England's Sea Empire, 1550-1642 David B. Quinn, A N Ryan, 2023-08-11 First published in 1983 England's Sea Empire was originally part of the Early Modern Europe Today book series It explores the relationships between the increase of English merchant shipping the growth of naval power and the early experiments in overseas trade and colonisation No other book combines these topics for the period from the middle of the 16th to the middle of the 17th century In dealing with economic strategic and technical problems the authors write in language which is intelligible to non specialist readers They illustrate the arguments with generous quotations from contemporary sources and with maps of the regions under discussion This book will be of value on undergraduate courses in early British or colonial or maritime history

Between Land and Sea Christopher L. Pastore, 2014-10-13 Christopher Pastore traces how Narragansett Bay's ecology shaped the contours of European habitation trade and resource use and how littoral settlers in turn over two centuries transformed a marshy fractal of water and earth into a clearly defined coastline which proved less able to absorb the blows of human initiative and natural variation
