Passion And Politics The Turbulent World Of The Arabs:

Passion and Politics Sandra Mackey,1994 The acclaimed author of *The Saudis* explores the history and culture the issues and personalities behind one of the world's most misunderstood regions Popular history of a high order on a subject of contemporary significance Kirkus Reviews *Mirror of the Arab World: Lebanon in Conflict* Sandra Mackey,2009-03-16

How the recent history of Lebanon provides insight into the many trials currently facing the larger Arab community It is crucial to the interests of the West to grasp the complexities of the Arab world In this clear concise volume Sandra Mackey provides a unique view of this tortured and tortuous region through the lens of Lebanon A small fractured country at the gateway of the Arab east Lebanon signals the challenges that the Arab world poses to itself and to the West As Mackey vividly demonstrates the Lebanese have experienced every issue currently roiling the Middle East borders contrived by others a weak state housing weak institutions a Palestinian presence civil war resistance to societal and political change Sunni Shia sectarianism occupation militant Islam as a political ideology conflict over the common identity essential to turning a fragile state into a viable nation a troubled democratic tradition and war perpetrated by forces inside and outside its borders Lessons learned from these conflicts will ease understanding and resolution elsewhere **The A to Z of the**

Arab-Israeli Conflict P R Kumaraswamy,2009-07-24 For over a century the conflict between the Arabs and Jews has remained the most intractable problem confronting the world Hardly a day passes that the Arab Israeli Conflict is not headlined in the media It has turned the Arabs and Israelis against one another and embittered relations within the two communities while drawing the rest of the world into the circle of disruption The A to Z of the Arab Israeli Conflict provides factual background through an introductory essay a chronology a bibliography and hundreds of cross referenced dictionary entries on the more significant persons places and events including the various wars and negotiations The history religion culture and archeology that this rivalry has sparked between the Arabs and Israelis over the same piece of territory is traced in this book which offers the essential details using neutral terms and thereby allowing readers to draw conclusions for themselves **The Trouble with Islam Today** Irshad Manji,2005-03-16 A Muslim woman takes issue with the

contradictions of mainstream Islam and with such issues as anti-Semitism Islamic imperialism and the attitude toward women and looks at the essential reforms that Islam must undertake The Trouble with Islam Irshad Manji,2007-04-01 I have to be honest with you Islam is on very thin ice with me Through our screaming self pity and our conspicuous silences we Muslims are conspiring against ourselves We're in crisis and we're dragging the rest of the world with us If ever there was a moment for an Islamic reformation it's now For the love of God what are we doing about it In blunt provocative and deeply personal terms Irshad Manji unearths the troubling cornerstones of mainstream Islam today tribal insularity deep seated anti-Semitism and an uncritical acceptance of the Koran as the final and therefore superior manifesto of God In this open letter to Muslims and non Muslims alike Manji asks arresting questions Who is the real colonizer of Muslims America or Arabia Why

are we all being held hostage by what's happening between the Palestinians and the Israelis Why are we squandering the talents of women fully half of God's creation What's our excuse for reading the Koran literally when it's so contradictory and ambiguous Is that a heart attack you're having Make it fast Because if more of us don't speak out against the imperialists within Islam these guys will walk away with the show Manji offers a practical vision of how the United States and its allies can help Muslims undertake a reformation that empowers women promotes respect for religious minorities and fosters a competition of ideas Her vision revives Islam's lost tradition of independent thinking This book will inspire struggling Muslims worldwide to revisit the foundations of their faith It will also compel non-Muslims to start posing the important questions without fear of being deemed racists In more ways than one The Trouble with Islam is a clarion call for a fatwa-free future

Historical Dictionary of the Arab-Israeli Conflict P R Kumaraswamy, 2015-10-08 Competing Jewish and Arab national claims over the Holy Land form the core of the Arab-Israeli conflict thereby transforming it into the most intensely fought struggles in the history of humanity The conflict evokes unparalleled passion and hostility not only among its immediate participants and neighbors but also in the wider international community The involvement of three principal monotheistic religions makes the conflict a truly universal contestation As a result it often contributes to bouts of violence turmoil and terrorism in the Middle East and beyond This second edition of Historical Dictionary of the Arab-Israeli Conflict covers the history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 600 cross-referenced entries important events key personalities official positions of principal states and the UN and other efforts to find a peaceful settlement This book is an excellent access point for students researchers and anyone wanting to know more about this conflict

