Wolfgang,2014-10-08 No detailed description available for Bliocadran      **Naming and Namelessness in Medieval Romance** Jane Bliss,2008 A survey of the significance of names or their absence in medieval English French and Anglo Norman romance Naming and namelessness are among the major themes of medieval romance Because the genre is so difficult to define scholars have viewed romance as containing a critical number of themes this book treats naming as a major theme of romance and furthermore examines romance's relationship with contemporary naming theory A new genre it is able to play with naming in a way that previously established genres are not The book begins with a discussion of the medieval background to romance and explores a series of naming patterns found across a broad range of texts It continues with detailed analysis of twenty one romances in English French and Anglo Norman from 1130 to 1500 to show how naming themes are treated differently in each and to demonstrate the importance of name as a generic marker Finally an appendix provides details of each romance's context together with indications for further research JANE BLISS is an independent scholar she gained her PhD from Oxford Brookes University      *Malory's Originality* R. M. Lumiansky,2019-12-01 Originally published in 1964 The book presents a commentary on *Le Morte d'Arthur* that illuminates Malory's literary aims and techniques The author brings to bear several hitherto unused source materials on Malory's work and offers new analyses of his authorial purposes Lumiansky argues that Malory wrote a single unified book rather than eight

separate tales The source of Malory's story is an Old French romance known as the Suite du Merlin Lumiansky traces Malory's originality through Malory's treatment of the main generic features of the Suite du Merlin **The Arthurian Name**

**Dictionary** Christopher W. Bruce, 1999 A comprehensive encyclopedia of characters places objects and themes found in the legends of King Arthur and the Knights of the Round table Draws from all significant source between Gildas De Excidio Britanniae written about 540 AD and Tennyson's 19th century Idylls of the King including versions from throughout Europe The entries range from a short identifying sentence to nearly ten pages for the king himself Each is referenced to a source which are presented in a endtable showing author and title date form and language description keywords from the entries and recent editions a vital bit of information such references usually neglect The cross referencing is fairly good often done as a full entry identifying a name as a variant of another so the lack of an index is not a problem Distributed in the US by Taylor and Francis Annotation copyrighted by Book News Inc Portland OR Through the Eyes of a Child Donna E.

Norton, Sandra E. Norton, 2007 CD ROM contains a database of children's literature Lancelot-Grail: Introduction Norris J.
