Reinventing yourself Mario Alonso Puig,2020-11-30 At the oracle in Delphos at the entrance to Apollo s temple in ancient Greece there was a stone which had some strange signs written on it It was an invitation to begin one of the most fascinating adventures that a human being can undertake In other words the adventure of self discovery This book is a map which will accompany us on this trip inside ourselves Little by little the secret of how people create the eyes through which we observe and perceive the world will be revealed It is with the same eyes that so often make us focus on our guiltabout the past rather than on future opportunities Reinventing yourself does not mean becoming someone different from how we really are but rather bring our REAL SELF to the surface It is in this new area of possibilities where creativity fl ows along with the wisdom and energy to completely transform our experience bringing with it more calm desire and confi dence into our lives The key lies within ourselves in the exercising of our personal freedom taking choices that slowly but surely lead us to transform our outlook Marcel Proust said that the real act of discovery does not consist in going out to look for a new land but in learning to see the old land with new eyes It is with our new eyes that we will be able to see what before we were blind to It is also these new eyes which will lead us to discover how to reach what before had seemed unattainable