The Balkanization of the West Stjepan Mestrovic, 2004-08-02 Passionate vigorous and uncompromising this book takes the lid off the confused Western response to the Balkan war The author raises a series of timely and acute questions about the future of postmodernism and postcommunism The author claims that the Balkan war has derailed the movement for unification in Europe The Islamic world has seen that the West is quite willing to bomb Muslim targets from Iraq to Somalia but absolutely unwilling to wage a just war to save the Bosnian Muslims He concludes that the Balkan war is a key catalyst in the unravelling of the West

Passionate Nomad Jane Fletcher Geniesse, 2010-07-21 A New York Times Notable Book Finalist for the PEN Martha Albrand Award for First Nonfiction Highly readable biography The woman who emerges from these pages is a complex figure heroic driven and entirely human Richard Bernstein The New York Times *Passionate Nomad* captures the momentous life and times of Freya Stark with precision compassion and marvelous detail Hailed by The Times of London as the last of the Romantic Travellers upon her death in 1993 Freya Stark combined unflappable bravery formidable charm fearsome intellect and ferocious ambition to become the twentieth century's best known woman traveler Digging beneath the mythology Geniesse uncovers a complex controversial and quixotic woman whose indomitable spirit was forged by contradictions a child of privilege Stark grew up in near poverty

yearning for formal education she was largely self taught longing for love she consistently focused on the wrong men Despite these hardships Stark's astonishing career spanned more than sixty years during which she produced twenty two books that sealed her reputation as a consummate woman of letters This edition includes a new Epilogue by the author that citing newly discovered evidence calls into question the circumstances of Stark's birth and adds new insight into this adventurous and lively personality Praise for *Passionate Nomad* *Passionate Nomad* is a work of nonfiction that reads and sings with the drama and lilt of a fine novel The story of Freya Stark is stunning inspiring sad funny unique and moving Jane Fletcher Geniesse tells it straight but with a care for delicious detail and a sympathy for the characters that make this a truly special book Jim Lehrer *Passionate Nomad* supplies a fascinating individual thread in the tapestry of twentieth century Middle Eastern history Geniesse has achieved in the end an admirable focus at once critical and sympathetic For all Stark's unresolved contradictions her distinction as a latter day woman of letters survives The New York Times Book Review Compulsively readable Geniesse has done a thorough job re creating the life of a woman many consider to be the last of the great romantic travelers The Plain Dealer Cleveland

Syria's Peasantry, the Descendants of Its Lesser Rural Notables, and Their Politics Hanna Batatu, 2012-09-17 In this book the distinguished scholar Hanna Batatu presents a comprehensive analysis of the recent social economic and political evolution of Syria's peasantry the segment of society from which the current holders of political power stem Batatu focuses mainly on the twentieth century and in particular on the Ba th movement the structures of power after the military coup d tat of 1963 and the era of vfiz al Asad Syria's first ruler of peasant extraction Without seeking to prove any single theory about Syrian life he offers a uniquely rich and detailed account of how power was transferred from one demographic group to another and how that power is maintained today Batatu begins by examining social differences among Syria's peasants and the evolution of their mode of life and economic circumstances He then scrutinizes the peasants forms of consciousness organization and behavior in Ottoman and Mandate times and prior to the Ba thists rise to power He explores the rural aspects of Ba thism and shows that it was not a single force but a plurality of interrelated groups prominent among them the descendants of the lesser rural notables with different social goals and mental horizons The book also provides a perceptive account of President Asad his personality and conduct and the characteristics and power structures of his regime Batatu draws throughout on a wide range of socioeconomic and biographical information and on personal interviews with Syrian peasants and political leaders offering invaluable insights into the complexities of a country and a regime that have long been poorly understood by outsiders *Historical Dictionary of Arab and Islamic Organizations* Frank Clements, 2001 Unity is an often heard word in Arab and Islamic circles This historical dictionary seeks to show that along with the underlying sources of unity there are also sources of division in these groups Unlike other volumes in this series this volume focuses not only on the organizations but also on the key countries and figures of the region Includes o An explanatory introduction o List of Acronyms o Chronology o Bibliography
