Religion And The Culture Wars Dispatches From The Front:

Religion and the Culture Wars John Clifford Green,1996-09-05 As the 20th Century draws to a close cultural conflict plays an increasingly dominant role in American politics with religion acting as a catalyst in the often bitter confrontations ranging from abortion to public education These insightful essays by leading scholars in the field examine the role of religion in these culture wars and present a mixed assessment of the scope and divisiveness of such conflicts **Culture Wars and Local Politics** Elaine B. Sharp,1999 This collection offers alternative explanations of local actions with a focus on conflict It features examples of experiences selected from various cities It examines how the responses of local governments to specific issues are influenced by such factors as political culture and institutions Religion, Politics, and American Identity David S. Gutterman,Andrew R. Murphy,2008-03-01 Scholarship on the role of religion in American public life has taken on a new urgency in the increasingly contentious wake of the attacks of September 11 2001 This volume brings together an impressive group of scholars to build on past work and broaden the scope of this crucial inquiry in two respects by exploring aspects of the religion politics nexus in the United States that have been neglected in the past and by examining traditional questions concerning the religious tincture of American political discourse in provocative new ways Essays include examinations of religious rhetoric in American political and cultural discourse after September 11th the impact of religious ideas on environmental ethics religion and American law beyond the First Amendment religious responses to questions of gay and lesbian rights the Church of Jesus Christ of Latter Day Saints and issues of free speech and public space in Utah and the role of religious institutions and ideas on the political priorities of African American and Latino communities In addition Religion Politics and American Identity includes introductory and concluding essays by leading scholars in the field of religion and politics that assess present and future directions for study The Oxford Handbook of American Public Opinion and the Media Robert Y. Shapiro,Lawrence R. Jacobs,2013-05-23 With engaging new contributions from the major figures in the fields of the media and public opinion The Oxford Handbook of American Public Opinion and the Media is a key point of reference for anyone working in American politics today **The Evangelicals** Frances FitzGerald,2017-04-04 Initially a populist rebellion against the established Protestant churches evangelicalism became the dominant religious force in the country before the Civil War but the northerners and southerners split over the issue of slavery After the Civil War the northern evangelicals split eventually causing a conflict between fundamentalists and modernists Only after the Second World War would conservative evangelicalism gain momentum thanks in large part to Billy Graham s countrywide revivals FitzGerald shows how the conflict between religious conservatives and others led to national culture wars and a Southern Republican stronghold and how a new generation of evangelicals is challenging the Christian right by preaching social justice and the common good FitzGerald suggests that because evangelicals are splintering America the most religious of developed nations will eventually look more like secular Europe **How the Tea Party Captured the GOP** Rachel M.

Blum,2020-09-30 This incisive and timely study of American party politics reveals how a fringe group within the Republican party came to wield outsized power The rise of the Tea Party redefined both the Republican Party and how we think about intraparty conflict What initially appeared to be an anti Obama protest movement of fiscal conservatives matured into a faction that sought to increase its influence in the Republican Party by any means necessary Tea Partiers captured the party's organizational machinery and used it to replace established politicians with Tea Party style Republicans eventually laying the groundwork for the nomination and election of a candidate like Donald Trump In *How the Tea Party Captured the GOP* Rachel Marie Blum offers a novel theory of political party factions framing them as miniature parties within parties Using this framework she demonstrates how fringe groups can leverage factions to increase their political influence in the American two party system In this richly researched book Blum uncovers how the electoral losses of 2008 sparked disgruntled Republicans to form the Tea Party faction and the strategies the Tea Party used to wage a systematic takeover of the Republican Party This book not only illuminates how the Tea Party achieved its influence but also provides a blueprint for identifying other factional insurgencies

