Nursing Malpractice Implications For Clinical Practice And Nursing Education:

Nursing Malpractice Janet Pitts Beckmann,1995 This book came about by chance Through a very close friend and colleague I was approached fifteen years ago by a prominent attorney to review a nursing malpractice case I said I was not interested because I associated such cases with attorneys who were out there making trouble To make a long story short my friend twisted my arm and I looked at the case What I learned shocked me Never in my worst imaginings had I thought that nurses could or would provide such poor care From the Introduction

Nursing Malpractice Charles C. Sharpe,1999-05-30 Students and professional nurses at any level of clinical practice will find this book to be a vital resource on the basic legal concepts and principles of malpractice liability and risk management and their implications for the profession The book also provides detailed strategies for dealing with these issues The content is also highly relevant to practitioners in all other health care and legal disciplines that collaborate in the delivery of health care Issues discussed include the expanding and evolving roles for professional nurses and the concomitant legal accountability and risk for liability the increasing incidence of nurses named as defendants in malpractice lawsuits anticipated changes in our health care delivery system and breakthroughs in science and technology that will present new legal questions The book also includes material on other important facets of today s nursing practice including the growing phenomenon of tele nursing the essentials of malpractice insurance and the legal significance of documentation and patients medical records It helps the reader identify the nurse at risk for a malpractice suit and the characteristics of the patient likely to sue The appendices provide information on state laws concerned with access to medical records a list of useful websites a list of state boards of nursing and a glossary of important terms

The Lippincott Manual of Nursing Practice Sandra M. Nettina,2001 In addition to comprehensive coverage of the four areas of nursing medical surgical maternal newborn pediatrics and psychiatric mental health the Seventh Edition of this classic reference book features a variety of useful updates New to this edition is an appendix of vitamins and herbs necessary for dealing with patients who treat themselves with popular dietary supplements Also unique to this edition are an increased emphasis on home care drug alerts standards of care and additional patient teaching information that includes complementary therapies Popular features including procedure guidelines nursing alerts and gerontologic alerts have been expanded New illustrations appear throughout

Essentials of Nursing Leadership and Management Diane K. Whitehead,Sally A. Weiss,Ruth M. Tappen,2009-10 Text covering issues and trends in nursing including delegation personal career development time management motivation communication and conflict resolution Provides examples from acute and long term care for nurse managers
