New Englishes The Case Of Singapore

Lisa Lim, Anne Pakir, Lionel Wee

New Englishes The Case Of Singapore:

New Englishes Joseph Foley, 1988 The spread functions and models of the New Englishes have become a dominant theme of the eighties This volume addresses specifically the English used in Singapore in the private and public domains particularly the school system The topics covered include an overview of earlier studies and attempts at codification a consideration of whether the formal mode of written Singapore English should be standardised the problems of pronunciation etc and specific lexico grammatical problems which have proved to be ambiguous for those not familiar with Singapore English Also included in this volume is the largest bibliography so far published on Singapore English with over 700 titles listed thus providing an essential tool for any future research *Language Learning in New English Contexts* Rita Elaine Silver, Lubna Alsagoff, Christine C M Goh, 2011-10-27 This edited volume is dedicated to the exploration of English language acquisition and development outside of the largely monolingual environments of North America the United Kingdom and Australia Specifically the studies investigate different facets of English language learning in Singapore and uses this experience to forge connections with other New English contexts Using empirical data drawn from a range of language classrooms the contributors emphasise the place of education within a global framework of English language learning In so doing they examine economic social and political factors influencing language education and present a refreshingly global perspective on English language acquisition This comprehensive examination of language learning in New English contexts will be of interest to researchers in applied linguistics and world Englishes **The Handbook of English Pronunciation** Marnie Reed, John M. Levis, 2019-02-12 The Handbook of English Pronunciation presents a comprehensive exploration of English pronunciation with essential topics for applied linguistics researchers and teachers including language acquisition varieties of English historical perspectives accent s changing role and connections to discourse technology and pedagogy Provides thorough descriptions of all elements of English pronunciation Features contributions from a global list of authors reflecting the finest scholarship available Explores a careful balance of issues and topics important to both researchers and teachers Provides a historical understanding of the importance of pronunciation and examines some of the major ways English is pronounced today throughout the world Considers practical concerns about how research and practice interact in teaching pronunciation in the classroom **Attitudes to World Englishes** Hyejeong Ahn, 2017-03-27 This book critically examines South Korean English teachers awareness of and attitude towards eight varieties of English and how they respond to the proposal of a World Englishes approach in their teaching practice It showcases the deeply rooted favouritism towards American English and illustrates how relevant challenges arising from this attitude can be addressed to meet the changing needs of future participants in international contexts This book argues that disclosing and questioning the hidden discursive practices embedded in the English education policy in South Korea may be the first step in raising awareness of and in changing negative attitudes towards embracing diversified Englishes The findings are systemically discussed in

relation to the implications that researching awareness and attitude has for pedagogical considerations and for teacher training This book aims to contribute to the field of WE where studies relating to the South Korean context are largely limited

The Step-tongue Anthea Fraser Gupta,1994-01-01 In Singapore multilingualism is the norm and English often the local variety is widely acquired and used This book examines the social and historical context of children s English in Singapore and traces the development of four Singaporean children who have English as a native language The implications for education and speech therapy are discussed

Chinese Englishes Kingsley Bolton,2006-11-02 This book explores the history of the English language in China from the arrival of the first English speaking traders in the early seventeenth century to the present Kingsley Bolton brings together and examines a substantial body of historical linguistic and sociolinguistic research on the description and analysis of English in Hong Kong and China He uses early wordlists satirical cartoons and data from journals and memoirs as well as more conventional sources to uncover the forgotten history of English in China and to show how contemporary Hong Kong English has its historical roots in Chinese pidgin English The book also considers the varying status of English in mainland China over time and recent developments since 1997 With its interdisciplinary perspective the book will appeal not only to linguists but to all those working in the fields of Asian studies and English studies including those concerned with cultural and literary studies