Evangelicals and the Continental Divide Samuel Harold Reimer,2003 In *Evangelicals and the Continental Divide* Sam Reimer finds surprising levels of uniformity among evangelicals on both sides of the border He shows that both American and Canadian evangelicals share highly similar religious identities central beliefs moral and subcultural boundaries and social attitudes Reimer found that American evangelicals did not distinguish themselves through greater conservatism or greater commitment but did connect politics and faith to a much greater extent than their Canadian counterparts while evangelicals in Canada evinced greater tolerance He argues that these differences point to an enduring importance of national historical and cultural differences whereas regional differences are not as significant Using data obtained from 118 in depth interviews with evangelicals in both countries as well as a representative poll of 3 000 Canadians and 3 000 Americans Reimer details the inner workings of the evangelical subculture and gives us an understanding of evangelical similarities and differences across the two nations

Evangelicals and Immigration Ruth M. Melkonian-Hoover,Lyman A. Kellstedt,2018-10-31 The topic of immigration is at the center of contemporary politics and from a scholarly perspective existing studies have documented that attitudes towards immigration have brought about changes in both partisanship and voting behavior However many scholars have missed or misconstrued the role of religion in this transformation particularly evangelical Protestant Christianity This book examines the historical and contemporary relationships between religion and immigration politics with a particularly in depth analysis of the fault lines within evangelicalism divisions not only between whites and non whites but also the increasingly consequential disconnect between elites and laity within white evangelicalism The book's empirical analysis relies on original interviews with Christian leaders data from original church surveys conducted by the authors and secondary analysis of several national public opinion surveys It concludes with suggestions for bridging the elite laity and racial divides Ruth M Melkonian Hoover Ph D Emory University

is Chair and Professor of Political Science at Gordon College Massachusetts She has contributed chapters to *Faith in a Pluralist Age* 2018 and *Is the Good Book Good Enough* 2011 She has published in a wide range of journals including *Social Science Quarterly* *The Review of Faith International Affairs* *Latin American Perspectives* *Political Research Quarterly* *Comment* and *Capital Commentary* Lyman A Kellstedt Ph D University of Illinois is Professor of Political Science emeritus at Wheaton College Illinois He has authored or coauthored numerous articles book chapters and books in religion and politics including *Religion and the Culture Wars* 1996 *The Bully Pulpit* 1997 and *The Oxford Handbook of Religion and American Politics* 2009

Cultural Wars in American Politics Rhys H. Williams, That contemporary American politics is divided into two differing ideological moral and lifestyle groups a divide so severe as to constitute a cultural war is a widely held popular belief The most systematic academic version of the culture wars claim has appeared in two influential books by sociologist James Davison Hunter the earlier dating from 1991 Hunter s formulation of the myth serves the contributors to this volume as a point of departure They add more measured analyses to the rhetorical overstatement in Hunter s claim assessing its accuracy with a broad range of evidence based on individual attitudes subcultural values political party dynamics and culture wide ideological currents On every level of analysis the contributors find that Hunter s bipolar axis obscures the variety of ways in which culture actually functions in current politics That variety receives the nuanced treatment it deserves in this collection Examining the full range of sources of cultural politics and offering competing models for understanding the current ideological landscape this volume will be useful in a variety of classroom and seminar settings from political sociology and social movements to contemporary American culture and the sociology of religion

Politics and Religion in the United States Michael Corbett, Julia Corbett-Hemeyer, J. Matthew Wilson, 2014-04-11 There is a complex relationship between religiosity and secularism in the American experience America is notable both for its strict institutional separation of church and state and for the strong role that religion has played in its major social movements and ongoing political life This book seeks to illuminate for readers the dynamics underlying this seeming paradox and to examine how the various religious groups in America have approached and continue to approach the tensions between sacred and secular This much anticipated revision brings Corbett and Corbett s classic text fully up to date The second edition continues with a thorough discussion of historical origins of religion in political life constitutional matters public opinion and the most relevant groups all while taking theology seriously Revisions include fully updating all the public opinion data fuller incorporation of voting behavior among different religious and demographic groups enhanced discussion of minority religions such as Mormonism and Islam and new examples throughout

