New Essays on Call It Sleep Hana Wirth-Nesher, 1996-06-13 A 1996 collection of critical essays on Henry Roth's *Call It Sleep* **New Essays on Call it Sleep**, 1996 The Modern Jewish Canon Ruth R. Wisse, 2003-04-15 What makes a great Jewish book In fact what makes a book Jewish in the first place Ruth R Wisse eloquently fields these questions in *The Modern Jewish Canon* her compassionate insightful guide to the finest Jewish literature of the twentieth century From Isaac Babel to Isaac Bashevis Singer Elie Wiesel to Cynthia Ozick Wisse's *The Modern Jewish Canon* is a book that every student of Jewish literature and every reader of great fiction will enjoy **Contemporary Jewish-American Novelists** Joel Shatzky, Michael Taub, 1997-07-16 Since World War II Jewish American novelists have significantly contributed to the world of literature This reference book includes alphabetically arranged entries for more than 75 Jewish American novelists whose major works were largely written after World War II Included are entries for both well known and relatively obscure novelists many of whom are just becoming established as significant literary figures While the volume profiles major canonical figures such as Saul Bellow Norman Mailer and Bernard Malamud it also aims to be more inclusive than other works on contemporary Jewish American writers Thus there are entries for gay and lesbian novelists such as Lev Raphael and Judith Katz whose works challenge the more orthodox definition of Jewish religious and cultural traditions Art Spiegelman whose controversial *Maus* R established a new genre by combining elements of the comic book and the conventional novel and newcomers such as Steve Stern and Max Apple who have become more prominent within the last decade Each entry includes a brief biography a discussion of major works and themes an overview of the novelist's critical reception and a bibliography of primary and secondary sources A thoughtful introduction summarizes Jewish American fiction after World War II and a selected general bibliography lists additional sources of information Since World War II Jewish American novelists have made numerous significant contributions to contemporary literature Authors of earlier generations would frequently write about the troubles and successes of Jewish immigrants to America and their works would reflect the world of European Jewish culture But like other immigrant groups Jewish Americans have become increasingly assimilated into mainstream American culture Many feel the loss of their heritage and long for something to replace the lost values of the old world This reference book includes alphabetically arranged entries for more than 75 Jewish American novelists whose major works were largely written after World War II Included are entries for both well known and relatively obscure novelists many of whom are just becoming established as significant literary figures While the volume profiles major canonical figures such as Saul Bellow Norman Mailer and Bernard Malamud it also aims to be more inclusive than other works on contemporary Jewish American writers Thus there are entries for gay and lesbian novelists such as Lev Raphael and Judith Katz whose works challenge the more orthodox definitions of Jewish religious and cultural traditions Art Spiegelman whose controversial *Maus* R established a new genre by combining elements of the comic book and the conventional novel and newcomers such as Steve Stern and Max

Apple who have become more prominent within the last decade Each entry includes a brief biography a discussion of major works and themes an overview of the novelist s critical reception and a bibliography of primary and secondary sources A thoughtful introduction summarizes Jewish American fiction after World War II and a selected general bibliography lists additional sources for information The Cambridge Companion to American Novelists Timothy Parrish,2013 This volume provides newly commissioned essays from leading scholars and critics on the social and cultural history of the novel in America It explores the work of the most influential American novelists of the past 200 years including Melville Twain James Wharton Cather Faulkner Ellison Pynchon and Morrison **The Aesthetics and Politics of the Crowd in American**

