Second Shift Inside The Two Job Marriage:

The Second Shift Arlie Hochschild, Anne Machung, 2012-01-31 An updated edition of a standard in its field that remains relevant more than thirty years after its original publication Over thirty years ago sociologist and University of California Berkeley professor Arlie Hochschild set off a tidal wave of conversation and controversy with her bestselling book *The Second Shift* Hochschild's examination of life in dual career households finds that factoring in paid work child care and housework working mothers put in one month of labor more than their spouses do every year Updated for a workforce that is now half female this edition cites a range of updated studies and statistics with an afterword from Hochschild that addresses how far working mothers have come since the book's first publication and how much farther we all still must go

Society in Focus William E. Thompson, Joseph V. Hickey, Mica L. Thompson, 2018-11-13 *Society in Focus* An Introduction to Sociology Ninth Edition emphasizes how society and social forces affect everything from globalization and international policies to day to day activities in our personal lives In this edition the authors go beyond the mere questioning of issues to take a closer look at the social world in which we live They provide an integrated approach that uses sociological thinking to help students analyze and understand key concepts To focus increased attention on sociological thinking and research methods they have chosen four key themes media and technology globalization cultural diversity and trends for the future Because sociology is about all of us and our daily lives it is an eminently practical and useful discipline for understanding our social world This Ninth Edition Includes specific student outcomes for each chapter as well as assessment items linked to those outcomes new chapter opening vignettes that give real life examples illustrating important terms concepts and theories included in that chapter updated data statistics maps charts boxes and tables citing the latest research available examples of the powerful impact of media and technology on society especially the role social media play in helping to shape and define our daily social lives new photos and cartoons accompanied by critical thinking questions that reinforce and illustrate important sociological terms concepts and theories

Reconstructing Desire Jean Wyatt, 1990 This provocative study explores the function of the unconscious in reading and creative processes The book asks if reading can change the reader and if women through reading can change the unconscious fantasy structures that govern desire Using models

The Family Herbal Barbara Theiss, Peter Theiss, 1993 Barbara and Peter Theiss share their knowledge as parents and their professional experience in naturopathy pharmacology and herbalism to show how herbal medicine is the safest and most reliable method to care for most of your family's health needs Includes chapters on healing herbs emergency first aid and growing your own herb garden

The Canadian Family in Crisis John F. Conway, 2003-08 In this book sociology professor John F Conway looks at families past present and future and examines the changing nature of family Figures from the first decade of the new millennium tell us that one marriage in two may well end in divorce Conway considers the implications of divorce the impact of social changes on men women and children and suggests how these issues might be better addressed through family policy The new edition

addresses the harsh new reality facing Canadian families especially those most vulnerable as a result of the crisis of the family The Canadian Family in Crisis is the first book to examine the drastic changes in the Canadian family over the last thirty years The Canadian Family in Crisis Conway, John F.,1997 The Canadian Family in Crisis is essential reading for anyone who is concerned about the direction family life is taking in the twenty first century The author looks at the changing nature of the family considers the implications of divorce the impact of social changes on men women and children and suggests how these issues might be better addressed through family policy **The Egyptian Labor Market** Caroline Krafft,Ragui Assaad,2022 The Egyptian economy has faced tough challenges since the 2011 Arab Spring uprisings This book examines the plight of Egypt s most vulnerable groups by focusing on the intersection of gender and economic vulnerability in the labor market exploring issues such as job access wage inequality food security health status and many others