The Politics of Cultural Differences David C. Leege, Kenneth D. Wald, Brian S. Krueger, Paul D. Mueller, 2009-01-10 How did Republicans manage to hold the White House through much of the past half century even as the Democratic Party held the hearts of most American voters The authors of this groundbreaking study argue that they did so by doing what Democrats have also excelled at triggering psychological mechanisms that deepen

cultural divisions in the other party's coalition thereby leading many of its voters either to choose the opposing ticket or to stay home. The Politics of Cultural Differences is the first book to develop and carefully test a general theory of cultural politics in the United States, one that offers a compelling new perspective on America's changing political order and political conflict in the post New Deal period. 1960-1996 David L. Leege, Kenneth Wald, Brian Krueger, and Paul Mueller move beyond existing scholarship by formulating a theory of campaign strategies that emphasizes cultural conflict regarding patriotism, race, gender, and religion. Drawing on National Election Studies data, they find that Republican politicians deployed powerful symbols, e.g., tax and spend liberals, to channel targeted voters toward the minority party. And as partisanship approached parity in the 1990s, Democratic leaders proved as adept at deploying their own symbols, such as a woman's right to choose, to disassemble the Republican coalition. A blend of sophisticated theory and advanced empirical tools, this book lays bare the cultural dimensions of American political life.

Trump, White Evangelical Christians, and American Politics Anand Edward Sokhey, Paul A. Djupe, 2024-03-05 In *Trump, White Evangelical Christians, and American Politics*, political scientists Anand Edward Sokhey and Paul A. Djupe bring together a wide range of scholars and writers to examine the relationship between former President Donald Trump and white American evangelical Christians. They argue that while this relationship, which saw evangelicals supporting a famously unfaithful, materialistic, and irreligious candidate despite self-defining in opposition to these characteristics, prompted many to wonder if Trump himself transformed American evangelical religion in politics, this alliance reflected both change and the outcome of dynamics that were in place or building for decades. Contributors contextualize the Trump presidency within the story of religious demographic change, the growth of politicized religion, nationalistic religious expression, and the ways religion and politics in the United States are enmeshed in the politics of race. These investigations find that the idea of religious transformation is not accurate. Instead, the years 2015 to 2022 saw mainly minor changes to the ways religion appeared in public life, but these changes ultimately complemented and advanced an existing white evangelical strategy to increase political and social power as they became a demographic minority in the United States. Taken together, this collection reveals new insights for readers seeking to understand the religious dimensions of Trump's rise, the reasons evangelicals became political activists, and the multifaceted alliances between secular politicians and conservative religious subcultures. Contributors: Abraham Barranca, Ruth Braunstein, Ryan P. Burge, David E. Campbell, Jeremiah J. Castle, Paul A. Djupe, John C. Green, Sarah Heise, Geoffrey C. Layman, Andrew R. Lewis, Gerardo Mart, Eric L. McDaniel, Napp Nazworth, Shayla F. Olson, Enrique Quezada Llanes, Kaylynn Sims, Anand Edward Sokhey, Hilde L. Vdal, Stephens Kyla K. Stepp, Allan Tellis.

[Faith in the Halls of Power](#) D. Michael Lindsay, 2008-10-29 Evangelicals, once at the periphery of American life, now wield power in the White House and on Wall Street, at Harvard and in Hollywood. How have they reached the pinnacles of power in such a short time? And what does this mean for evangelicals and for America? Drawing on personal interviews with an astonishing array of prominent Americans, including two former Presidents, dozens of political and

