Remembering the Civil War

Caroline E. Janney, 2013-06-03 As early as 1865 survivors of the Civil War were acutely aware that people were purposefully shaping what would be remembered about the war and what would be omitted from the historical record In Remembering the Civil War Caroline E Janney examines how the war generation men and women black and white Unionists and Confederates crafted and protected their memories of the nation's greatest conflict Janney maintains that the participants never fully embraced the reconciliation so famously represented in handshakes across stone walls Instead both Union and Confederate veterans and most especially their respective women's organizations clung tenaciously to their own causes well into the twentieth century Janney explores the subtle yet important differences between reunion and reconciliation and argues that the Unionist and Emancipationist memories of the war never completely gave way to the story Confederates told She challenges the idea that white northerners and southerners salved their war wounds through shared ideas about race and shows that debates about slavery often proved to be among the most powerful obstacles to reconciliation 20th Century Memories Barbara Leish, 2011-09 The 20th Century was a time of astonishing transformation from horse drawn buggies to space exploration from the discovery of penicillin to cloning from the advent of jazz to Woodstock from segregation to civil rights Take a trip through the decades in 20th Century Memories a Look Back Through the Decades 1900-1999 packed with historic photos images and accompanying captions Commemorating 100 remarkable years this compelling journey highlights firsts and favorites social changes and landmark achievements of each year Nostalgia lovers will pore over every fun and fascinating page Margaret Mitchell's Gone with the Wind Letters, 1936-1949 Margaret Mitchell, 1976 This book expands your understanding of Gone with the Wind Read through letters about the story and people Contemporary Authors New Revision Pamela Dear, 1997-02 In response to the escalating need for up to date information on writers Contemporary Authors New Revision Series brings researchers the most recent data on the world's most popular authors These exciting and unique author profiles are essential to your holdings because sketches are entirely revised and up to date and completely replace the original Contemporary Authors entries For your convenience a soft cover cumulative index is sent biannually While Gale strives to replicate print content some content may not be available due to rights restrictions Call your Sales Rep for details Gone with the Wind and Its Author Margaret Mitchell Macmillan Company, 1961 Remembering the Hacienda Vincent Anthony Pérez, 2006 What the plantation has been to the history and literature of the American South the hacienda has been to Mexico and the American Southwest In Remembering the Hacienda Vincent Perez makes the case that the hacienda offers the emblem of an antebellum agrarian social order that predates the United States It is the site in which the Mexican American community's heroic genteel forebears lived in dignity and pride and it is the heritage from which they were cast out as orphans both in mother Mexico by the Revolution and in the American Southwest when the wars of 1836 and 1846-48 and capitalist land grabs dispossessed the Mexican hacendados The hacienda Perez argues had its own
