Religious Sociology Interfaces And Boundaries Contributions In Sociology:

Religious Sociology William H. Swatos Jr.,1987-06-18 This collection of seventeen essays presents an interactive discussion of critical issues in sociology and religion Combining reports from empirical research with discussions of theoretical issues personal reflections and applied perspectives the book offers a thorough examination of the sociology religion interface The collection brings together experience and analysis in the best sociological tradition while taking a fundamental non reductionist approach toward religious perspectives **Elenchus of Biblica** ,1992 Bibliographie Internationale de Sociologie 1987 British Library of Political and Economic Science,1991 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge on the social sciences Multiculturalism and Intergroup Relations James Frideres,James S. Frideres,1989-01-12 Written by some of the most distinguished scholars in the field of ethnic relations this volume examines the role of ethnicity in modern day society and the impact of government policy on ethnic relations International in scope the essays look at a number of different but interrelated issues aging identity minority groups and others examining each from a multidisciplinary perspective Coverage ranges from the problems of Asian Americans to integration issues in Israel and the relationship between ethnic diversity and patterns of retirement The contributions include both theoretical and empirical works The first section of the study presents the primary issues and central concepts involved in the study of multiculturalism in modern day societies Specific chapters address such issues as the vesting of ethnic interests in state institutions state policies toward subordinate ethnics and government efforts to address multiculturalism Particularly valuable is a retrospective analysis of Canada s Bilingual and Bicultural Report The next section contains detailed case studies which identify specific ethnic groups and analyze their current societal roles In the final chapters the contributors present two projections of what ethnic relations will be like in the twenty first century as North America becomes more multi ethnic and multilingual Taken together the essays offer an illuminating overview of the nature of multiculturalism in widely diverse societies **Books in Print** ,1977 **Emile Durkheim** Robert T. Hall,1987-11-13 This work examines Durkheim s concern with the sociology of morals and demonstrates the importance of this orientation of his social theory which until now has been vastly underrated In addition it emphasizes the problematic relationship between sociology and philosophical ethics which served as a motivating force in Durkheim s thought Bibliographic Index ,1988

American Ritual Dramas Mary Jo Deegan,1989-01-20 Deegan attempts a most unlikely synthesis of the cynical theories of Erving Goffman and the community affirming views of Victor Turner Moreover in testing the result in the context of modern American rituals Deegan adds a good measure of Marxist oriented feminism to provide strong structural connections and depth to the analysis The end result of this difficult and rough edged synthesis is not without flaws but it represents a highly creative provocative promising and critical approach to modern American culture All of this makes for fascinating

reading and is quite certain to hold the attention of professional sociologists and their students at all levels Choice In a landmark contribution to the sociological literature Mary Jo Deegan examines the underlying social patterns that generate American rituals The first book to employ dramaturgical theory to analyze popular rituals such as football games and the singles bar scene American Ritual Dramas draws upon the pioneering work of Erving Goffman Victor Turner and T R Young to construct a critical framework for examining the social structure of everyday life and its relation to times of celebration or fun The result is a new and important clarification of two aspects of ritual life in America the long term patterns unique to our worldview and material life and the rapid innovation of new rituals that impel modern life In developing her arguments Deegan looks at two major types of ritual participatory rituals and media constructed rituals Through the use of the dramatic metaphor she looks at the roles we play the language we use and the rules we follow in diverse ritual settings ranging from household auctions to the Star Trek television series and the written adventures of The Wizard of Oz Extending the work of earlier theorists Deegan looks for the first time in this context at the issues of sex and class and their relation to bureaucracy and modern uses of time Her critical inquiry reveals that these familiar social rituals and others like them are paradoxically liberating and restricting at the same time The solution lies Deegan concludes in fostering alternative ritual behavior patterns that liberate all members of the community in the democratic experience of playfulness *Subject Guide to Books in Print*, 1993

The Concept of Social Structure. Douglas Porpora, 1987-10-16 Porpora is concerned with the concept of social structure and with the relationship between social structure and the individual He focuses on two different conceptions of social structure the Durkheimian conception which is the dominant way in which social structure is conceptualized by sociologists and an alternative conception based on a reading of Marx The author discusses in depth the various aspects of these two divergent theories and shows how the Marxian conception of social structure underlies even the newer structural analyses of racism sexism and power that go beyond Marxian theory He offers a sustained critique of Structural Sociology's theoretical elimination of the individual actor which results in a corresponding elimination of any form of agency from the explanation of social structural processes

The Organization-Society Nexus Ronald G. Corwin, 1987 This definitive study concentrates on one fundamental aspect of complex organizations the organization environment relationship Numerous theoretical frameworks are described and evaluated which are directly or indirectly relevant to this focus and included are several chapters that deal with various aspects of this complex relationship *Sociological Abstracts*, 1994