Careers of Couples in Contemporary Society : From Male Breadwinner to Dual-Earner Families Hans-Peter Blossfeld,Sonja Drobnic,2001-10-04 This is the first systematic international comparative study of the transformation of couples careers in modern societies The countries included are Germany the Netherlands the Flemish part of Belgium Italy Spain Great Britain the United States Sweden Denmark Poland Hungary and China Using longitudinal data this book explores what has and what has not changed for couples in various countries due to women s greater involvement in paid employment It provides evidence that despite substantial improvement in women s educational attainment and career opportunities in all the countries studied dimensions of role specialization in dual earner couples have not undergone transformation to the same extent Gender role change within the family has generally been asymmetric so that housework and childcare primarily remain women s work There are however also significant institutional differences among modern societies which determine a country s timing speed and pattern of change from the traditional male breadwinner to the dual earner family model In particular the impact of males resources on their female partners employment careers is dependent on the welfare state regime In conservative and Mediterranean welfare state regimes women s paid employment is negatively correlated with the occupational position of their husbands In liberal welfare state regimes no impact of husbands resources on their wives labour force participation could be detected In the social democratic welfare state regime and generally in former socialist countries husbands resources have a positive effect on their wives employment so that occupational resources cumulate in dual earner families *Family Man* Scott Coltrane,1996-03-28 The typical American family has changed dramatically since the days of Ozzie and Harriet and Father Knows Best Double income families are now the rule and fathers are much more involved in raising the children and cleaning house Reactions to these changes have been diverse ranging from grave misgivings to a sense of liberation and new possibility Groups as diverse as Promise Keepers the Million Man March and Robert Bly s mythopoetic men s movement tell us that fathers are important From the fundamentalist right to the feminist left opinions about the changing nature of the family and the consequent rethinking of gender roles have

been vehement if not always very well founded In Family Man sociologist Scott Coltrane brings a wealth of compelling evidence to this debate over the American family Drawing on his own extensive research and many fascinating interviews Coltrane explodes many of the common myths about shared parenting provides first hand accounts of men s and women s feelings in two job families and reveals some innovative solutions that couples have developed to balance job and family commitments Readers will find an insightful discussion of precisely how and why family life has changed what forms it may take in the future and what new kinds of fathers may be on the horizon The author firmly places these questions within a broad contextual framework He provides for instance an illuminating history of the family that shows that far from being a fixed structure the family has always adapted to changing economic social and ideological pressures And by examining how families operate in a variety of non industrial societies he demonstrates that our own notions of gender specific work and parenting roles are culturally rather than biologically determined and thus inherently flexible And indeed these roles are changing While contemporary American women still perform the bulk of domestic tasks Family Man gives us decisive evidence that men are becoming increasingly involved in both housework and childrearing Coltrane argues convincingly that this trend will continue Given the current economic situation with two job households now the norm and the gradual ideological shift away from restrictive gender roles more and more couples will find it both necessary and desirable to share the workload More important Coltrane suggests that as fathers participate more fully in raising their children and performing traditionally female household tasks men will themselves be transformed by the experience in profoundly positive ways and American society as a whole will move closer to true gender equity Family Man succeeds brilliantly in bringing clarity perspective and above all hope to a discussion that is too often shrill chaotic and beset with the rhetoric of nostalgia It shows us not only exactly where the family is today but where it has been and what it may become

Class Theory and History
Stephen A. Resnick, Richard D. Wolff, 2013-12-16 Class Theory and History takes an ambitious and ground breaking look at the entire history of the Soviet Union and presents a new kind of analysis of the history of the USSR examining its birth evolution and death in class terms Utilizing the class analytics they have developed over the last three decades Resnick and Wolff formulate the most fully developed economic theory of communism now available and use that theory to answer the question did communism ever exist in the USSR and if so where why and for how long Their initial and controversial conclusion Soviet industry never established a communist class structure This conclusion then leads to the hypothesis that the USSR and private capitalism in the United States to discuss the future of private capitalism state capitalism and communism

Marriage in Black Katrina Bell McDonald, Caitlin Cross-Barnet, 2018-03-19 Despite the messages we hear from social scientists policymakers and the media black Americans do in fact get married and many of these marriages last for decades Marriage in Black offers a progressive perspective on black marriage that rejects talk of black relationship pathology in order to provide an understanding of enduring black marriage that is richly lived The authors offer an in depth

investigation of details and contexts of black married life and seek to empower black married couples whose intimate relationships run contrary to common but often inaccurate stereotypes Considering historical influences from Antebellum slavery onward this book investigates contemporary married life among more than 60 couples born after the passage of the Civil Rights Act Husbands and wives tell their stories from how they met to how they decided to marry to what their life is like five years after the wedding and beyond Their stories reveal the experiences of the American born and of black immigrants from Africa or the Caribbean with explorations of the ideal marriage parenting finances work conflict the criminal justice system religion and race These couples show us that black family life has richness that belies common stereotypes with substantial variation in couples experiences based on social class country of origin gender religiosity and family characteristics

