Make Mead Like a Viking Jereme Zimmerman, 2015 A complete guide to using the best ingredients and minimal equipment to create fun and flavorful brews Ancient societies brewed flavorful and healing meads ales and wines for millennia using only intuition storytelling and knowledge passed down through generations no fancy expensive equipment or degrees in chemistry needed In Make Mead Like a Viking homesteader fermentation enthusiast and self-described Appalachian Yeti Viking Jereme Zimmerman summons the bryggjemand of the ancient Norse to demonstrate how homebrewing mead arguably the world's oldest fermented alcoholic beverage can be not only uncomplicated but fun Armed with wild yeast bearing totem sticks readers will learn techniques for brewing sweet semi-sweet and dry meads melomels fruit meads metheglins spiced meads Ethiopian tej flower and herbal meads braggots honey beers country wines and even Viking grog opening the Mead Hall doors to further experimentation in fermentation and flavor In addition aspiring Vikings will explore The importance of local and unpasteurized honey for both flavor and health benefits Why modern homebrewing practices materials and chemicals work but aren't necessary How to grow and harvest herbs and collect wild botanicals for use in healing nutritious and magical meads beers and wines Hops recent monopoly as a primary brewing ingredient and how to use botanicals other than hops for flavoring and preserving mead ancient ales and gruits The rituals mysticism and communion with nature that were integral components of ancient brewing and can be for modern homebrewers as well Recommendations for starting a mead circle to share your wild meads with other brewers as part of the growing mead movement subculture and more Whether you've been intimidated by modern homebrewing's cost or seeming complexity in the past and its focus on the use of unnatural chemicals or are boldly looking to expand your current brewing and fermentation practices Zimmerman's welcoming style and spirit will usher you into exciting new territory Grounded in history and mythology but like Odin's ever-seeking eye focusing continually on the future of self-sufficient food culture Make Mead Like a Viking is a practical and entertaining guide for the ages

Pilsner Tom Acitelli, 2020-08-04 Best Book at the North American Guild Beers Writers Effervescent and informative This chronicle will intoxicate both beer nerds and history buffs Publishers Weekly A book for both the beer geek and the foodie seeking a better understanding of modern food and drink On the night of April 17 1945 Allied planes dropped more than a hundred bombs on the Burghers Brewery in Pilsen Czechoslovakia destroying much of the birthplace of pilsner the world's most popular beer style and the bestselling alcoholic beverage of all time Still workers at the brewery would rally so they could have beer to toast their American Canadian and British liberators the following month It was another twist in pilsner's remarkable story one that started in a supernova of technological political and demographic shifts in the mid 1800s and that continues to unfold today anywhere alcohol is sold Tom Acitelli's Pilsner How the Beer of Kings Changed the World tells that story shattering myths about pilsner's very birth and about its immediate parentage A character-driven narrative that shows how pilsner influenced everything from modern

day advertising and marketing to immigration to today's craft beer movement American Sour Beer Michael Tonsmeire, 2014-06-15 One of the most exciting and dynamic segments of today's craft brewing scene American brewed sour beers are designed intentionally to be tart and may be inoculated with souring bacteria fermented with wild yeast or fruit aged in barrels or blended with younger beer Craft brewers and homebrewers have adapted traditional European techniques to create some of the world's most distinctive and experimental styles This book details the wide array of processes and ingredients in American sour beer production with actionable advice for each stage of the process Inspiration education and practical applications for brewers of all levels are provided by some of the country's best known sour beer brewers *Land of Amber Waters* Doug Hoverson, A visual history of Minnesota beers and breweries traces the evolution of the state's beer industry from the 1849 construction of the first brewery to the growth of small town enterprises that gave way to large companies of regional and national prominence offering a comprehensive list of Minnesota breweries as well as more than three hundred illustrations of beer and breweriana **Alcoholic drinks and mixtures made from natural ingredients**, 2024-04-04 This book is about brewing in general not just making beer but having fun fermenting all kinds of delicious concoctions with whatever we find on offer from nature be that the wilderness or our backyards or gardens We're talking odd wild and primitive beers sodas herbal meads inebriating or not infusions and many other types of fermented drinks that are sometimes hard to classify It's about exploring boozy possibilities in creative ways the way humans have for a very long time What's not to like about that My big discovery when working on this book was the fact that brewing is really a continuous linear activity We like to chop up this creative line into small discrete segments and impose etiquettes on them That's a beer that's a wine or that's a soda But the truth is that humans since the dawn of time have been brewing boozy concoctions that often transcend regular labels You'll find all kinds of interesting drinks that are really a blend between beers and wines or sodas and beers And it's all good Brewing should be about creativity flavors and in some cases medicinal applications Like many enjoyable activities it's a lot less fun when you're told what you can or cannot do It's an interesting statement for an author to make but I would like you to look at this book not in terms of precise recipes you can make at home but more as a book of concepts and ideas that will enable you to explore and create with your own local ingredients The fun is really in dreaming up and brewing your own delicious drinks so look at the techniques described here and see what you can come up with If there is an overall message I want to convey it is that brewing is fun adventurous and extremely rewarding Don't be afraid to experiment You might make a few mistakes here and there mostly in the beginning but those will be dwarfed by the countless yummy drinks you'll create and be successful at making Hopefully the basic procedures in this book will help and I can't wait to hear about the delicious beverages you'll make with the plants surrounding you If you already have experience in making beers you may find some of the methods described here a bit primitive and unusual the use of molasses and other sources of sugar including insect honeydew instead of malt wild yeast extraction from local fruits flowers and plants unusual

