in a pivotal governor s race that was to shake North Carolina and change southern politics forever Both Terry Sanford and I Beverly Lake were Democrats in the one party South of that era Yet they were different in almost every other way Lake a middle aged law professor was committed to segregation Sanford an ambitious young politician and lawyer believed in expanding opportunities for all citizens In their run off Lake wanted the contest to be a referendum on preserving segregation Sanford s platform rested on the improvement of public schools It was a heated struggle that would bind them together for the rest of their lives With unparalleled access to both sides and an objective correspondent s hindsight view John Drescher has written the biography of a campaign that set the winning strategy for many who followed and of a winning candidate a governor rated as one of the finest of the twentieth

century Sanford the moderate won and his victory is an oddity for in the civil rights period from 1957 to 1973 only twice in the South did racial moderates defeat strong segregationists in a governor's race In a gamble that almost cost Sanford the election he became the first major politician in the Bible Belt to endorse the Catholic John F Kennedy for president In the November vote he defeated his Republican opponent in what was then the closest North Carolina governor's race of the century His win validated his belief in the triumph of good will among North Carolina's people Sanford became a bold aggressive governor of unusual energy and creativity His school program added teachers and dramatically raised teacher pay He helped establish a statewide system of community colleges and started an anti poverty fund later emulated by LBJ as a model for the War on Poverty He was the first southern governor to call for employment without regard to race or creed Sanford became the model for other southern governors who stressed education and a moderate stand on race relations He influenced other gubernatorial candidates across Dixie Jim Hunt in his own state William Winter in Mississippi Dick Riley in South Carolina Bill Clinton in Arkansas The effects of that 1960 race continue to be felt in North Carolina in the South and across the nation
