Management for Child Health Services Norman T. Begg,Michael Rigby,Euan M. Ross,2013-12-20 The provision of health care services for children is central to improving the nation s health and remains a key feature of every government s policy This concept has been recognised in the United Kingdom since nineteenth century visionaries prompted increasing interest in the welfare of the country s school children Successive generations have built upon these foundations and have been diligent in promoting effective service development It is right that we follow their example for the young have only one chance of a healthy upbringing They are totally dependent on others to provide the right services which are sensitive enough

to address individual needs yet sufficiently comprehensive to enable as many children as possible to reach adulthood with their potential uncom promised by illness Our objective must be to enable today s children to enjoy a healthy childhood and to equip them to maximise the benefits of a healthy lifestyle in the years to come We are making an essential investment in the future and must appreciate the challenges which come with that commitment We need a multi professional approach positive management skills and the adoption of good management practice I therefore welcome this book on managing child health services and commend the initiative of its editors in bringing together such an impressive team of contributors from different disciplines