The Development of a Postmodern Self Michael R. Wood, Louis A. Zurcher, 1988-03-11 Wood and Zurcher suggest that the social self its experience and organization reflects the great transformation of society from industrial to postindustrial Wood and Zurcher have contributed to our social psychological understanding of self development in several ways They pack information about theories of modern self hood into a well researched and accessible book Readers will find a resource on theories of the postmodern self here The authors also introduce a creative use of computerized content analysis which they

successfully demonstrate by transforming personal documents into social scientific data Contemporary Sociology According to various observers the postmodern self represents changes in contemporary culture from rationality and unemotional performance to irrationality and mysticism from institutional standards and duty to society to individual standards and duty to self from structure and stability to transience and experimentation Through an analysis of diaries from nineteenth and twentieth century Americans this study deals with the nature of the postmodern self It provides a framework for understanding the ideas that collectively comprise postmodern self theory and presents empirical data concerning its historical validity The book reflects the use of a computer approach in which the statistical incidence of particular words is examined over time

The Cumulative Book Index, 1995 A world list of books in the English language

The Mythmakers Raj P. Mohan, 1987-10-20 This unique collection brings together various scholars of sociology and political science to explore the status and activities of the intellectuals and the intelligentsia past present and future The intellectuals and intelligentsia perform a social role as well as a mental function and are products of their age and country Their role in various parts of the globe and in different historical periods is compared and contrasted Long range historical perspective is provided by an essay on the sociology of intellectual creativity in the axial period of human history In addition the role of the intellectual and intelligentsia and its implications for the future development of Third World nations is considered

Housing and Neighborhoods Willem Van Vliet, 1987-12-04 This book is a selection of edited papers most of which were initially presented at an international conference held under the auspices of the Ad Hoc Committee on Housing and the Built Environment of the International Sociological Association It represents a relevant sample of the literature on recent developments in and current research on housing and neighborhoods It focuses attention on the nature of housing and urban research at present and gives a sense of the directions in which the field is evolving

The End of Conversation Franco Ferrarotti, 1988-05-06 Franco Ferrarotti here offers a provocative look at the future of a world dominated by mass media particularly television He argues eloquently that the art of story telling the traditions of oral history the simple pleasures of individual conversation are being lost precisely because they embody qualities antithetical to the technological imperatives of mass society qualities such as time to develop a thought a thirst for details patience and a delight in the unexpected He asserts that the mental habits prevailing in an age that places undue value on instantaneous images are incompatible with extended face to face dialogue

Bureaucracy Against Democracy and Socialism Ronald Glassman, William H. Swatos Jr., Paul Rosen, 1987-09-18 This collection of essays represents a comprehensive socio political analysis of public and private bureaucracy emphasizing its dangerous ramifications for democracy and individualism The contributors analyze a variety of bureaucratic systems providing a combination of theory case studies and proposed solutions in an effort to enable the reader to confront the real problems of bureaucracy Emphasis is on programs and principles directed to the maintenance of democracy and freedom within the limits and conditions of modernity Bureaucracy Against Democracy and Socialism offers

valuable implications for anyone interested in organizational theory and behavior The Handbook of Religion and Communication Yoel Cohen,Paul A. Soukup,2023-02-22 Provides a contemporary view of the intertwined relationship of communication and religion The Handbook of Religion and Communication presents a detailed investigation of the complex interaction between media and religion offering diverse perspectives on how both traditional and new media sources continue to impact religious belief and practice across multiple faiths around the globe Contributions from leading international scholars address key themes such as the changing role of religious authority in the digital age the role of media in cultural shifts away from religious institutions and the ways modern technologies have transformed how religion is communicated and portrayed Divided into five parts the Handbook opens with a state of the art overview of the subject s intellectual landscape introducing the historical background theoretical foundations and major academic approaches to communication media and religion Subsequent sections focus on institutional and functional perspectives theological and cultural approaches and new approaches in digital technologies The essays provide insight into a wide range of topics including religious use of media religious identity audience gratification religious broadcasting religious content in entertainment films and religion news reporting about religion race and gender the sex religion matrix religious crisis communication public relations and advertising televangelism pastoral ministry death and the media online religion future directions in religious communication and more Explores the increasing role of media in creating religious identity and communicating religious experience Discusses the development and evolution of the communication practices of various religious bodies Covers all major media sources including radio television film press digital online content and social media platforms Presents key empirical research real world case studies and illustrative examples throughout Encompasses a variety of perspectives including individual and institutional actors academic and theoretical areas and different forms of communication media Explores media and religion in Judeo Christian traditions Islam Buddhism Hinduism religions of Africa Atheism and others The Handbook of Religion and Communication is an essential resource for scholars academic researchers practical theologians seminarians mass communication researchers and undergraduate and graduate students taking courses on media and religion **Sociological Abstracts** Leo P. Chall,2004 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers
