United States China Japan and South Korea **Understanding Global Politics** Klaus Larres, Ruth Wittlinger, 2019-08-13

Contemporary international affairs are largely shaped by widely differing thematic issues and actors such as nation states international institutions NGOs and multinational companies Obtaining a deeper understanding of these multifaceted themes and actors is crucial for developing a genuine understanding of contemporary international affairs This book provides undergraduate and postgraduate students of global politics and international relations with the necessary knowledge of the forces that shape and dominate our global political economic and social cultural environment The book significantly enhances our understanding of the essentials of contemporary international affairs Understanding Global Politics takes a pragmatic approach to international relations with each chapter being written by an expert in their respective field Part I provides the historical background that has led to the current state of world affairs It also provides clear outlines of the major yet often complex theories of international relations Part II is dedicated to the main actors in global politics It discusses actors such as the most important nation states the UN EU international organizations NGOs and multinational companies Part III considers important contemporary themes and challenges in global politics including non state centered challenges Chapters focus on international terrorism energy and climate change issues religious fundamentalism and demographic changes The comprehensive structure of this book makes it particularly viable to students who wish to pursue careers in international organizations diplomacy consultancy the think tank world and the media Transforming World Politics Anna M. Agathangelou, L.H.M. Ling, 2009-06-02 Critiques neo liberalism and provides an alternative understanding of contemporary world politics by arguing that the neo liberal approach to international relations is deeply flawed reproducing violence instability insecurity and marginalization Global Politics Stephanie Lawson, 2021 The most concise introduction to international relations covers all the essentials with learning features that link theories to the real world Global Politics is a concise and engaging introduction to international relations In it Stephanie Lawson introduces the key theories and concepts underpinning the discipline giving readers a foundation to study politics on both a personal and global scale including issues relating to gender sexuality and ethnicity as well as the economy environment and concepts of justice The textbook presents theories in their historical context demonstrating how they can evolve over time Case studies both contemporary and historical and biographies of key figures help bring these issues to life Additional features such as key debates and summary questions provide opportunities to analyse issues from a range of perspectives Asia Pacific in the New World Politics James Chieh Hsiung, 1993 Knowledge, Desire and Power in Global Politics Chengxin Pan, 2012-01-01 China threat or China opportunity like beauty is in the eyes of the beholder Western imaginations of China come under close scrutiny in this book in a new philosophical depth seldom attempted before Dr Pan displays in full force his analytical skills and his mastery of knowledge both East and West Contrary to conventional approaches he takes a step back to exercise a powerful reflective process to watch the China watchers with illuminating results Dr Pan's book deserves wide and careful reading Professor

Gerald Chan University of Auckland New Zealand The rise of China is largely seen as either a threat or an opportunity Chengxin Pan exposes both of these representations as expressions of Western fears and desires for certainty and predictability His call for a more reflective and culturally sensitive understanding of China offers an important contribution to one of the big political debates of our time Professor Roland Bleiker University of Queensland Australia This is a brilliant and insightful treatment of Western representations of China with a theoretical framework suggesting they come not only from China itself but also the West Although it is not the first treatment of this topic it is innovative in considering the China threat and China opportunity both aspects of the rise of China are of crucial importance for our times With provocative conclusions it is a truly path breaking contribution to the literature I recommend it highly Emeritus Professor Colin Mackerras Griffith University Australia Pan has produced a book which not only challenges some basic assumptions about the nature of China s rise but more importantly forces us to rethink the very basic starting points of how we know what we know about China Professor Shaun Breslin University of Warwick UK How is the rise of China perceived in the West Why is it often labelled as threat and or opportunity What are the implications of these China imageries for global politics Taking up these important questions this groundbreaking book argues that the dominant Western perceptions of China s rise tell us less about China and more about Western self imagination and its desire for certainty Chengxin Pan expertly illustrates how this desire masked as China knowledge is bound up with the political economy of fears and fantasies thereby both informing and complicating foreign policy practice in Sino Western relations Insofar as this vital relationship is shaped not only by China s rise but also by the way we conceptualise its rise this book makes a compelling case for critical reflection on China watching Knowledge Desire and Power in Global Politics is the first systematic and deconstructive analysis of contemporary Western representation of China s rise Setting itself apart from the mainstream empiricist literature its critical interpretative approach and unconventional and innovative perspective will not only strongly appeal to academics students and the broader reading public but also likely spark debate in the field of Chinese international relations

China and the Global Politics of Regionalization Emilian Kavalski, 2016-05-23 This volume examines the prominent role of China in global politics and the relevance of the new regionalism paradigm to China's international outreach It provides a comprehensive and critical assessment of China's impact on the global politics of regionalization offers a novel application of analytical models investigates the aspects of the Chinese practice of regionalization that set it apart and demonstrates China's transformative potential in international life Addressing the need to re-Orient the research and policy agenda of international relations this comprehensive study demonstrates both the lack of language to engage with existing norms and standards and the difficulty of applying them to an evaluation of the global politics of China's non-Western international agency

Global Politics of Regionalism Mary Farrell, Björn Hettne, Luk Van Langenhove, 2005-08-20 This book explores the phenomenon of regionalism In a seeming contradiction to globalization there is a growing tendency for countries to enter into regional arrangements as a response to the pressures of operating in a global marketplace But regionalism is also emerging as a phenomenon in its own right serving distinct purposes and taking different forms in different areas The contributors explore how these patterns impact on wider issues such as global governance democracy and trade The book reviews the major theoretical approaches to regional cooperation including perspectives from international relations political economy economics and sociology It is divided into three main sections theoretical approaches to regionalism issues of regional cooperation such as security monetary issues identity and integration and an exploration of specific case studies including the Middle East Africa the Americas China Europe Asia and the Pacific With an international range of contributors including Björn Hettne Louise Fawcett and Andrew Hurrell this in depth and multi-disciplinary guide will be of interest to students across the social sciences and to the wider policy community