Englishes around the World Edgar W. Schneider,1997-06-26 The two volumes of Englishes around the World present high quality original research papers written in honour of Manfred G rlach founder and editor of the journal English World Wide and the book series Varieties of English Around the World The papers thematically focus on the field that Manfred G rlach has helped to build and shape Volume 2 of Englishes Around the World presents studies of so called New Englishes post colonial varieties as spoken predominantly in countries of the former British Empire There are five contributions on the Caribbean covering Jamaica Guyana and Trinidad five articles on Africa South Africa East Africa and Nigeria six studies of English in Asian countries Japan the Philippines India Singapore Malaysia and Papua New Guinea and six papers on Australia and New Zealand Topics covered range from sociohistorical causes and processes the nativization of English in different countries or the expression of individual identities by means of the English language through structural descriptions to sociolinguistic psycholinguistic lexicographic pragmatic stylistic and other matters The articles in the respective sections are written by D R Craig L M Haynes P L Patrick K Shields Brodber and L Winer A Banjo V de Klerk R Mesthrie J Schmied and P Silva R W Bailey R Begum and T Kandiah A Gonzalez R R Mehrotra P M hlh usler and M Newbrook L Bauer S Butler M Clyne P Peters and A Delbridge G Tulloch and G W Turner

The Other Tongue Braj B. Kachru,1992 When The Other Tongue appeared in 1982 it was called required reading for all those concerned with English teaching in non native situations from the classroom teacher to the policy planner Jowhn Platt English World Wide and an extremely useful and stimulating collection William C Ritchie Language It introduced refreshingly new perspectives for understanding the spread and functions of English around the world This dramatically revised volume

contains eight new chapters replacing or updating more than half of the first edition *The Other Tongue* is the first attempt to integrate and address provocative issues relevant to a deeper understanding of the forms and functions of English within different sociolinguistic cross cultural and cross linguistic contexts The volume discusses linguistic literary pedagogical and attitudinal issues related to world Englishes

The Variability of Current World Englishes Eugene Green, Charles F. Meyer, 2014-08-27 *Faces of English* explores the phenomenon of increasing dialects varieties and creoles even as the spread of globalization supports an apparently growing uniformity among nations The book's chapters supply descriptions of Jamaican English in Toronto English as an L2 in a South African mining township Chinese and English contact in Singapore unexpected emergent variants in Canadian English and innovations in the English of West Virginia Further the book offers some perspective on internet English as well as on abiding uniformities in the lexicon and grammar of standard varieties In the analyses of this heterogeneous growth such considerations as speakers sociolinguistic profiles phonological morpho syntactic and lexical variables frequencies and typological patterns provide ample insight in the current status of English both in oral and electronic communities The opening chapter presents a theoretical framework that argues for linguistic typology as conceptually resourceful in accommodating techniques of analysis and in distinguishing the wide arrays of English found throughout the globe One clear function for *Faces of English* is that of a catalyst to spur studies of diversities in English and in other languages to suggest approaches to adapt to invite counterargument and developments in analysis

Children's English in Singapore Sarah Buschfeld, 2019-12-06 Combining the World Englishes framework with First Language Acquisition methodology this book investigates children's acquisition of L1 English in the context of multilingual Singapore one of the traditional Kachruvian Outer Circle or ESL countries The book investigates language choice use and dominance in Singaporean families identifies common linguistic characteristics of L1 Singapore English as well as the acquisitional route that Singaporean children take It discusses characteristics at the different levels of language organization i.e. phonological morphosyntactic lexical and pragmatic features drawing on a variety of systematically elicited data and Praat based acoustic analyses Comparing the results to similar data obtained from children living in England both mono and bi multilingual the book also sheds light on how the acquisitional steps taken by Singaporean children differ from or are similar to traditional native speakers of English and children from immigrant families in England The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non

Commercial No Derivatives CC BY NC ND 4.0 license

A Dictionary of Varieties of English Raymond Hickey, 2014-02-03 *A Dictionary of Varieties of English* presents a comprehensive listing of the distinctive dialects and forms of English spoken throughout the contemporary world Provides an invaluable introduction and guide to current research trends in the field Includes definitions both for the varieties of English and regions they feature and for terms and concepts derived from a linguistic analysis of these varieties Explores important research issues including the transportation of dialects of English the

rise of New Englishes sociolinguistic investigations of various English speaking locales and the study of language contact and change Reflects our increased awareness of global forms of English and the advances made in the study of varieties of the language in recent decades Creates an invaluable informative resource for students and scholars alike spanning the rich and diverse linguistic varieties of the most widely accepted language of international communication **English in Singapore**