bitter wild plants instead of regular hops and the overall lack of grains I hope this book will nevertheless inspire you to explore your own terroir and possibly integrate some local flavors into your brews The most important message from this book is really Explore have fun and create That s the stuff life should be made of *The Wildcrafting Brewer* Pascal Baudar,2018-02-12 Primitive beers country wines herbal meads natural sodas and more Baudar has elevated the concept of terroir into the realm of extreme beverages both fermented and unfermented His book brings to life the innovative quest of the Palaeolithic shaman healer brewer Patrick E McGovern author of *Ancient Brews* Fermentation fans and home brewers can rediscover primitive drinks and their unique flavors in *The Wildcrafting Brewer* Wild plant expert and forager Pascal Baudar s first book *The New Wildcrafted Cuisine* opened up a whole new world of possibilities for readers wishing to explore and capture the flavors of their local terroir *The Wildcrafting Brewer* does the same for fermented drinks Baudar reveals both the underlying philosophy and the practical techniques for making your own delicious concoctions including Wild sodas Country wines Primitive herbal beers Meads Traditional ferments like tiswin and kvass The book opens with a retrospective of plant based brewing and ancient beers The author then goes on to describe both hot and cold brewing methods and provides lots of interesting recipes mugwort beer horehound beer and manzanita cider are just a few of the many drinks represented Baudar is quick to point out that these recipes serve mainly as a touchstone for readers who can then use the information and techniques he provides to create their own brews using their own local ingredients *The Wildcrafting Brewer* will attract herbalists foragers natural foodies and chefs alike with the author s playful and relaxed philosophy Readers will find themselves surprised by how easy making your own natural drinks can be and will be inspired again by the abundance of nature all around them With gorgeous photos and clear technical details this book will be a source of great inspiration

Sandor Ellix Katz author of *The Art of Fermentation* **Brewing Eclectic IPA** Dick Cantwell,2018-05-08 As a diverse but distinctive style IPA bestrides the craft beer world like a colossus As author Dick Cantwell says We are living in the heyday of IPA While hops remain front and center in the myriad examples of IPA available to beer drinkers today the style is also now subject to vast experimentation and dressing up producing fruity herbal black Belgian y and juicy versions of this perennial favorite Brewers are pushing the boundaries of IPA by using flavors from cocoa coffee tea fruits vegetables spices herbs chilis and wood Before describing how this multitude of ingredients can best be applied to crafting unique eclectic and tasty IPAs Cantwell gives a potted history of IPA acknowledging some of the fanciful notions the story often includes When he arrives at craft brewing today Cantwell opens up whole new vistas where experimentation can happen involving spices and herbs of all kinds fruits from every corner of the globe vegetables familiar and not so familiar coffee and chocolate teas and botanicals Along the way he describes his thoughts behind his approach and how to treat these ingredients with free license while still being conscious that the aim is to produce something delicious that people will want to drink again *Brewing Eclectic IPA* will inspire professional and homebrewers alike to explore the creative ways in which these ingredients can be
