Chris Hables Gray

Mhq Volume 5 No 1:

Casualties of the New World Order M. Wesley, 1997-07-14 Casualties of the New World Order contends that the high rate of failure among post Cold War UN missions are attributable to common weaknesses which are vulnerable to civil war dynamics These mission weaknesses derive from the high level of control over the missions mandates and operations wielded by combinations of self interested and distracted UN member states The effects of these weaknesses are examined in the failed missions in Bosnia Somalia and Angola while their absence is observed in the successful missions to El Salvador Mozambique and Cambodia *Soul of the Sword* Robert L. O'Connell, 2002 In an elegantly illustrated volume a noted historian reveals culture society and history through the saga of war and its implements from the claws and horns of our evolutionary antecedents to today's nuclear MIRV missiles 150 illustrations throughout **Peace, War and Computers** Chris Hables Gray, 2013-10-18 Computers are at the heart of war as we know it and this visionary overview of cyber war in the twenty first century studies how electronics have changed the way we fight Using informatics and chaos theory this is a disarming yet enthralling read **The Deceivers** Thaddeus Holt, 2010-05-11 In World War II the Allies employed unprecedented methods and practiced the most successful military deception ever seen meticulously feeding misinformation to Axis intelligence to lead Axis commanders into erroneous action Thaddeus Holt's elegantly written and comprehensive book is the first to tell the full story behind these operations Exactly how the Allies engaged in strategic deception has remained secret for decades Now with the help of newly declassified material Holt reveals this secret to the world in a riveting work of historical scholarship Once the Americans joined the war in 1941 they had much to learn from their British counterparts who had been honing their deception skills for years As the war progressed the British took charge of misinformation efforts in the European theater while the Americans focused on the Pacific The Deceivers takes readers from the early British achievements in the Middle East and Europe at the beginning of the war to the massive Allied success of D Day American victory in the Pacific theater and the war's culmination on the brink of an invasion of Japan Colonel John Bevan who managed British deception operations from London described the three essentials to strategic deception as good plans double agents and codebreaking and The Deceivers covers each of these aspects in minute detail Holt brings to life the little known men British and American who ran Allied deception such as Bevan Dudley Clarke Peter Fleming Douglas Fairbanks Jr and Newman Smith He tracks the development of deception techniques and tells the hitherto unknown story of double agent management and other deception through the American FBI and Joint Security Control Full of fascinating sources and astounding revelations The Deceivers is an indispensable volume and an unparalleled contribution to World War II literature *Eisenhower* Carlo D'Este, 2015-11-24 The acclaimed biographer presents an intimate and comprehensive portrait of the legendary president and WWII general An excellent book The Washington Post Book World Born into hardscrabble poverty in rural Kansas the son of stern pacifists Dwight David Eisenhower graduated from high school more likely to teach history than

to make it Yet he went on to become one of America s most important military leaders Then on the wings of victory the career soldier ascended to the nation s highest political office Casting new light on this profound evolution Carlo D Este chronicles the unlikely dramatic rise of the supreme Allied commander With full access to private papers and letters D Este has exposed for the first time the countless myths that have surrounded Eisenhower and his family for over fifty years In this revealing biography he identifies the complex and contradictory character behind Ike s famous grin and air of calm self assurance

A Marylander and Texian Dennis M. Drummond, Mary Helen Catlett Allen, Henry P Mayo, 2014-07-01 H G Catlett s name is on land surveys throughout central Texas This book with never before published letters and documents tells his story his work as a surveyor service as a Texas Ranger a courier for Zachary Taylor an Army quartermaster an expert on Indian affairs and a proponent for a National Road through Texas of course Available at Amazon com