Lisa Lim, Anne Pakir, Lionel Wee, 2010-06-01 English in Singapore provides an up to date detailed and comprehensive investigation into the various issues surrounding the sociolinguistics of English in Singapore Rather than attempting to cover the usual topics in an overview of a variety of English in a particular country the essays in this volume are important for identifying some of the most significant issues pertaining to the state and status of English in Singapore in modern times and for doing so in a treatment that involves a critical evaluation of work in the field and new and thought provoking angles for reviewing such issues in the context of Singapore in the twenty first century The contributions address the historical trajectory of English past present and possible future its position in relation to language policy and multiculturalism the relationship between the standard and colloquial varieties and how English can and should be taught This book is thus essential reading for scholars and students concerned with how the dynamics of the English language are played out and managed in a modern society such as Singapore It will also interest readers who have a more general interest in Asian studies the sociology of language and World Englishes **Getting at GET in World Englishes** Elisabeth

Bruckmaier, 2017-02-20 Despite its exceptional frequency and versatility GET has never been a focus of research in its entire variability which goes from lexical to grammatical uses nor in large amounts of data from different varieties of English The present corpus based study deals with over 11 600 tokens of GET in written and spoken language from three varieties of English and thus provides new insights for variationist linguistics Firstly it offers a comprehensive semasiological syntactic analysis of GET i e an analysis of all its meanings and all the constructions into which it enters suggesting ten categories as being necessary for its complete description Secondly it contributes to the understanding of factors that are at work in variation in World Englishes and lead to quantitative differences between regional standard varieties Thus the present study demonstrates that the use of GET in the New Englishes analysed is less affected by substrate effects than by the effects of Second Language Acquisition and the varying influence of British and American English norms Moreover it can be shown that the New Englishes display more grammatical uses of GET than does British English *World Englishes* Kingsley

Bolton, Braj B. Kachru, 2006 Singapore Studies Beng Huat Chua, Basant Kapur, 1986 This edition brings up to date a decade of research work developments of the Faculty of Arts and Social Science National University of Singapore since the first volume was published in 1985 The state of the respective disciplines covered are reviewed in terms of notable theoretical and conceptual developments major benchmarks during the past decade and research lacunae that need to be addressed as well as their substantive developments and contributions in the Singapore context and possible future

directions resulting in a collection of essays that places the Faculty's studies in an international comparative framework

Crosslinguistic Influence in Singapore English Ming Chew Teo, 2020-01-06 In a social setting where speakers with several languages interact extensively a major source of variation in Colloquial Singapore English comes from the complex interaction between crosslinguistic influences and various social and linguistic factors By unifying both social and linguistic aspects of the phenomenon through the use of multivariate analyses like logistic regressions and Poisson regressions this book represents a novel approach to the study of crosslinguistic influence in Colloquial Singapore English As multivariate analyses provide us with information regarding the relative strengths of each social and linguistic factor they are useful tools that allow us to have a more nuanced understanding of crosslinguistic influence in contact situations Linguistic features from a variety of linguistic domains morphology semantics and discourse will be quantified and statistical analyses will be run in R to determine the degree to which various social and linguistic factors affect the extent of crosslinguistic influence Well known Singlish features like the optionality of past tense and plural marking the unique meanings of already got and one and discourse particles lah leh and lor are analyzed using this approach The statistical modeling of these features is a first step towards creating a unified framework to understanding crosslinguistic influence

Exploring Second-Language Varieties of English and Learner Englishes Joybrato Mukherjee, Marianne Hundt, 2011-05-25 The articles in this volume are intended to bridge what Sridhar and Sridhar 1986 have called the paradigm gap between traditional SLA research on the one hand and research into institutionalised second language varieties in former colonial territories on the other Since both learner Englishes and second language varieties are typically non native forms of English that emerge in language contact situations it is high time that they are described and compared on an empirical basis in order to draw conceptual and theoretical conclusions with regard to their form function and acquisition The present collection of articles places special emphasis on empirical evidence obtained from large scale analyses of computerised corpora of learner Englishes such as the International Corpus of Learner English and of second language varieties of English such as the International Corpus of English It addresses questions such as Are the phenomena we find in ESL and EFL varieties features or errors or How common and wide spread are features across contact varieties of English

