The Reincarnation of Robert Macready Robert Macready, 1981-01-01 **Hidden Memories** Robert A. Baker, 1996-09 Alien abductions satanic kidnappings the channeling of spirits the recall of past lives and other similar bizarre experiences are reported almost daily in the media Is there a rational explanation for these events According to Robert A Baker such irregular or supernatural experiences are manifestations of hidden memories a phenomenon in which experiences that originally make little conscious impression are filed away in the brain and later are suddenly remembered in an altered form In Hidden Memories the most recent scientific evidence on memory is used to dispel many supernatural beliefs and to show how the boundaries of human behavior are often misperceived by therapists especially those who adhere to fringe beliefs He shows how delusions and illusions affect behavior and discusses the role hypnosis imagination and suggestion play in the creation of other worldly experiences Finally Baker looks at the media's role in aiding and abetting paranormal belief in addition to promoting the growth of superstitions and popular myths The Search for Yesterday D. Scott Rogo, 1985 The amount of evidence in favor of reincarnation is massive apparently overwhelming But is it after all incontrovertible In The Search for Yesterday famed author researcher D Scott Rogo subjects the evidence for rebirth to minute and objective examination And much of it he finds cannot stand up under such scrutiny But what about the remainder those incredible thoroughly documented unimpeachably witnessed cases that seem to defy any normal explanation Surely they establish the reality of reincarnation beyond any reasonable doubt Or do they In this incisive book Rogo offers a whole new theory about the meaning of these cases something akin to but more complex than simple reincarnation Among many other questions that this groundbreaking book examines are What role may inherited or genetic memory play in reincarnation cases How is it possible for two children to recall the same past life How are past life memories related to altered states of consciousness hypnosis and the experience of déjà vu If you are seriously interested in any aspect of the uncanny world of psychic phenomena you will want to read this book for it may well become one of the classics in the field back cover **Occult/paranormal**