Bait James D. McLeroy, Gregory W. Sanders, 2019-11-19 A history of one of the least known and most misunderstood battles in the Vietnam War The strategic potential of the three day attack of two North Vietnamese Army NVA regiments on Kham Duc a remote and isolated Army Special Forces camp on the eve of the first Paris peace talks in May 1968 was so significant that former President Lyndon Johnson included it in his memoirs This gripping original eyewitness narrative and thoroughly researched analysis of a widely misinterpreted battle at the height of the Vietnam War radically contradicts all the other published accounts of it In addition to the tactical details of the combat narrative the authors consider the grand strategies and political contexts of the U S and North Vietnamese leaders Praise for Bait The Battle of Kham Duc This book is a must read for any Vietnam historian or veteran Patrick Brady Major General USA ret Medal of Honor Recipient For an authentic detailed view of how large battles between U S combined arms forces and regular North Vietnamese Army forces were fought in Vietnam in 1968 Bait The Battle of Kham Duc is required reading General H Hugh Shelton 14th Chairman Joint Chiefs of Staff This first hand exhaustively documented account of a large battle in the Vietnam War shows the decisive role of air power in all its forms Carl Schneider Major General USAF ret One of those rare historical narratives that explains in rich detail a battle that was little understood or reported on at the time it was fought but was of strategic importance and heroic dimension Marine Corps Gazette The account of the battle is both detailed and exceptionally well written McLeroy s participation in the battle adds authenticity to the narrative Highly recommended for anyone interested in how large scale battles were fought in Vietnam at the height of U S commitment on the ground there Journal of Military History

Why America Loses Wars Donald Stoker, 2022-05-26 How can you achieve victory in war if you don t have a clear idea of your political aims and a vision of what victory means In this provocative challenge to US political aims and strategy Donald Stoker argues that America endures endless wars because its leaders no longer know how to think about war particularly wars fought for limited aims taking the nation to war without understanding what they want or valuing victory and thus the ending of the war He reveals how flawed ideas on so called limited war and war in general evolved against the backdrop of American conflicts in

Korea Vietnam Iraq and Afghanistan These ideas he shows undermined America s ability to understand wage and win its wars and to secure peace Now fully updated to incorporate the American withdrawal from Afghanistan Why America Loses Wars dismantles seventy years of misguided thinking and lays the foundations for a new approach to the wars of tomorrow

On the Napoleonic Wars David G. Chandler,1994 The diverse array of subjects covered include the British campaign in Egypt in 1801 the battle of Maida Napoleon s decisive victories at Marengo and Austerlitz the Peninsular War the Russian Army at war in 1807 and 1812 and the retreat from Moscow The collection spans the entire career of Dr Chandler and demonstrates the depth of his research Publisher

A Military History of the Modern Middle East James Brian McNabb,2017-03-09 This timely study synthesizes past history with the major military events and dynamics of the 20th and 21st century Middle East helping readers understand the region s present and look into its future The Middle East has been and will continue to be a major influence on policy around the globe This work reviews the impact of past epochs on the modern Middle East and analyzes key military events that contributed to forming the region and its people By helping readers recognize historical patterns of conflict the book will stimulate a greater understanding of the Middle East as it exists today The work probes cause and effect in major conflicts that include the fall of the Ottoman Empire the World Wars the Arab Israeli wars and the U S wars with Iraq examining the manner in which military operations have been conducted by both internal and external actors New regional groups for example the Gulf Cooperation Council GCC are addressed and pertinent events in Afghanistan and Pakistan are scrutinized Since military affairs are traditionally an extension of politics and economics the three are considered together in historical context as they relate to war and peace The book closes with a chapter on the Arab Awakening and its impact on the future balance of power

The Battle of Iwo Jima Walt Sandberg,2005-01-11 Beginning with the Marine assault on February 19 1945 the Battle for Iwo Jima quickly became the bloodiest battle in Marine Corps history Today this fierce battle remains high in our collective memories not only for its terrors but for its indelible image of triumph the raising of the flag on Mt Suribachi Much information exists about the Battle for Iwo Jima but it is scattered and can be difficult to track down This book draws the information together in two ways It offers bibliographic listings to lead researchers to useful sources and provides actual texts of documents related to the battle and its aftermath Part One The Bibliography offers information on more than 800 books magazines official documents audio visual materials and online resources about the Battle of Iwo Jima Each listing is annotated to assist researchers historians veterans and others seeking information Part Two The Anthology offers the texts of hard to locate documents a series of maps showing the day by day progression of the battle and a selection of poetry inspired by the battle Appendices provide details of the American chain of command and both the American and the Japanese orders of battle describe some lingering mysteries about the Battle of Iwo Jima and list Iwo Jima memorial sites around the world