Literature Mary Esteve,2003-02-27 Mary Esteve provides a study of crowd representations in American literature from the antebellum era to the early twentieth century As a central icon of political and cultural democracy the crowd occupies a prominent place in the American literary and cultural landscape Esteve examines a range of writing by Poe Hawthorne Lydia Maria Child Du Bois James and Stephen Crane among others These writers she argues distinguish between the aesthetics of immersion in a crowd and the mode of collectivity demanded of political liberal subjects In their representations of everyday crowds ranging from streams of urban pedestrians to swarms of train travellers from upper class parties to lower class revivalist meetings such authors seize on the political problems facing a mass liberal democracy problems such as the stipulations of citizenship nation formation mass immigration and the emergence of mass media Esteve examines both the aesthetic and political meanings of such urban crowd scenes Modern Orthodoxies Lisa Mulman,2013-09-13 This study introduces a genuine provocative religious vocabulary into the discourse on Modernist art and literature Mulman looks at key texts and figures of the Modern period including Henry Roth Amedeo Modigliani James Joyce and Art Spiegelman revealing a significant engagement with the rituals of Jewish observance and the structure of Talmudic interpretation While critics often view the formal experimentation of High Modernism as a radical departure from conventional beliefs this book shows that these aspects of Modernist art are deeply entwined with and indebted to the very traditions that they claim to be writing against As such the book offers a unique and truly multidisciplinary approach to Modernist studies and a cogent analysis of the ways in which spirituality informs artistic production **Encyclopedia of Literary Modernism** Paul

Poplawski,2003-12-30 Modernism is still widely acknowledged as perhaps the most important and influential artistic and cultural phenomenon of the 20th century Written by expert scholars from around the world and covering hundreds of different topics in a clear incisive and critical manner this reference maps the complex field of modernism in a fresh and original way The principal focus of the book is on English language literary modernism and the period 1890 1939 yet many entries extend beyond those parameters to include important precursors and successors of the movement The book also covers the crucial European and interdisciplinary dimensions of modernism and provides complementary comparative perspectives from countries and regions not usually included in traditional accounts of the subject Entries cite works for

Making Cinelandia Laura Isabel Serna, 2014-03-03 In the 1920s as American films came to dominate Mexico's cinemas many of its cultural and political elites feared that this Yankee invasion would turn Mexico into a cultural vassal of the United States In *Making Cinelandia* Laura Isabel Serna contends that Hollywood films were not simply tools of cultural imperialism Instead they offered Mexicans on both sides of the border an imaginative and crucial means of participating in global modernity even as these films and their producers and distributors frequently displayed anti Mexican bias Before the Golden Age of Mexican cinema Mexican audiences used their encounters with American films to construct a national film culture Drawing on extensive archival research Serna explores the popular experience of cinemagoing from the perspective of exhibitors cinema workers journalists censors and fans showing how Mexican audiences actively engaged with American films to identify more deeply with Mexico

Members of the Tribe Rachel Rubinstein, 2010-03-15 A history of representations of American Indians in Jewish literature and popular media In *Members of the Tribe Native America in the Jewish Imagination* author Rachel Rubinstein examines interventions by Jewish writers into an ongoing American fascination with the imaginary Indian Rubinstein argues that Jewish writers represented and identified with the figure of the American Indian differently than their white counterparts as they found in this figure a mirror for their own anxieties about tribal and national belonging Through a series of literary readings Rubinstein traces a shifting and unstable dynamic of imagined Indian Jewish kinship that can easily give way to opposition and especially in the contemporary moment competition In the first chapter *Playing Indian Becoming American* Rubinstein explores the Jewish representations of Indians over the nineteenth century through narratives of encounter and acts of theatricalization In chapter 2 *Going Native Becoming Modern* she examines literary modernism s fascination with the Indian poet and a series of Yiddish translations of Indian chants that appeared in the modernist journal *Shriftn* in the 1920s In the third chapter *Red Jews* Rubinstein considers the work of Jewish writers from the left including Tillie Olsen Michael Gold Nathanael West John Sanford and Howard Fast and in chapter 4 *Henry Roth Native Son* Rubinstein focuses on Henry Roth s complicated appeals to Indianness The final chapter *First Nations* addresses contemporary contestations between Jews and Indians over cultural and territorial sovereignty in literary and political discourse as well as in museum spaces As Rubinstein

considers how Jews used the figure of the Indian to feel at home in the United States she enriches ongoing discussions about the ways that Jews negotiated their identity in relation to other cultural groups Students of Jewish studies and literature will enjoy the unique insights in *Members of the Tribe*