The Caregiving Dilemma Nancy Foner, 1994-06-02 Along with increasing life expectancy comes the knowledge that many Americans will one day enter nursing homes Who are the people who will care for us or for our relatives Nancy Foner provides a major study of institutional care that focuses on nursing aides who are the backbone of American nursing homes She examines the strains and paradoxes facing nursing aides asked on the one hand to provide compassionate care and on the other to cope with the pressures of the workplace and the institution Aides are expected to look after patients who are predominantly older women with kindness and consideration but nursing home regulations and bureaucratic forces often hinder even the best efforts to offer consistently supportive care Positioned at the bottom of the nursing hierarchy aides must cope with the needs of frail dependent residents pressures from patients relatives and from their own families and demands of supervisors and coworkers Foner's detailed description and analysis of caregiving dilemmas based on intensive field research in a New York facility brings the perspective of the nursing aides to the fore This is a timely contribution to the study of work bureaucracy and the future of an aging American population

Teacher Education in Industrialized Nations Ivan Z. Holowinsky, Nobuo K. Shimahara, 2014-04-08 The original essays in this volume examine reform related issues in teacher

education in Great Britain Canada Japan Ukraine United States and Western Europe A distinguished group of educators reviews the social context of the teacher the economics and value of teaching the pace of change government policy and teacher control of the profession and the evolving role of the teacher and education system in the face of political and social upheaval

Marriage Made in Eden Alice P. Mathews, M. Gay Hubbard, 2010-08-01 Why Does Marriage Today Seem To Be Such a Far Cry From Paradise Let's face it Our culture's version of marriage is not as God designed it to be With a lot more emphasis on individualism and consumerism today's married couples tend to lose sight of God's original purpose for marriage a call for his people to take Jesus message to the heart of everyday life Marriage Made in Eden provides a radical alternative to today's view of marriage giving a glimpse into the historical and cultural aspects that have shaped marriage in America With this insightful analysis you'll learn how marriage has come to be in the state we now find it and about God's model and purpose for a sacred Christian union

Social Problems Norman Allan Dolch, Linda Bell Deutschmann, Helen K. Wise, 2007-01-01 Social Problems explores the consequences of symbolic interactionism in society a theory which contends that people attach meanings to symbols such as language or gestures and base their behaviors on their interpretations of these meanings Norman A Dolch Linda Deutschmann and Helen Powell compile a number of critical and innovative essays that explore different aspects of society including mental illness race relations terrorism and family life

Women Political Leaders in Rwanda and South Africa Naleli Mpho Soledad Morojele, 2016-01-25 Narratives of Triumph and Loss explores the successes challenges and controversies of women's post conflict political leadership Through interviews with women who have held significant leadership positions the book explores the relationships between their educational professional activist and personal backgrounds It situates their stories within historical and contemporary political contexts illustrating the gendered ways in which women experience politics as citizens and politicians

Women's Labor in the Global Economy Sharon Harley, 2007-06-05 Globalization is not a new phenomenon women throughout the world have been dealing with the circumstances and consequences of an international economy long before the advent of the transnational corporate conglomerate However in a mercenary example of the tried cliché the more things change the more they stay the same women particularly those of color continue to be relegated to the lowest rung of the occupational ladder where their indispensable contributions to global market capitalism are downplayed or invalidated completely through the perpetuation of stereotypes and the denial of access to better job opportunities and resources How women of color around the world adapt and challenge the economic political and social effects of globalization is the subject of this broad minded and incisive anthology From Mexico Jamaica Ghana Zimbabwe and Sri Lanka to immigrant and non immigrant communities in the United States the women documented in these essays are agricultural and factory workers artists and entrepreneurs mothers and activists Their stories bear stark witness to how globalization continues to develop new sites and forms of exploitation while its apparent victims continue to be women men and children of color