Study On International Politics In Contemporary China Yuyan Zhang, 2020-07-14 China's guiding principle for foreign relations and its focus on states and regions has shifted a lot from the first 30 years of the founding of the People's Republic of China PRC in 1949 to 1978 and beyond after reform and opening up However PRC's diplomatic practice has been continuous whether it was participation in the Korean War breaking up with the former Soviet Union after a honeymoon period China's self-defense war over Sino-Indian border participation in the Vietnam War breakthrough in the Sino-US relation or PRC's self-defense war over the Sino-Vietnamese border These historical events brought the need for theoretical study in International Politics IP The development of China's IP research was slow and filled with complications but it signified a breakthrough from scratch This book has filled gap by depicting a complete scroll of China's IP research in over 60 years since 1949 This book has followed two principles one is according to the classification of the IP discipline and

the other is to recommend adaptations according to China's actual conditions The Dao of World Politics L. H. M. Ling, 2013-10-30 This book draws on Daoist yin yang dialectics to move world politics from the current stasis of hegemony hierarchy and violence to a more balanced engagement with parity fluidity and ethics The author theorizes that we may develop a richer more representative approach towards sustainable and democratic governance by offering a non Western alternative to hegemonic debates in IR The book presents the story of world politics by integrating folk tales and popular culture with policy analysis It does not exclude current models of liberal internationalism but rather brackets them for another day another purpose The deconstruction of IR as a singular unifying school of thought through the lens of a non Westphalian analytic shows a unique perspective on the forces that drive and shape world politics This book suggests new ways to articulate and act so that global politics is more inclusive and less coercive Only then the book claims could IR realize what the dao has always stood for a world of compassion and care The Dao of World Politics bridges the humanities and social sciences and will be of interest to scholars and students of the global international as well as policymakers and activists of the local domestic **The Globalization of World Politics** John Baylis, Steve Smith, Patricia Owens, 2014 Working from a unique non U S perspective this market leading text provides a coherent accessible and engaging introduction to the globalization of world politics Now in its sixth edition The Globalization of World Politics has been fully revised and updated in light of recent developments in world politics FEATURES Presents contributions from an impressive line up of international experts each of whom provides accessible but stimulating insights into history theory structures processes and other key issues in the field Offers a visually appealing full color interior Provides a strong pedagogical program that includes numerous boxes figures tables maps questions lively examples and case studies **European and East Asian Regionalism** Jens-Uwe Wunderlich, 2020-10-15 Embedded in the evolving comparative regionalism literature this book offers a systematic analysis of the factors positively and negatively influencing regional institution building The ruptures caused by the Eurozone crises the coronavirus pandemic and by Brexit have renewed the interest in the impact of crises and critical junctures on regionalism here defined as regional institution building Drawing from critical juncture research and historical comparative analysis this volume uses the cases of European and East Asian regional institution building to systematically analyse institutional transformations during specific historical turning points and critical juncture moments Wunderlich's research offers an in depth analysis of the interrelated drivers spoilers and dissolvers of regional institution building processes in Europe and East Asia and addresses key questions including Under what conditions does regionalism take hold What is influencing the initial institutional design choices What is the impact of historical experiences and well entrenched norms and ideas What are the roles of regional leaders How do external factors influence regional institution building What turns a crisis into a critical juncture and are such junctures threats or opportunities What accounts for variations in institutional responses to crisis events across different regional settings This book will be a valuable

resource for scholars of regionalism region building regional governance and international relations of Europe and East Asia

Contending Liberalisms in World Politics James L. Richardson, 2001 After introducing the theme of contending liberalisms Richardson traces the emergence over time of a distinctive liberal view of international relations and reviews the present state of liberal IR theory He then turns to neoliberal ideology examining it in detail particularly in the context of globalization and investigating the powerful forces that support and sustain it

Encyclopedia of International Relations and Global Politics Martin Griffiths, 2013-11-26 Provides a unique reference source for students and academics covering all aspects of global international relations and the contemporary discipline across IR's major subject divisions of diplomacy military affairs international political economy and theory

Global Politics and the Responsibility to Protect Alex J. Bellamy, 2010-12-14 This book provides an in depth introduction to and analysis of the issues relating to the implementation of the recent Responsibility to Protect principle in international relations The Responsibility to Protect RtoP has come a long way in a short space of time It was endorsed by the General Assembly of the UN in 2005 and unanimously reaffirmed by the Security Council in 2006 Resolution 1674 and 2009 Resolution 1894 UN Secretary General Ban Ki moon has identified the challenge of implementing RtoP as one of the cornerstones of his Secretary Generalship The principle has also become part of the working language of international engagement with humanitarian crises and has been debated in relation to almost every recent international crisis including Sudan Sri Lanka Myanmar Georgia the Democratic Republic of Congo Darfur and Somalia Concentrating mainly on implementation challenges including the prevention of genocide and mass atrocities strengthening the UN's capacity to respond and the role of regional organizations this book introducing readers to contemporary debates on R2P and provides the first book length analysis of the implementation agenda The book will be of great interest to students of the responsibility to protect humanitarian intervention human rights foreign policy security studies and IR and politics in general
