Religious Right The Abault On Tolerance And Pluralism In America:

American Jewish Year Book, 1996. ,1995 The Library owns the volumes of the American Jewish Yearbook from 1899 current

Pernicious Tolerance Robert Weissberg,2017-07-05 Recent decades have seen a consistent effort by the American educational establishment to instruct schoolchildren about the importance of appreciating differences all in the name of tolerance so as to quell burgeoning hate In *Pernicious Tolerance* Robert Weissberg argues that educators endless obsession with homophobia sexism racism and other alleged hateful disorders is part of a much larger ongoing radical ideological quest to transform America by first capturing education In pursuing their objectives radical pedagogues have abandoned the idea of tolerance of what some find objectionable In its place they have adopted a fantasy that tolerance can be replaced with a blank check appreciation of diversity Weissberg argues that this approach is guaranteed to promote civil strife In rejecting a more workable version of tolerance today s professional educators risk civic disaster in an effort to achieve legitimacy for those they believe are unfairly marginalized stigmatized underappreciated and otherwise disdained Weissberg also addresses the issue of an ever expanding welfare state not only concerned with our material being but critically also with our mental health defined as beliefs about the vulnerable or victims in waiting women ethnic and racial minorities homosexuals and others He shows that this therapeutic state does not stop at imploring good thinking it goes much further and criminalizes evil thoughts as if thinking poorly of those at risk is tantamount to inflicting bodily harm There is substantial collateral damage in this quest for tolerance it facilitates intellectual sloth while raising anti intellectualism to an honored professional norm

Faith Or Fear Elliott Abrams,1997 The author addresses the loss of Jewish identity in a Christian Society and calls for Jews to return to their heritage

Standing with Israel David Brog,2006 Disc contains a 27 minute version and Trailer Obsession is a film about the threat of Radical Islam to Western Civilizations

The Antigay Agenda Didi Herman,2007-12-01 In *The Antigay Agenda* Didi Herman probes the values beliefs and rhetoric of the organizations of the Christian Right Tracing the emergence of their antigay agenda Herman explores how and why these groups made antigay activity a top priority and how it relates to their political history A penetrating analysis of the Christian Right s antigay agenda and of how that agenda is derived from the Christian Right s peculiar vision of American history and the Christian faith

Rev Peter J Gomes Boston Book Review Public intellectualism at its best A comprehensive summary of the conservative Protestant worldview

Michael Joseph Gross Boston Phoenix Literary Section Presents considerable information not previously part of the nation s political discourse Herman dissects the Christian Right s antigay stance dispassionately giving as it were the devil his due For anyone on either side of this passionate and important conflict that is an impressive accomplishment

Hastings Wyman Jr Washington Post Book World

Commentary in American Life Murray Friedman,2005 Commentary magazine s impact on American life letters and politics

American Providence Stephen H. Webb,2004-10-22 The relationship between America and Christianity has never been so hotly contested as it is today

September 11 2001 and the war on terror have had an almost schismatic impact on the Church American Christians have been forced to ask the really hard questions about faith and politics While some Christians would rather not ask these questions at all they are unavoidable for a religion that seeks to speak to the whole world with the expectation of nothing less than global transformation Like it or not Christians have to take a stand on the issue of America s alleged imperialism not only because America is largely a product of the Christian imagination but also because the converse is true the growth of Christianity worldwide is largely shaped by American values and ideals American Providence makes the case that American Christianity is not an oxymoron It also makes the case for a robust doctrine of providence a doctrine that has been frequently neglected by American theologians due to their reluctance to claim any special status for the United States Webb goes right to the heart of this reluctance by defending the idea that American foreign policy should be seen as a vehicle of God s design for history

Christian Attitudes Towards the State of Israel Paul Charles Merkley,2001 During the 1947 United Nations debate on the future of Palestine world opinion was powerfully affected by news of the Holocaust and the plight of Jewish refugees creating a momentary humanitarian advantage that helped mobilize support for the creation of the state of Israel However almost as soon as it became clear that the Jews had won their war for independence anti Zionists within Christianity reasserted themselves A pro Arab bloc of Western missionaries at the World Council of Churches echoed the anti Zionism that has always characterized those churches which today constitute the Middle East Council of Churches while the Roman Catholic Church never friendly to Zionism advocated the internationalization of Jerusalem to diminish the Jewish presence in the heart of the Holy Land Mainstream Protestantism championed Palestinian nationalism and still does not hesitate to portray Israel as an oppressor but most evangelical Christians see Israel s restoration as a part of God s plan In Christian Attitudes towards the State of Israel Paul Merkley demonstrates that polarized opinion continues to affect how Israel is perceived today

Cooperative Argumentation Josina M. Makau,Debian L. Marty,2001-01-19 As the globe shrinks it is more important than ever to search for and discover ways for diverse groups to coexist peacefully This salient well researched text offers a practical guide for understanding and learning the skills and knowledge needed to participate effectively in cooperative argumentationa model for deliberative community Developing the capacity to engage meaningfully and successfully in cooperative argumentation across differences prepares individuals for ethical and effective deliberation in diverse twenty first century contexts The authors use a wide variety of examples to illustrate concrete proposals for cultivating moral abilities cognitive skills and communicative virtues

Paper Trail Ellen Goodman,2004 This rich collection of essays by the Pulitzer Prize winning columnist and New York Times bestselling author charts the seminal events issues and personalities that have shaped Americans lives over the past decade

For Crying Out Loud Diane Dujon,Ann Withorn,1996 Brings together the words of welfare mothers activists and advocates as well as scholars in a poignant and

powerful challenge to the impoverishment of women