government leaders more than 100 top business executives plus Hollywood moguls intellectuals athletes and other powerful figures D Michael Lindsay shows first hand how they are bringing their vision of moral leadership into the public square This riveting volume tells us who the real evangelical power brokers are how they rose to prominence and what they re doing with their clout Lindsay reveals that evangelicals are now at home in the executive suite and on the studio lot and from those lofty perches they have used their influence money and ideas to build up the evangelical movement and introduce it to wider American society They are leaders of powerful institutions and their goals are ambitious to bring Christian principles to bear on virtually every aspect of American life Along the way the book is packed with fascinating stories and striking insights Lindsay shows how evangelicals became a force in American foreign policy how Fortune 500 companies are becoming faith friendly and how the new generation of the faithful is led by cosmopolitan evangelicals These are well educated men and women who read both The New York Times and Christianity Today and who are wary of the evangelical masses penchant for polarizing rhetoric apocalyptic pot boilers and bad Christian rock Perhaps most startling is the importance of personal relationships between leaders a quiet conversation after Bible study can have more impact than thousands of people marching in the streets Faith in the Halls of Power takes us inside the rarified world of the evangelical elite beyond the hysterical panic and chest thumping pride to give us the real story behind the evangelical ascendancy in America This important work should be required reading for anyone who wants to opine publicly on what American evangelicals are really up to Publishers Weekly Starred Review For people wanting an understanding of how evangelicals have acquired so much power money and influence in the past 30 years this is the ultimate insider s book Sojourners Magazine Anybody who wants to understand the nexus between God and power in modern America should start here The Economist Fascinating John Schmalzbauer Wall Street Journal

The Age of Evangelicalism Steven P. Miller, 2014-04-10 At the start of the twenty first century America was awash in a sea of evangelical talk The Purpose Driven Life Joel Osteen The Left Behind novels George W Bush Evangelicalism had become so powerful and pervasive that political scientist Alan Wolfe wrote of a sense in which we are all evangelicals now Steven P Miller offers a dramatically different perspective the Bush years he argues did not mark the pinnacle of evangelical influence but rather the beginning of its decline The Age of Evangelicalism chronicles the place and meaning of evangelical Christianity in America since 1970 a period Miller defines as America s born again years This was a time of evangelical scares born again spectacles and battles over faith in the public square From the Jesus chic of the 1970s to the satanism panic of the 1980s the culture wars of the 1990s and the faith based vogue of the early 2000s evangelicalism expanded beyond churches and entered the mainstream in ways both subtly and obviously influential Born again Christianity permeated nearly every area of American life It was broad enough to encompass Hal Lindsey s doomsday prophecies and Marabel Morgan s sex advice Jerry Falwell and Jimmy Carter It made an unlikely convert of Bob Dylan and an unlikely president of a divorced Hollywood actor As Miller shows evangelicalism influenced not only its

devotees but its many detractors religious conservatives secular liberals and just about everyone in between The Age of Evangelicalism contained multitudes it was the age of Christian hippies and the silent majority of Footloose and The Passion of the Christ of Tammy Faye Bakker the disgraced televangelist and Tammy Faye Messner the gay icon Barack Obama was as much a part of it as Billy Graham The Age of Evangelicalism tells the captivating story of how born again Christianity shaped the cultural and political climate in which millions of Americans came to terms with their times The Nature of the Religious Right Neall W. Pogue,2022-04-15 In The Nature of the Religious Right Neall W Pogue examines how white conservative evangelical Christians became a political force known for hostility toward environmental legislation Before the 1990s this group used ideas of nature to help construct the religious right movement while developing theologically based eco friendly philosophies that can be described as Christian environmental stewardship On the twentieth anniversary of Earth Day in 1990 members of this conservative evangelical community tried to turn their eco friendly philosophies into action Yet this attempt was overwhelmed by a growing number in the leadership who made anti environmentalism the accepted position through public ridicule conspiracy theories and cherry picked science Through analysis of rhetoric political expediency and theological imperatives The Nature of the Religious Right explains how ideas of nature played a role in constructing the conservative evangelical political movement why Christian environmental stewardship was supported by members of the community for so long and why they turned against it so decidedly beginning in the 1990s **Millennial Dreams and Apocalyptic Nightmares** Angela M. Lahr,2007-10-31 The Religious Right came to prominence in the early 1980s but it was born during the early Cold War Evangelical leaders like Billy Graham driven by a fierce opposition to communism led evangelicals out of the political wilderness they inhabited since the Scopes trial and into a much more active engagement with the important issues of the day How did the conservative evangelical culture move into the political mainstream Angela Lahr seeks to answer this important question She shows how evangelicals who had felt marginalized by American culture drew upon their eschatological belief in the Second Coming of Christ and a subsequent glorious millennium to find common cause with more mainstream Americans who also feared a soon coming end albeit from nuclear war In the early postwar climate of nuclear fear and anticommunism the apocalyptic eschatology of premillennial dispensationalism embraced by many evangelicals meshed very well with the secular apocalyptic mood of a society equally terrified of the Bomb and of communism She argues that the development of the bomb the creation of the state of Israel and the Cuban Missile Crisis combined with evangelical end times theology to shape conservative evangelical political identity and to influence secular views Millennial beliefs influenced evangelical interpretation of these events repeatedly energized evangelical efforts and helped evangelicals view themselves and be viewed by others as a vital and legitimate segment of American culture even when it raised its voice in sharp criticism of aspects of that culture Conservative Protestants were able to take advantage of this situation to carve out a new space for their subculture within the national arena The greater

