Presidential Spending Power:

Presidential Spending Power Louis Fisher, 2015-03-08 Each year billions of dollars are diverted by the President and his assistants from the purposes for which Congress intended them Billions more are used in confidential and covert ways without the knowledge of Congress and the public Here is the first account of how this money is actually spent Louis Fisher writes When it comes to the administration of the budget we find nothing that is obvious very little that is visible Our priorities here are peculiar We fix upon the appropriations process watching with great fascination as Congress goes about its business of making funds available to agencies What happens after that point the actual spending of money rarely commands our attention To unravel the mystery Louis Fisher has investigated different forms of discretionary action the transfer of funds that initially financed the Cambodian incursion impoundment during the Nixon administration covert financing the reprogramming of funds and unauthorized commitments He describes each of these devices in operation and provides the historical background of Presidential spending power In conclusion Louis Fisher presents a cogent and timely analysis of what can be done to improve Congressional control Sufficient control he maintains cannot be achieved merely through the appropriations process and he makes important recommendations designed to preserve discretionary authority while improving Congressional supervision Originally published in 1975 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Presidential Power Robert Y. Shapiro, Martha Joynt Kumar, Lawrence R. Jacobs, 2000 A collection of essays that reevaluates Richard Neustadt's place in presidential studies and shows that while Neustadt's classic work remains a beacon for the study of the presidency it no longer offers a reliable roadmap embodying the consensus among contemporary scholars

Presidential Powers Harold J. Krent, 2005-02-01 Framed in Article II of the Constitution presidential powers are dictated today by judicial as well as historical precedent To understand the ways the president wields power as well as how this power is kept in check by other branches of government Harold J. Krent presents three overlapping determinants of the president's role under the Constitution the need for presidential initiative in administering the law and providing foreign policy leadership the importance of maintaining congressional control over policymaking and the imperative to ensure that the president be accountable to the public Krent's examination is sweeping ranging from the president's ability to appoint and remove executive branch officials to the president's role in proposing and implementing treaties and the power to conduct war to the extent the president can refuse to turn over information in response to congressional and judicial requests Finally Krent addresses the history and purposes of presidential pardons By drawing on historic and contemporary presidential actions to

illustrate his points Krent reminds us that the president is both an exalted leader with the regalia of power and an American who is and should be accountable to fellow citizens important considerations as we elect and assess our presidents The Powers of the Presidency, 2013 This is a comprehensive and illustrative work on the historical and contemporary perspective on presidential powers guiding readers through the presidency as a constitutional office with many updated features from the previous edition

Supreme Court Expansion of Presidential Power Louis Fisher, 2017-07-14 In the fourth of the Federalist Papers published in 1787 John Jay warned of absolute monarchs who will often make war when their nations are to get nothing by it More than two centuries later are single executives making unilateral decisions any more trustworthy And have the checks on executive power so critical in the Founders drafting of the Constitution held These are the questions Louis Fisher pursues in this book By examining the executive actions of American presidents particularly after World War II Fisher reveals how the Supreme Court through errors and abdications has expanded presidential power in external affairs beyond constitutional boundaries and damaged the nation's system of checks and balances Supreme Court Expansion of Presidential Power reviews the judicial record from 1789 to the present day to show how the balance of power has shifted over time For nearly a century and a half the Supreme Court did not indicate a preference for which of the two elected branches should dominate in the field of external affairs But from the mid thirties a pattern clearly emerges with the Court regularly supporting independent presidential power in times of emergency or issues linked to national security The damage this has done to democracy and constitutional government is profound Fisher argues His evidence extends beyond external affairs to issues of domestic policy such as impoundment of funds legislative vetoes item veto authority presidential immunity in the Paula Jones case recess appointments and the Obama administration's immigration initiatives Fisher identifies contemporary biases that have led to an increase in presidential power including Supreme Court misconceptions and errors academic failings and mistaken beliefs about inherent powers and unity of office Calling to account the forces tasked with protecting our democracy from the undue exercise of power by any single executive his deeply informed book sounds a compelling alarm

Impoundment of Appropriated Funds by the President United States. Congress. Senate. Government Operations, 1973

The Illusion Of Presidential Government Hugh Heclo, Lester M Salamon, 2019-07-11 Presidential government is an illusion It is an image that misleads presidents no less than the media and the American public Thus begins this realistic look at the presidency in which nine leading presidential scholars examine how and why we are under the illusion of presidential government and ask such questions as What is the president's actual role What has happened to his traditional tools of executive leadership How is the office of the president organized to deal with domestic economic and national security affairs is federal regulation an area of potential power for the president And if presidential government is indeed a myth what can be done to help the presidency play a more effective part in constitutional government Each chapter probes a different facet of the image of presidential government by looking at the major operations of the modern presidency

from struggles with Congress for control of administrative detail to problems of managing the economy and national security. The book closes with the final report of the National Academy of Public Administration's Panel on Presidential Management. Not surprisingly the authors do not always agree nevertheless they are united in the view that the managerial role of the president must be seen as a whole and without illusions.