Ulysses S. Grant: A Victor, Not a Butcher Edward H. Bonekemper,2010-09-21 Ulysses S Grant is often accused of being a cold hearted butcher of his troops In

Ulysses S Grant A Victor Not a Butcher historian Edward H Bonekemper III proves that Grant's casualty rates actually compared favorably with those of other Civil War generals His perseverance decisiveness moral courage and political acumen place him among the greatest generals of the Civil War indeed of all military history Bonekemper proves that it was no historical accident that Grant accepted the surrender of three entire Confederate armies and won the Civil War Bonekemper ably silences Grant's critics and restores Grant to the heroic reputation he so richly deserves **Ned**

Wynkoop and the Lonely Road from Sand Creek Louis Kraft,2013-02-14 When Edward W Wynkoop arrived in Colorado Territory during the 1858 gold rush he was one of many ambitious newcomers seeking wealth in a promising land mostly inhabited by American Indians After he worked as a miner sheriff bartender and land speculator Wynkoop's life drastically changed after he joined the First Colorado Volunteers to fight for the Union during the Civil War This sympathetic but critical biography centers on his subsequent efforts to prevent war with Indians during the volatile 1860s A central theme of Louis Kraft's engaging narrative is Wynkoop's daring in standing up to Anglo Americans and attempting to end the 1864 Indian war The Indians may have been dangerous enemies obstructing progress but they were also human beings Many whites thought otherwise and at daybreak on November 29 1864 the Colorado Volunteers attacked Black Kettle's sleeping camp Upon learning of the disaster now known as the Sand Creek Massacre Wynkoop was appalled and spoke out vehemently against the action Many of his contemporaries damned his views but Wynkoop devoted the rest of his career as a soldier and then as a U S Indian agent to helping Cheyennes and Arapahos to survive The tribes lifeways still centered on the dwindling herds of buffalo but now they needed guns to hunt Kraft reveals how hard Wynkoop worked to persuade the Indian Bureau to provide the tribes with firearms along with their allotments of food and clothing a hard sell to a government bent on protecting white settlers and paving the way for American expansion In the wake of Sand Creek Wynkoop strove to prevent General Winfield Scott Hancock from destroying a Cheyenne Sioux village in 1867 only to have the general ignore him and start a war Fearing more innocent people would die Wynkoop resigned from the Indian Bureau but not long thereafter receded into obscurity Now thanks to Louis Kraft we may appreciate Wynkoop as a man of conscience who dared to walk between Indians and Anglo Americans but was often powerless to prevent the tragic consequences of their conflict

Current Work in the History of Medicine ,1999 **The Fires of October: The Planned US Invasion of Cuba During the Missile Crisis of 1962** Blaine Pardoe,2014-03-26 It was the closest we ever came to unleashing the Third World War The image of that world was so horrible to contemplate that both sides stepped away from that precipice and opted for peace Fires of October is the exhilarating military history of the Cuban Missile Crisis exploring in detail the strategic plans implemented by American Armed Forces as they headed towards a catastrophic nuclear collision with Cuba and the USSR Using recently declassified material Blaine Pardoe systematically recounts the origins of the crisis from the Berlin Crisis of 1961 and Cuba's military metamorphosis to the internal disorganization of the US military which exacerbated

tensions between the USA Cuba and the USSR Pardoe reveals that the invasion plans were based on old intelligence outdated maps and misconceptions about the size strength and composition of the Soviet forces in Cuba for the first time and with harrowing results he scrutinizes the potential fallout had the invasion gone ahead Gripping and unnerving Fires of October shows us just how close the world came to nuclear war **Crescent Dawn** Si Sheppard,2025-02-27 A

