Second Wind Philip Mann,2015-09-10 A sorta biography following the whys and wherefores of two English townies slowly finding themselves wooed by more and more remote Greece Fate finally stepped in and they made the life changing move A thirty year roller coaster journey of coincidences and sometimes unnerving omens it covers the positives and negatives of both the move and new life and hopefully explains some of the subtle seductions of the islands especially Crete Packed with strange adventures and encounters and eccentric characters not least the two main subjects Inspiring and daunting reading for anyone thinking of moving abroad

The Second Wind Samantha Benson,2023-08-15 Nick By any measure some might say I had it all A starting quarterback position in the NFL A gorgeous wife And a raging case of anxiety carefully hidden from everyone Well maybe not that last part Now a career ending injury has brought me back to my foggy hometown of Estero Bay population 16 000 No job no wife and that s fine with me I am happy to live a solitary quiet existence free from distractions My best friends

are my dog and my grandfather And it s fine Great even Until the one that got away makes a sudden reappearance Summer By any measure some would say I had it all A lead role with a prestigious ballet company All the money in the world And a supportive husband all too happy to control every aspect of my waking life and even my sleeping moments too Well maybe not that last part A career ending injury and sudden divorce have brought me back to my hometown for a fresh start For the first time I am living my life on my terms Taking what I want No looking back and no regrets And what I want is my best friend s older brother a certain retired quarterback I ve always harbored a crush on Second Wind Cami Ostman,2010-10-19 Second Wind is the story of an unlikely athlete and an unlikely heroine Cami Ostman a woman edging toward midlife who decides to take on a challenge that stretches her way outside of her comfort zone That challenge presents itself when an old friend suggests she go for a run to distract her from the grief of her recent divorce Excited by the clarity of mind and breathing space running offers her she keeps it up albeit slowly and she decides to run seven marathons on seven continents this becomes Ostman s vision quest the thing she turns to during the ups and downs of a new romance and during the hard months and years of redefining herself in the aftermath of the very restrictive religious based marriage and life she led up until her divorce Insightful and uplifting Second Wind carries the reader along for the ride as Ostman runs her way out of compliance with the patriarchal rules about being a woman that long held her captive and into authenticity and self love Her adventures and the personal revelations that accompany them inspire readers to take chances find truth in their lives and learn to listen to the voice inside them that s been there all along **Coming Home and Other Stories** Edith Wharton,2016-01-25 Coming Home I The young men of our American Relief Corps are beginning to come back from the front with stories There was no time to pick them up during the first months the whole business was too wild and grim The horror has not decreased but nerves and sight are beginning to be disciplined to it In the earlier days moreover such fragments of experience as one got were torn from their setting like bits of flesh scattered by shrapnel Now things that seemed disjointed are beginning to link themselves together and the broken bones of history are rising from the battle fields I can t say that in this respect all the members of the Relief Corps have made the most of their opportunity Some are unobservant or perhaps simply inarticulate others when going beyond the bald statistics of their job tend to drop into sentiment and cinema scenes and none but H Macy Greer has the gift of making the thing told seem as true as if one had seen it So it is on H Macy Greer that I depend and when his motor dashes him back to Paris for supplies I never fail to hunt him down and coax him to my rooms for dinner and a long cigar Greer is a small hard muscled youth with pleasant manners a sallow face straight hemp coloured hair and grey eyes of unexpected inwardness He has a voice like thick soup and speaks with the slovenly drawl of the new generation of Americans dragging his words along like reluctant dogs on a string and depriving his narrative of every shade of expression that intelligent intonation gives But his eyes see so much that they make one see even what his foggy voice obscures Some of his tales are dark and dreadful some are unutterably sad and some end in a huge laugh of irony
