Allert, 2002 This volume deals with revelation truth canon and interpretation as foundational concepts in pre-Nicene Christianity Justin Martyr is used as a case study to develop these concepts within his second century context God and Christ in Irenaeus Anthony Briggman, 2018-12-13 For too long certain scholars have been content to portray Irenaeus of Lyons as a well-meaning churchman but incompetent theologian By offering a careful reading of Irenaeus polemical and constructive arguments God and Christ in Irenaeus contradicts these claims by showing that he was highly educated trained in the rhetorical arts aware of general philosophical positions and able to use both rhetorical and philosophical theories and methods in his argumentation Moreover the theological account laid down by his pen was original and sophisticated supremely so for one of the second century In contrast to readings that minimize the metaphysical dimension of Irenaeus theology Anthony Briggman establishes as pillars of Irenaeus polemical argumentation and constructive theology his conception of the divine being as infinite and simple the reciprocal immanence of the Word Son and God the Father divine generation the union of the divine Word Son and human nature in the person of Christ and the revelatory activity of the infinite and incomprehensible Word Son amongst other features of his theology Briggman offers a fundamentally new understanding of Irenaeus and his thought *Deep Rhetoric* James Crosswhite, 2024-05-31 Rhetoric is the counterpart of logic claimed Aristotle Rhetoric is the first part of logic rightly understood Martin Heidegger concurred Rhetoric is the universal form of human communication opined Hans Georg Gadamer But in *Deep Rhetoric* James Crosswhite offers a

groundbreaking new conception of rhetoric one that builds a definitive case for an understanding of the discipline as a philosophical enterprise beyond basic argumentation and is fully conversant with the advances of the New Rhetoric of Cha m Perelman and Lucie Olbrechts Tyteca Chapter by chapter Deep Rhetoric develops an understanding of rhetoric not only in its philosophical dimension but also as a means of guiding and conducting conflicts achieving justice and understanding the human condition Along the way Crosswhite restores the traditional dignity and importance of the discipline and illuminates the twentieth century resurgence of rhetoric among philosophers as well as the role that rhetoric can play in future discussions of ontology epistemology and ethics At a time when the fields of philosophy and rhetoric have diverged Crosswhite returns them to their common moorings and shows us an invigorating new way forward *History of the Development of the Doctrine of the Person of Christ* Isaak August Dorner,1872 *Word and Language* Roman Jakobson,2010-12-14 No detailed description available for Word and Language *The Ecclesiastical Review* ,1920
