**The Great American Heist** Robert L. Day,2023-07-27 BILLIONS of dollars are being siphoned off of American businesses every year Merchant processing is the means Inflated made up hidden fees and forced interchange downgrades are the method for stealing merchants profits If you think your company is immune think again As a former executive for one

the world's largest processors and now Managing Partner of weAudit.com I've watched this industry deteriorate for almost 25 years. It used to be that right was right and wrong was wrong. Not so today. Greed and corruption abound and the lack of government oversight and regulation makes it easy for them to simply take the money right out of your bank account. It's time to sound the alarm. In this book I take you behind the scenes and show you the deceptive billing tricks processors use to overbill to the tune of millions of dollars a year for larger merchants down to tens of thousands for small merchants. Guess this is why some say I am the most hated man in America by banks and credit card processors. For me I wear that title as a badge of honor. I've used Robert to help with Kellogg's, IBM, HP and now Facebook, WhatsApp, Instagram and Oculus. He sells himself short but he has the team and resources to help small companies as well as the top 5 world's largest. Do not overlook this company.
