 Recio,2023-05-18 This volume examines the influence that Pompeii and to a lesser extent Herculaneum had on the visual and
 performing arts in Spain and countries across South America Covering topics from architecture painting and decorative arts
 to theatre dance and photography the reader will gain insight into the reception of classical antiquity through the analysis of
 the close cultural ties between both sides of the Atlantic in the past and the present Each contribution has been written by a
 specialist researcher participating in the project The Reception and Influence of Pompeii and Herculaneum in Spain and
 Ibero America funded by the Spanish Ministry of Science and Innovation PGC2018 093509 B I00 Ministry of Science and
 Innovation AEI ERDF EU Pompeii in the Visual and Performing Arts begins by examining the influence of Pompeian
 architecture in Spain in paintings that depict scenes inspired by Roman scenes and also buildings modelled on those of
 Pompeii Next the influence of Pompeii crosses the Atlantic to Mexico with a study of the archaeological site's influence on the
 visual and performing arts An exploration of the elitist use of the ancient past in architecture is seen in Chilean architecture
 which leads onto an investigation of the new art styles that emerged in the 19th century Later chapters look into the
 influence of the ancient frescoes and the use of modern plaster casts of statues The final chapters are devoted to comics and
 photography which also make a study of the places in Latin America nicknamed Pompeii in the 20th and 21st centuries
