nineteenth century cultural history In addition to offering an interesting view of the industrial experiment where Yankee farm girls were brought in to work in the factories *A New England Girlhood* weaves Christian morals into Lucy Larcom's story While considered moralistic by some this book will be positively refreshing to many others The ninth of ten children Lucy Larcom left Beverly Massachusetts in 1835 to work in the cotton mills in Lowell from the ages of 11 to 21 As a mill girl she hoped to earn some extra money for her family While working at the mills in Lowell Lucy made a huge impact She wrote and published many of her songs poems and letters describing her life at the mills Her idealistic poems caught the attention of John Greenleaf Whittier Lucy Larcom served as a model for the change in women's roles in society In the 1840s she taught at a school in Illinois before returning to Massachusetts From 1865 to 1873 she was the editor of *Our Young Folks* later renamed *St Nicholas Magazine* Today *A New England Girlhood* is considered to be one of the best accounts of New England childhood of Lucy Larcom's time and is commonly used as a reference in studying early American childhood

outlined from memory Beverly MA by Lucy Larcom To live beside a river had been to me a child's dream of romance Rivers as I pictured them came down from the mountains and were born in the clouds They were bordered by green meadows and graceful trees leaned over to gaze into their bright mirrors Our shallow tidal creek was the only river I had known except as visioned on the pages of the Pilgrim's Progress and in the Book of Revelation And the Merrimack was like a continuation of that dream We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience [NEW ENGLAND GIRLHOOD OUTLINED](#) Lucy 1824-1893 Larcom,2016-08-28

[Fallen Forests](#) Karen L. Kilcup, 2013-05-01 In 1844 Lydia Sigourney asserted Man's warfare on the trees is terrible Like Sigourney many American women of her day engaged with such issues as sustainability resource wars globalization voluntary simplicity Christian ecology and environmental justice Illuminating the foundations for contemporary women's environmental writing *Fallen Forests* shows how their nineteenth century predecessors marshaled powerful affective ethical and spiritual resources to chastise educate and motivate readers to engage in positive social change *Fallen Forests* contributes to scholarship in American women's writing ecofeminism ecocriticism and feminist rhetoric expanding the literary historical and theoretical grounds for some of today's most pressing environmental debates Karen L Kilcup rejects prior critical emphases on sentimentalism to show how women writers have drawn on their literary emotional intelligence to raise readers consciousness about social and environmental issues She also critiques ecocriticism's

idealizing tendency which has elided women's complicity in agendas that depart from today's environmental orthodoxies. Unlike previous ecocritical works, *Fallen Forests* includes marginalized texts by African American, Native American, Mexican American, working class, and non-Protestant women. Kilcup also enlarges ecocriticism's genre foundations, showing how Cherokee oratory, travel writing, slave narrative, diary, polemic, sketches, novels, poetry, and expos intervene in important environmental debates.
