Uschan, 2011-12-15 This volume explores the life and career of film and martial arts star Jet Li. The book describes Li's childhood and later career, reveals his reasons for becoming an actor, and talks about his philanthropic efforts, which were motivated at least in part by a first-hand experience with a tsunami in the Maldives. This is noted in recent research on the heroic, but it has been largely ignored that heroism is increasingly a global phenomenon both in terms of production and consumption. This edited collection aims to

bridge this research void and brings together case studies by scholars from different parts of the world and diverse fields. They explore how transnational and transcultural processes of translation and adaptation shape notions of the heroic in non-Western and Western cultures alike. The book provides fresh perspectives on heroism studies and offers a new angle for global and postcolonial studies.
