Echoes of Scripture in the Letter of Paul to the Colossians Christopher A. Beetham, 2009-01-31 While the use of the Old Testament in the New Testament has captured the attention of biblical scholars over the years no study has been devoted to the presence of Scripture in Colossians largely because there are no explicit quotations in Colossians With the introduction of literary intertextuality into the discipline however scholars have begun to devote more attention to the NT authors less explicit references to Scripture often labelled as allusions and or echoes Scholars however continue to debate what constitutes an allusion or echo or how one validates a given proposal as such This study proposes new definitions of these terms and offers a methodology on how to detect and validate them using Colossians as a test case

The Hardened Heart and Tragic Finitude Dan O. Via, 2012-11-05 This book has two main theses First for the biblical Christian doctrine of sin the root of the human problem is hardness of heart the corruption of the core self of the seat of understanding and will On the other hand for an important strand of Greek tragedy the root of human harm doing is the nonculpable blindness and anxiety of finitude that despite the initial nonculpability lead to evil and suffering The Hardened Heart shows that these two different interpretations of human existence are amenable to a degree of synthesis that leads to this conclusion hardness of heart and our ordinary finitude together collude to cause sin in its fullness The second thesis of this volume is that exegetical studies disclose a deconstructive strand in certain biblical texts that represents the finite world that God created as a source of distress and harm doing in something like the tragic sense This subdominant deconstructive position challenges the dominant biblical vision in which the creation came forth from God's creative word as good without qualification

Sin in the New Testament Jeffrey S. Siker, 2020 Sin was an extremely important and serious concern for the earliest Christians and the authors of the New Testament writings Early Christians came to see the life and ministry of Jesus as challenging presumptions about the meanings of sin and faithfulness This book provides a comprehensive treatment of different understandings of sin in early Christianity Jeffrey S Siker describes how the earliest Christian voices represented in the New Testament writings understood sin not only as a theological abstraction but also as a real reflection upon human thought and behavior that violated right relationships with both other human beings and with God Siker explores language about sin in relation to the Jewish and Greco Roman contextual worlds of the New Testament writings and examines the development and change of these worlds in relation to the modern concept of sin