legitimacy that evangelicals gained in the early Cold War provided the foundation of a power base in the national political culture that the religious right would draw on in the late seventies and early eighties The result she demonstrates was the alliance of religious and political conservatives that holds power today **Rethinking Church, State, and Modernity** David Lyon, Marguerite Van Die, 2000-01-01 The contributors consider how Canada's religious experience is distinctive in the modern world somewhere between the largely secularized Europe and the relatively religious United States **Religion and the Social Sciences** Jeff Levin, 2018-08-13 In recent years researchers across the social sciences have made important contributions to the study of religion Thanks to their inquiry we have greatly improved our understanding of how religion influences the vital dimensions of our lives communities and institutions To give this research the attention it deserves editor Jeff Levin assembled a panel of preeminent social scientists and gave them a single directive write the ultimate statement on religion from within their respective social science discipline or field The result is this single volume state of the science compendium a first of its kind for the study of religion Composed of ten essays this book details the study of religion within nine basic and applied areas of social science Along with a critical introduction to this subject these essays include the expert contributions of Kenneth I Pargament Julie J Exline on psychology Anthony Gill on political science Charles M North on economics Barry Hankins on history Annette Mahoney on family studies Byron R Johnson on criminology Linda K George on gerontology William H Jeynes on education Jeff Levin on epidemiology Each essay features An introduction to the history of the discipline's or field's religious research as well as its most important people and published works A comprehensive overview of key research findings and theories A detailed research agenda to guide future scholars An annotated bibliography of seminal works for the reader's further consideration Broad in scope and essential in focus Religion and the Social Sciences is a significant addition to the field It will prove indispensable to both new and established scholars looking for a comprehensive treatment of the subject and seeking promising avenues to pursue in their own research *The Everyday Crusade* Eric L. McDaniel, Irfan Nooruddin, Allyson F. Shortle, 2022-05-12 What is causing the American public to move more openly into alt right terrain What explains the uptick in anti immigrant hysteria isolationism and an increasing willingness to support alternatives to democratic governance The Everyday Crusade provides an answer The book points to American Religious Exceptionalism ARE a widely held religious nationalist ideology steeped in myth about the nation's original purpose The book opens with a comprehensive synthesis of research on nationalism and religion in American public opinion Making use of survey data spanning three different presidential administrations it then develops a new theory of why Americans form extremist attitudes based on religious exceptionalism myths The book closes with an examination of what's next for an American public that confronts new global issues alongside existing challenges to perceived cultural authority Timely and enlightening The Everyday Crusade offers a critical touchstone for better understanding American national identity and the exclusionary ideologies that have plagued the nation since its inception Spirit and Power Donald E.

Miller,Kimon H. Sargeant,Richard Flory,2013-08-15 An exploration of the global growth and social and political impact of Pentecostalism

Religion And The Culture Wars Dispatches From The Front Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information.

No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Religion And The Culture Wars Dispatches From The Front PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Religion And The Culture Wars Dispatches From The Front PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Religion And The Culture Wars Dispatches From The Front free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your

fingertips.

FAQs About Religion And The Culture Wars Dispatches From The Front Books

1. Where can I buy Religion And The Culture Wars Dispatches From The Front books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