Presidential War Power Louis Fisher, 1995 Fisher chronicles the expansion of the president's power to make war.

Presidential Pork John Hudak, 2014-02-27 Presidential earmarks. Perhaps even more so than their counterparts in Congress presidents have the motive and the means to politicize spending for political power. But do they? In *Presidential Pork* John Hudak explains and interprets presidential efforts to control federal spending and accumulate electoral rewards from that power. The projects that members of Congress secure for their constituents certainly attract attention. Political pundits still chuckle about the Bridge to Nowhere. But Hudak clearly illustrates that while Congress claims credit for earmarks and pet projects the practice is alive and well in the White House too. More than any representative or senator presidents engage in pork barrel spending in a comprehensive and systematic way to advance their electoral interests. It will come as no surprise that the White House often steers the enormous federal bureaucracy to spend funds in swing states. It is a major advantage that only incumbents enjoy. Hudak reconceptualizes the way in which we view the U.S. presidency and the goals and behaviors of those who hold the nation's highest office. He illustrates that presidents and their White Houses are indeed complicit in distributing presidential pork and how they do it. The result is an illuminating and highly original take on presidential power and public policy.

Expedited Rescission Authority for the President United States. Congress. House. Committee on Government Operations. Legislation and National Security Subcommittee, 1993.

The Impact of the Presidential Signing Statement on the Department of Defense's Implementation of the Fiscal Year 2008 National Defense Authorization Act United States. Congress. House. Committee on Armed Services. Oversight and Investigations Subcommittee, 2008.

The Politics of the Presidency Joseph A. Pika, John Anthony Maltese, Andrew Rudalevige, 2021-11-16. *The Politics of the Presidency* maintains a balance between historical context and contemporary scholarship on the executive branch providing a solid foundation for any presidency course. Get the most up to date coverage and analysis of the 2020 election and the Biden administration in the Revised Tenth Edition of this bestseller.

The Development of the American Presidency Richard J. Ellis, 2022-05-02. A full understanding of the institution of the American presidency requires us to examine how it developed from the founding to the present. This developmental lens analyzing how historical turns have shaped the modern institution allows for a richer more nuanced understanding. *The Development of the American Presidency* pays great attention to that historical weight but is organized by the topics and concepts relevant to political science with the constitutional origins and political development of the presidency its central focus. Through comprehensive and in depth coverage Richard J. Ellis looks at how the presidency has evolved in relation to the public to Congress to the executive branch and to the law showing at every step how different

aspects of the presidency have followed distinct trajectories of change Each chapter promotes active learning beginning with a narrative account of some illustrative puzzle that brings to life a central concept A wealth of photos figures and tables allow for the visual presentations of concepts New to the Fourth Edition Explicit and expanded attention to the role of norms in shaping and constraining presidential power with special focus on Trump s norm breaking and Biden s efforts to shore up norms Enhanced focus on the prospects for institutional reform including in the electoral college presidential relations with Congress war powers and the selection of Supreme Court justices A full reckoning with the Trump presidency and its significance for the future of American democracy presidential rhetoric the unilateral executive and the administrative state Coverage of the first year of Biden s presidency including presidential rhetoric relations with Congress and the bureaucracy use of the war powers and unilateral directives Comprehensive updating of debates about the removal power including the Supreme Court cases of *Seila Law v CFPB* and *Collins v Yellen* In depth exploration of the impact of partisan polarization on the legislative presidency and effective governance Analysis of the 2020 election and its aftermath Expanded discussion of impeachment to incorporate Trump s two impeachments Examination of presidential emergency powers with special attention to Trump s border wall declaration Review of Biden s and Trump s impact on the judiciary Assessment of Biden s and Trump s place in political time *Yale Law Journal: Volume 125, Number 8 - June 2016* Yale Law Journal, 2016-07-20

