Second edition, etc* John Stephen WRIGHT,1870 **Managing the Commons, Second Edition** John A. Baden,Douglas S. Noonan,1998-04-22 Garrett Hardin s seminal essay The Tragedy of the Commons appeared in 1968 and has been at the center of the debate on commonly owned ground or resources such as Western public grazing or the oceans This is the second edition of a book exploring the issues raised in Hardin s essay As scarce resources are increasingly strained It is ever more crucial to identify those resources which are held in common and are therefore prone to tragic waste and abuses The essay in this volume focus on alternate institutional approaches to managing these resources to prevent such tragedy

*Authentic University* Lawrence Muganga Ph.D.,2022-08-22 Today s universities fail students leaving them stranded in an alien world that differs markedly from the ivory tower institution that ostensibly molded them for the future The Authentic University proposes to overcome the manifold shortcomings of the contemporary postsecondary school by offering an innovative education that corresponds to the realities of the modern era This university blends three distinct concepts of student centered education to provide students with a personalized learning experience that develops distinct skills and competencies required by today s employers Students can save time money and effort while learning the information and applications that they want and need Contained within the covers of this groundbreaking book lies a thorough description of everything that educational stakeholders must know about the Authentic University including supporting literature and

practical models alongside strategies for planning and implementation The world has passed the university by and will not wait for education to keep pace with its ever evolving information and communication technology situated in an increasingly entrepreneurial economy We as educational stakeholders must meet the challenge of change in an urgent way The first step toward bringing the university into the modern era begins with this book the manual for a radically new type of education termed the Authentic University Second International Conference, Technologies of Information and Communications in Education and Training Ahmed Ferchichi, Hadhemi Achour, Jamil Itmazi, 2013 Proceedings 2nd International Conference on Information Technologies for Education and Training Hammamet Tunisia November 2013 *Modelling and Analysis of Sustainability Related Issues in New Era* Wen-Hsien Tsai, 2019-06-24 The purpose of this Special Issue is to investigate topics related to sustainability issues in the new era especially in Industry 4.0 or other new manufacturing environments Under Industry 4.0 there have been great changes with respect to production processes production planning and control quality assurance internal control cost determination and other management issues Moreover it is expected that Industry 4.0 can create positive sustainability impacts along the whole value chain There are three pillars of sustainability including environmental sustainability economic sustainability and social sustainability This Special Issue collects 15 sustainability related papers from various industries that use various methods or models such as mathematical programming activity based costing ABC material flow cost accounting fuel consumption model artificial intelligence AI based fusion model multi attribute decision model MADM and so on These papers are related to carbon emissions carbon tax Industry 4.0 economic sustainability corporate social responsibility CSR etc The research objects come from China Taiwan Thailand Oman Cyprus Germany Austria and Portugal Although the research presented in this Special Issue is not exhaustive this Special Issue provides abundant significant research related to environmental economic and social sustainability Nevertheless there still are many research topics that require our attention to solve problems of sustainability Proceedings of the 4th International Conference on Language, Art and Cultural Exchange (ICLACE 2023) Bootheina Majoul, Guiyun Guan, Nick Groom, 2023-08-28 This is an open access book The 4th International Conference on Language Art and Cultural Exchange ICLACE 2023 will be held on May 19-21, 2023 in Hangzhou China Culture includes language which is a special cultural phenomenon For culture most scholars agree that it mainly includes two aspects material culture and spiritual culture Specific examples to show cultural phenomena will be of great benefit to our understanding Some examples of material culture are listed here Indian women wear saris Japanese like to eat sashimi and Chinese like to shake hands when meeting each other These are various manifestations of material culture in different nations Language is the mode of transmission of culture Language is one of the most important ways of thinking and cultural exchange of human beings which is actually the manifestation of the formation and transmission of culture Because of thinking human beings gradually create culture in the continuous social practice and then spread their national culture to each other in the continuous language exchange Since

ancient times art and culture have been going hand in hand and complementing each other On the one hand art is an important connotation and component of culture and the progress of art is the driving force of cultural development On the other hand culture is the source and content of art and the prosperity of culture is the key to improve the level of art On the other hand culture is the source and content of art and the prosperity of culture is the key to improving the level of art Therefore whether it is culture or art it is not only a symbol of an era a representation of people s life style but also a guide to the direction of social development The relationship between language art and cultural communication is a hot topic for many scholars to study at present Therefore an academic conference is set up for authors to discuss related research issues and exchange new ideas hoping that scholars can burst out more excellent and valuable ideas in this conference ICLACE 2023 is to bring together innovative academics and industrial experts in the field of Literature Art and Cultural Exchange research to a common forum The primary goal of the conference is to provide a platform for scientists scholars and engineers from all over the world to present ongoing research activities fostering the research and business relations and promoting scientific information interchange and cooperation between all the participants Communication and Technology Lorenzo Cantoni,James A. Danowski,2015-08-31 The primary goal of the Communication and Technology volume 5th within the series Handbooks of Communication Science is to provide the reader with a comprehensive compilation of key scholarly literature identifying theoretical issues emerging concepts current research specialized methods and directions for future investigations The internet and web have become the backbone of many new communication technologies often transforming older communication media through digitization to make them compatible with the net Accordingly this volume focuses on internet web technologies The essays cover various infrastructure technologies ranging from different kinds of hard wired elements to a range of wireless technologies such as WiFi mobile telephony and satellite technologies Audio visual communication is discussed with reference to large format motion pictures medium sized television and video formats and the small screen mobile smartphone There is also coverage of audio only media such as radio music and voice telephony text media in such venues as online newspapers blogs discussion forums and mobile texting and multi media technologies such as games and virtual reality
