Koenig, 1995-03-18 This first systematic guide to the latest research about religion and aging focuses on the linkage between religion and health outcomes in people over 55 who will represent one third of America's population by the year 2025 A short introduction points to the rapidly growing literature since 1980 the conclusion offers a brief synthesis of the varied basic and applied studies on the subject and suggests a useful model to consider applying Nearly 300 entries with concise and comprehensive annotations are organized under four main subjects religious beliefs behaviors and experience relationships between religion and health practical applications of research findings and measuring religiosity and spirituality Arranged under numerous additional sub topics and with author and subject indexes the guide is accessible and designed for varied use by students teachers researchers policymakers practitioners and professionals in the fields of sociology and social work psychology and psychiatry and medicine and health Researchers educators and policymakers will find this book invaluable in identifying research and application studies and in evaluating their quality and methodology Arranged under additional subtopics by populations in many situations with varied problems in terms of concerns relating to mental and physical health and with applications in different fields and with author and subject indexes the guide is accessible and designed for varied use by students teachers practitioners and professionals in the fields of sociology and social work psychology and psychiatry and medicine and health **Religion and Aging** Southwestern Baptist Theological Seminary. School of Religious Education, 1988 The Encyclopedia of Aging Linda S. Noelker, PhD, Kenneth Rockwood, MD, FRCPC, Richard L. Sprott, Ph.D., 2006-03-17 A COMPREHENSIVE RESOURCE ON GERONTOLOGY AND GERIATRICS Since its inception in 1987 The Encyclopedia of Aging has proven to be the definitive resource for scholars and students across the burgeoning and increasingly interdisciplinary fields of gerontology and geriatrics Like its three esteemed predecessors the fourth edition contains concise readable explorations of hundreds of terms concepts and issues related to the lives of older adults as well as timely coverage of the many new programs and services for the elderly Updated under the distinguished stewardship of editor in chief Richard Schulz to reflect the infusion of new information across the scientific disciplines this new edition brings readers up to the moment significant advances in biology physiology genetics medicine psychology nursing social services sociology economics technology and political science While retaining the format and standard of excellence that marked the first three editions the fourth edition encompasses a wealth of new information from the social and health sciences It contains the most current bibliography of an expanding literature an exhaustive index and extensive cross references This much anticipated update of the field's most authoritative resource will take its place as an indispensable reference for specialists and non specialists across a broad range of disciplines that now comprise the field of aging SPRINGER SERVING THE HEALTHCARE AND HELPING PROFESSIONS FOR MORE THAN 55 YEARS *Methods in*

Religion, Spirituality & Aging James W. Ellor, 2013-10-18 Since the 1971 White House Conference on Aging in the United States the need to move from religiosity into new areas such as Spiritual Assessment and Spirituality has emerged This movement has picked up momentum among scholars particularly in terms of research in the area of Spirituality While spirituality as a term is employed in many new studies this term continues to defy the quest for a single definition and method This book is divided into three sections In the first the authors reflect on the philosophical and theological issues presented by these terms from a variety of both cognate and practical methodological approaches The second section offers insights from the major professions of sociology psychology public health nursing and social work The final section offers insight and assistance to researchers and authors on specific religious traditions This book will be important for anyone working to develop such practical tools as spiritual assessment forms to those who engage in more formal scholarly investigation

Gerontology in Theological Education Barbara P. Payne, 1989 Gerontology in Theological Education provides a wealth of useful information to those interested in planning the introduction or improvement of gerontological materials in the curriculum of theological schools The need for including aging in the professional education of the clergy is clear yet it is a relatively unmet need In response to this general lack of gerontological training in theological education this landmark volume documents a model project planned and implemented at the Gerontology Center at Georgia State University and provides suggestions for its use elsewhere Administrators and faculty will find here the results of a national study of gerontology in theological education Detailed descriptions of eight innovative programs nationwide and an extensive bibliography will also provide guidance for administrators and faculty interested in locating materials that relate to their gerontological concerns

Aging Harry R. Moody, 2006-01-13 Welcome to the world's most unique and dynamic textbook on aging Widely praised and adopted in previous editions the Fifth Edition of *Aging* once again presents key issues in an engaging and accessible fashion Organized unlike any other traditional textbook author Harry R. Moody presents basic concepts followed by controversies supported by carefully chosen adapted readings The result is the most captivating introduction to gerontology available today

Sexuality and the Elderly Bonnie L. Walker, 1997-05-12 This literature review was undertaken in order to determine what caregivers needed to know about elderly sexuality to determine the needs of elderly people related to their sexuality and to determine how caregivers could best assist them in meeting those needs In selecting materials to be annotated for this book the first priority was given to empirical studies Also included were articles by prominent practitioners and researchers interested in elderly sexuality literature reviews and books written for the lay population which are often cited in the professional literature In addition to seeking knowledge about elderly sexuality and understanding attitudes about sexuality this literature review sought information about measurement issues and measurement instruments frequently used in research within elderly populations Also of interest were investigations of educational and training programs involving caregivers

Transforming Chaplaincy Steve Nolan, Annelieke

Damen, 2021-10-28 Evidence based medicine has transformed contemporary medical practice For over twenty five years George Fitchett has been a pioneering advocate of the view that evidence based spiritual care can and should equally transform chaplaincy This book collects a key selection from his ground breaking research As models of good research practice these papers demonstrate the real world value of research and introduce their readers to issues that have continuing importance to spiritual care and professional chaplaincy As such this collection offers an ideal introduction to spiritual care research The collection is complemented by three essays specially commissioned from observers well positioned to comment on future directions for both professional chaplaincy and spiritual care research