groundbreaking new history of the wars of the Ottoman Expansion a truly global conflagration that crisscrossed three continents and ultimately defined the borders and future of a modern Europe The determined attempt to thwart Ottoman dominance was fought across five theaters from the Balkans to the Mediterranean and the Indian Ocean from Persia to Russia This intercontinental melee is expertly re told in this fascinating new history by historian Si Sheppard But this is not the story of a clash of civilizations between East and West as you might assume Europe was not united against the Turks the scandal of the age was the alliance between King Francis I of France and Sultan Suleiman the Magnificent Meanwhile the resistance of the Saadi dynasty of Morocco to Ottoman encroachment played a critical role in denying Constantinople direct access to the Atlantic Ocean By the same token though religious imperatives were critical to the motivations of all the key actors involved these in no way fell neatly along the Christian Muslim divide Crescent Dawn expertly shows how the Holy Roman Emperor Charles V desired nothing more than to eradicate the Protestant heresy metastasizing throughout his domains but the threat of Turkish invasion forced him to stay his hand and indulge his Lutheran subjects to ensure a common defense Nevertheless the collective effort to constrain the expansion of the Ottoman superpower did succeed with the ultimate victory in 1571 the tipping point in reordering the trajectory of history Crescent Dawn features some of the legendary figures of the era from Mehmet the Conqueror and Suleiman the Magnificent on the Ottoman side to Charles V and Vasco de Gama on the other and some of the most exotic locales on Earth from the sumptuous palaces of Constantinople to the bloody battlefields of the Balkans to the awe inspiring mountains of Ethiopia This is a colorful history that brings the great battles of the age to life and clearly shows how the western struggle against the Ottomans constituted the first truly world war **The Intelligence War in Latin America, 1914-1922** Jamie Bisher,2016-03-07 World War I did not bypass

Latin America Within days of the war s outbreak European belligerents mobilized intelligence assets and secret diplomacy to compete for Latin America s allegiances and resources This intelligence war entangled all of the American republics and even Japan Dreary consular offices from the Rio Grande to the Straits of Magellan were abruptly thrust into covert activities trafficking in fugitives running contraband and conducting sabotage Revolutionary and counter revolutionary movements big oil international banks and businesses were also drawn in Drawing on long classified U S intelligence documents this narrative of the Latin American intelligence war reveals the complexity and chaos behind the placid veneer of wartime Pan America The author connects the dots between Mexico City Buenos Aires Guatemala City Lima Havana Santiago Rio de Janeiro Berlin London Washington Tokyo and dozens of safe houses front companies consulates legations and headquarters

in between Scores of unrecognized veterans of the intelligence war are revealed **Atomic Audit** Stephen I. Schwartz,2011-12-01 Since 1945 the United States has manufactured and deployed more than 70 000 nuclear weapons to deter and if necessary fight a nuclear war Some observers believe the absence of a third world war confirms that these weapons were a prudent and cost effective response to the uncertainty and fear surrounding the Soviet Union s military and political ambitions during the cold war As early as 1950 nuclear weapons were considered relatively inexpensive providing a bigger bang for a buck and were thoroughly integrated into U S forces on that basis Yet this assumption was never validated Indeed for more than fifty years scant attention has been paid to the enormous costs of this effort more than 5 trillion thus far and its short and long term consequences for the nation Based on four years of extensive research Atomic Audit is the first book to document the comprehensive costs of U S nuclear weapons assembling for the first time anywhere the actual and estimated expenditures for the program since its creation in 1940 The authors provide a unique perspective on U S nuclear policy and nuclear weapons tracking their development from the Manhattan Project of World War II to the present day and assessing each aspect of the program including research development testing and production deployment command control communications and intelligence and defensive measures They also examine the costs of dismantling nuclear weapons the management and disposal of large quantities of toxic and radioactive wastes left over from their production compensation for persons harmed by nuclear weapons activities nuclear secrecy and the economic implications of nuclear deterrence Utilizing archival and newly declassified government documents and data this richly documented book demonstrates how a variety of factors the open ended nature of nuclear deterrence faulty assumptions about the cost effectiveness of nuclear weapons regular misrepresentation of and overreaction to the Soviet threat the desire to maintain nuclear superiority bureaucratic and often arbitrary decisions pork barrel politics and excessive secrecy all drove the acquisition of an arsenal far larger than what many contemporary civilian and military leaders deemed necessary Atomic Audit concludes with recommendations for strengthening atomic accountability and fostering greater public understanding of nuclear weapons programs and policies **Federal Energy Regulatory Commission Reports** United States. Federal Energy Regulatory Commission,2005-04 **List of Serials Indexed for Online Users** ,1997 Each entry gives abbreviated title full title publication city NLM call number NLM title control number ISSN number special list indicator journal title code and sometimes a brief note 1983 ed 6037 titles
