**The Death of Evolution** Michael Ebifegha,2007-04 For over a century evolutionists have been deliberately interpreting all scientific data on origins to fit Darwin s theory of evolution For instance although the evidence in the living world and in all reliable fossil deposits shows abrupt gaps evolutionists interpret these gaps as missing links to justify the numerous transformations that the theory predicts The evolutionist paradigm recently suffered a fatal blow when empirical science ripped off its chapter on junk DNA which Darwinists have idolized as the evolutionary key in unfolding ancestral history and thus the unique testimony against a purely creationist worldview All along just so explanations have persistently been tendered to camouflage the discrepancies In Farewell to Darwinian Evolution Michael Ebifegha presents a historical account of God s creation patent and seal and shows that they corroborate the scientific evidence Arguing that a report claiming both invention and ownership of the cosmos must override any theory relating to events in the cosmos that were never witnessed Ebifegha insists it is time to bid farewell to Darwinian transformational evolution macroevolution The focus in science he stresses must be limited to microevolution the aspect that underpins modern advances in medicine agriculture and selective breeding Dr Michael Ebifegha is a scholar with international experience He is a graduate of Ahmadu Bello University Nigeria M Sc Applied Geophysics Carleton University Canada M Sc Physics and the University of Toronto B Ed Ph D Physics He is currently a full time science and mathematics instructor at the Toronto District School Board Ebifegha is the author of The Darwinian

Chopra,1998     Robbing Peter to Pay Paul F. F. Powell,2009-09-24 Robbing Peter to Pay Paul looks at how Jesus teachings were supplanted by St Paul s doctrines Jesus is presented to the reader of the New Testament with two different personalities He is first described as a Jewish Rabbi recognized by His followers as the promised Hebrew Messiah His second personality stripped of its Jewish ness is somewhat like that of a Greco Roman god His Disciples were Hebrew in the first instance and in the second they were mostly Greco Roman Saint Paul authored most of the Greco Roman tenets in the New Testament of course He became a citizen of Rome as Saul of Tarsus but is now known as Saint Paul For centuries theologians seem to have preferred Paul s doctrines to the teachings of Jesus and have shaped a message over the years that our faith must be placed in Jesus death not in His life As Christianity took shape Paul battled to get his Greco Roman dogma accepted Those persons supporting Paul soon developed a strategy to accomplish that feat Belittling the Disciples was one approach to the problem it appears This is especially true of Peter in some of Paul s Galatians passages     **Map is not Territory** Jonathan Z.
