Mexican Americans Frank L. Baird, 1977 Latinos and the U.S. Political System Rodney E. Hero, Rodney Hero, 2010-06-18 An analysis of American politics from the vantage point of the Latino political condition *Chicano Scholars and Writers* Julio A. Martínez, 1979 To find more information about Rowman and Littlefield titles please visit www.rowmanlittlefield.com Chicano Politics Juan G. Méndez-Quinones, 1990-07 How a new style of politics coalesced into an ethnic populism known as the Chicano movement *From Rhetoric To Reality* Rodolfo O. de la Garza, 2019-04-09 This book examines the success of national Latino efforts to transcend fiesta politics that is barrio festivals near election time and to become key constituencies capable of influencing the platforms and campaign strategies of both parties **Land Grants, Housing, and Political Power** Antoinette Sedillo López, 1995 *Candidates, Congress, and the American Democracy* Linda Fowler, 2010-05-07 In *Candidates Congress and the American Democracy* Linda L. Fowler provides a wide ranging examination of candidacy as a source of both stability and change in U.S. politics. An expert on political candidates she brings a novel perspective to the topic by emphasizing that candidates are necessary instruments for popular control of government. Fowler maintains that the ambitions of individual candidates are essential to the functioning of the nation's constitutional system and are important factors in its political history. She traces the influence of candidates in fostering electoral competition promoting the representation of such newly mobilized groups of citizens as women and ethnic minorities and transforming political institutions and parties. Despite the importance of candidacy the institution is poorly understood because both scholars and voters tend to limit their focus on candidates to the narrow context of election campaigns. The author argues that a broader view reveals how candidates are linked to a variety of trends and contradictions in contemporary U.S. politics **The Mexican Origin Experience in the United States**, 1984 *Multiethnic Moments* Susan Clarke, 2006-09-15 When courts lifted their school desegregation orders in the 1990s declaring that black and white students were now integrated in America's public schools it seemed that a window of opportunity would open for Latinos, Asians and people of other races and ethnicities to influence school reform efforts. However in most large cities the multiethnic moment passed without leading to greater responsiveness to burgeoning new constituencies. *Multiethnic Moments* examines school systems in four major U.S. cities: Boston, Denver, Los Angeles and San Francisco to uncover the factors that worked for and against ethnically representative school change. More than a case study this book is a concentrated effort to come to grips with the multiethnic city as a distinctive setting. It utilizes the politics of education reform to provide theoretically grounded empirical scholarship about the broader contemporary politics of race and ethnicity emphasizing the intersection of interests, ideas and institutions with the differing political legacies of each of the cities under consideration *Housing and Planning References*, 1979 *Latino Politics in Massachusetts* Carol Hardy-Fanta, Jeffrey Gerson, 2014-01-14 This collection of original essays explores the major challenges to Latino political representation in cities

where Latino populations do not make up the majority of the population and therefore cannot rely on sheer numbers to gain representation *Resources in Education*, 1998