The Politics of English Lionel Wee, Robbie B.H. Goh, Lisa Lim, 2013-03-28 This volume brings together contributions that explore the increasingly important roles that English plays in Asia including its contribution to economic growth national imaginaries and creative writing These are issues that are political in a broad sense but the diversity of Asian contexts also means that the social political and cultural ramifications of the spread of English into Asia will have to be understood in relation to the challenges facing specific societies The chapters in the book collectively illustrate this diversity by focusing on countries from South Asia Southeast Asia and the Asia Pacific Each country has two contributions devoted to it one paper provides an overview of the country's language policy and its positioning of English and another provides a critical discussion of creative expressions involving the use of English Taken

together the papers in the volume detail the most recent developments concerning the politics of English in Asia **The Routledge Handbook of World Englishes** Andy Kirkpatrick, 2010-06-17 The Routledge Handbook of World Englishes constitutes a comprehensive introduction to the study of World Englishes drawing on the expertise of leading authors within the field The Handbook is structured in nine sections covering historical perspectives core issues and topics and new debates which together provide a thorough overview of the field taking into account the new directions in which the discipline is heading Among the key themes covered are the development of English as a lingua franca among speakers for whom English is a common but not first language the parallel development of English as a medium of instruction in educational institutions throughout the world and the role of English as the international language of scholarship and scholarly publishing as well as the development of computer mediated Englishes including cyberprose The Handbook also includes a substantial introduction and conclusion from the editor The Routledge Handbook of World Englishes is the ideal resource for postgraduate students of applied linguistics as well as those in related degrees such as applied English language and TESOL TEFL *Singapore English* David Deterding, 2007-08-01 Over the past few decades Singapore English has been emerging as an independent variety of English with its own distinct style of pronunciation grammar and word usage All the findings presented in the book are illustrated with extensive examples from one hour of recorded conversational data from the Lim Siew Hwee Corpus of Informal Singapore Speech as well as some extracts from the NIE Corpus of Spoken Singapore Speech and recent blogs In addition usage patterns found in the data are summarised to provide a solid foundation for the reported occurrence of various features of the language A full transcript of the data is included in the final chapter of the book

This is likewise one of the factors by obtaining the soft documents of this **New Englishes The Case Of Singapore** by online. You might not require more get older to spend to go to the books launch as with ease as search for them. In some cases, you likewise do not discover the publication New Englishes The Case Of Singapore that you are looking for. It will entirely squander the time.

However below, when you visit this web page, it will be correspondingly definitely simple to get as competently as download lead New Englishes The Case Of Singapore

It will not admit many become old as we tell before. You can attain it while take effect something else at home and even in your workplace. in view of that easy! So, are you question? Just exercise just what we have the funds for under as with ease as evaluation **New Englishes The Case Of Singapore** what you later than to read!

New Englishes The Case Of Singapore Introduction

In today's digital age, the availability of New Englishes The Case Of Singapore books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of New Englishes The Case Of Singapore books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of New Englishes The Case Of Singapore books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing New Englishes The Case Of Singapore versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, New Englishes The Case Of Singapore books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing New Englishes The Case Of Singapore books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for

literature enthusiasts. Another popular platform for New Englishes The Case Of Singapore books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, New Englishes The Case Of Singapore books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of New Englishes The Case Of Singapore books and manuals for download and embark on your journey of knowledge?

FAQs About New Englishes The Case Of Singapore Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. New Englishes The Case Of Singapore is one of the best book in our library for free trial. We provide copy of New Englishes The Case Of Singapore in digital format, so the resources that you find are reliable. There are also many Ebooks of related with New Englishes The

Case Of Singapore. Where to download New Englishes The Case Of Singapore online for free? Are you looking for New Englishes The Case Of Singapore PDF? This is definitely going to save you time and cash in something you should think about.