Reconcilable Differences? John B. Gilmour, 1990-06-06 Gilmour traces the development of the congressional budget process from its origin through the emergence of reconciliation and Gramm Rudman Hollings He shows how changes in process have brought about far reaching shifts in congressional power and explains why they have failed to control the explosion of budget deficits Throughout the last decade budgetary issues have dominated the national political agenda as the deficit has skyrocketed to previously unimaginable levels In this important book John Gilmour traces the continuing quest of Congress over the last fifteen years to reform its budgeting system in the hope of producing better policy He shows that the enactment of the Congressional Budget Act of 1974 and the introduction of the reconciliation procedure in 1980 have produced a budgetary system in which congressional majorities can get what they want provided only that they can agree on a comprehensive budget policy From his thorough analysis Gilmour concludes that while the reforms have not produced balanced budgets they have eliminated procedural obstructions to the adoption of a coherent budget New budget procedures have transformed the way Congress works Before the reforms of 1974 and 1980 Congress had an extremely fragmented disintegrated budgetary system in which the budget emerged almost haphazardly from the independent actions of numerous committees Gilmour shows that reconciliation procedures in the budget process makes total revenue total expenditures and the size of the deficit matters of deliberate choice consolidating decisionmaking to an extent unprecedented in the history of the modern Congress Yet despite the striking structural and procedural changes and despite its highly majoritarian features the budget process has failed to reduce dissatisfaction with congressional handling of money Deficits have been larger not

smaller and overall spending has gone up Gilmour deftly shows that the massive budget deficits of the Reagan years were due primarily to the failure of the House the Senate and the President to agree on how to reduce spending or increase taxes enough to eliminate the deficit Responsibility for budgetary failure he argues must rest with Congress and its inability to reach consensus not on the new budget process which given what we can expect from procedural change has been quite successful

The President, Congress, and the Constitution Christopher H. Pyle, Richard M. Pious, 1984 Examines constitutional principles and their effects

Military Law Review, 1998

War and the Rogue Presidency Ivan Eland, 2018-12-01 In *War and the Rogue Presidency* Ivan Eland shows that almost immediately after the nation's founding starting with the first presidency of George Washington the executive's role in defense and foreign policy began expanding past what the framers of the Constitution had envisioned The Constitution enshrined Congress as the dominant branch of government giving Congress not the President most of the powers in defense and foreign policy This comprehensive book shows how the presidential aggrandizement of greater powers has only been possible because of congressional abdication However this expansion of the executive's role was still relatively contained until the Cold War when undeclared permanent war became ongoing policy and then the post 9 11 war on terror dramatically expanded the President's role Such expansion has had deleterious effects on U S foreign policy abroad as well as a major erosion of the republic its security at home and the liberties of American citizens *War and the Rogue Presidency* is an in depth examination of the history of the congressional executive tug of war over U S security policy and why reclaiming constitutional standards is essential to restore both an effective national defense and civil and economic liberties To get Congress to do that Dr Eland presents ways in which internal congressional incentives could be changed to provide motivation for legislative pushback As a result the book suggests important actions Congress could take for such a pushback along with other reforms that would effectively rein in the rogue presidency

President Obama Louis Fisher, 2018-07-12 On the campaign trail Barack Obama spoke often about his constitutional principles In particular he objected to George W Bush's claim to certain inherent presidential powers that could not be checked by Congress or the judiciary After his inauguration how did President Obama's constitutional principles fare That is the question Louis Fisher explores in this book a disturbing and timely study of the tension between constitutional aspirations and executive actions in the American presidency A constitutional scholar Fisher views Obama's two terms within the context of other presidencies and in light of the principles set forth by the Framers His work reveals how the basic system of checks and balances has been substantially altered by Supreme Court decisions military initiatives and scholarship promoting the power of the president and by presidents progressively more inclined to wield that power In this analysis we see the steps by which Obama himself an expert on the Constitution came to press his agenda more and more aggressively through executive actions on climate change renewable energy the auto industry bail out education initiatives and financial reform Rather than focus on policy Fisher examines the politics and practical concerns

that drive executive overreach as well as the impact of such expanded powers on bipartisan support public understanding and finally the functioning of government A fair but critical assessment of Obama s executive performance and legacy this sobering book documents the erosion of constitutional principles that prepared the way for the presidency of Donald Trump

Applying the War Powers Resolution to the War on Terrorism United States. Congress. Senate. Committee on the Judiciary. Subcommittee on the Constitution, Federalism, and Property Rights, 2003

Presidential Spending Power Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Presidential Spending Power PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Presidential Spending Power PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries,

ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Presidential Spending Power free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Presidential Spending Power Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Presidential Spending Power is one of the best book in our library for free trial. We provide copy of Presidential Spending Power in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Presidential Spending Power. Where to download Presidential Spending Power online for free? Are you looking for Presidential Spending Power PDF? This is definitely going to save you time and cash in something you should think about.
