G. Douglas Atkins

Rejoining The Common Reader Essays 1962 1990:

Rejoining the Common Reader Clara Claiborne Park, 1991 Rejoining the Common Reader is suffused with the impulse that motivates Clara Claiborne Park's distinguished writing and teaching the desire to relate literature to the experience of its readers This humane balanced and entertaining book will appeal to anyone who longs to recapture the pleasure of reading for personal enrichment and to teachers of literature who have grown to resent the intrusiveness of theory and theorizing and wish to reexamine what they are doing to for and with their students Tracing the Essay G. Douglas Atkins, 2010-02-25 The essay as a notably hard form of writing to pin down has inspired some unflattering descriptions It is a greased pig for example or a pair of baggy pants into which nearly anything and everything can fit In Tracing the Essay G Douglas Atkins embraces the very qualities that have moved others to accord the essay second class citizenship in the world of letters Drawing from the work of Montaigne and Bacon and recent practitioners such as E B White and Cynthia Ozick Atkins shows what the essay means and how it comes to mean The essay related to assaying attempting mines experience for meaning which it then carefully weighs It is a via media creature says Atkins born of and embracing tension It exists in places between experience and meaning literature and philosophy self and other process and product form and formlessness Moreover as a literary form the essay is inseparable from a way of life requiring wisdom modesty and honesty The essay was historically notes Atkins the first form to take the experience of the individual and make it the stuff of literature Atkins also considers the essay's basis in Renaissance and Reformation thinking and its participation in voyages of exploration and discovery of that age Its concern is home cosmography to use a term from seventeenth century writer William Habington Responding to influential critiques of the essay's supposed self indulgence lack of irony and absence of form Atkins argues that the essay exhibits a certain sneakiness as it proceeds in through and by means of the small and the mundane toward the spiritual and the revelatory **On the Familiar Essay** G. Atkins, 2009-10-26 Rooted in close reading of texts including the essays of E B White this comprehensive assessment of the oft slighted subform of the literary essay situates the familiar at the heart of the essay as form **Swift's Satires on Modernism: Battlegrounds of Reading and Writing** G. Atkins, 2012-12-17 More than three centuries later Jonathan Swift's writing remains striking and relevant In this engaging study Atkins brings forty plus years of critical experience to bear on some of the greatest satires ever written revealing new contexts for understanding post Reformation reading practices and the development of the modern personal essay *Alexander Pope's Catholic Vision* G. Atkins, 2013-04-26 A fresh look at the greatest poet of early eighteenth century England this highly readable book focuses on Pope's religious thinking and major poems G Douglas Atkins extends the argument that the Roman Catholic poet was no Deist closet or otherwise Theory's Empire Daphne Patai, Wilfrido Howard Corral, 2005 Not too long ago literary theorists were writing about the death of the novel and the death of the author today many are talking about the death of Theory Theory as the many theoretical isms among them postcolonialism postmodernism and New Historicism are

now known once seemed so exciting but has become ossified and insular This iconoclastic collection is an excellent companion to current anthologies of literary theory which have embraced an uncritical stance toward Theory and its practitioners Written by nearly fifty prominent scholars the essays in Theory's Empire question the ideas catchphrases and excesses that have let Theory congeal into a predictable orthodoxy More than just a critique however this collection provides readers with effective tools to redeem the study of literature restore reason to our intellectual life and redefine the role and place of Theory in the academy

Plural Sovereignties and Contemporary Indigenous Literature S.

Christie,2009-04-26 Offering close readings of novels by Sherman Alexie to Leslie Marmon Silko this book documents the reinvention of Anglo European nationality in the interests of sustaining the indigenous traditions that long preceded colonization

T.S. Eliot Materialized: Literal Meaning and Embodied Truth G. Atkins,2012-10-30

By reading T S Eliot literally and laterally and attending to his intra textuality G Douglas Atkins challenges the familiar notion of Eliot as bent on escaping this world for the spiritual This study culminates in the necessary but seemingly impossible union of reading and writing literature and commentary

Zones of Re-membering Don Gifford,2011-03

Don Gifford in Zones of Re membering shows clearly thoughtfully yet entertainingly how no one explanation will account for the depth and complexity of human experience and its grounding in Memory Because consciousness is a function of Memory life without Memory is no life at all as Alzheimer's all too frequently demonstrates Both our individual and collective Memory is stored in the arts he contends which in turn provide a way of knowing and of nourishing Memory and consciousness Memory like language is never really stable or accurate but appears as narrative and these narratives collectively form our entire culture For Gifford the profoundest explorer of the human consciousness time and memory is James Joyce and in its range of reference wit and humanity the spirit of Joyce permeates this book

Cents and Sensibility Gary Saul Morson,Morton

Schapiro,2018-09-25 In Cents and Sensibility an eminent literary critic and a leading economist make the case that the humanities especially the study of literature offer economists ways to make their models more realistic their predictions more accurate and their policies more effective and just Arguing that Adam Smith's heirs include Austen Chekhov and Tolstoy as much as Keynes and Friedman Gary Saul Morson and Morton Schapiro trace the connection between Adam Smith's great classic The Wealth of Nations and his less celebrated book on ethics The Theory of Moral Sentiments The authors contend that a few decades later Jane Austen invented her groundbreaking method of novelistic narration in order to give life to the empathy that Smith believed essential to humanity More than anyone the great writers can offer economists something they need a richer appreciation of behavior ethics culture and narrative Original provocative and inspiring Cents and Sensibility demonstrates the benefits of a dialogue between economics and the humanities and also shows how looking at real world problems can revitalize the study of literature itself Featuring a new preface this book brings economics back to its place in the human conversation
