Radical by Design Bettina Berch, 1988 The Making of the American Creative Class Shannan Clark, 2021 The Making of the American Creative Class narrates the history of workers in New York's publishing advertising design and broadcasting industries and their efforts to improve their working conditions set against the backdrop of the economic dislocations of twentieth century capitalism **The Routledge History of Fashion and Dress, 1800 to the Present** Veronique Pouillard, Vincent Dubé-Sénécal, 2023-10-24 The time span covered by The Routledge History of Fashion and Dress starts in the nineteenth century with the aftermath of the consumers revolution and reaches all the way to the present The fashion and garment industries have been international from the beginning and as such this volume looks at the history of fashion and dress through the lenses of both international and global history Because fashion is also a multifaceted subject with humanagency at its core at the confluence of thematerial fabrics clothing dyes tools and machines and the immaterial savoir faire identities images and brands this volume adopts a transdisciplinary perspective opening its pages to researchers from a variety of complementary fields The chapters in this volume are organized based on their relationship to five fields of study economics and commerce politics business identities and historical sources Paying particular attention to change the book goes beyond the great fashion capitals and well known fashion centers and points to the broader geographies of fashion Particular geographical areas focus on the emergence of new fashion systems and business models whether they be in Sweden Bangladesh or Spain or on the African continent considered to be the new frontier of the industry Covering myriad aspects of the subject this is the perfect companion for all those interested in history of dress and fashion in the modern world Kit: Fashioning the Sporting Body Jean Williams, 2017-10-02 This is the first edited collection of its kind to analyse the distinct but overlapping topics of dress costume sport and leisure history For researchers of bodily adornment and movement sport and costume history are both primarily concerned with industrial practice and embodied experience The ways in which bodies are adorned embellished and clothed or revealed highlights the hybrid nature of dress history encompassing as it does the everyday clothing solutions of the mass of people and the unusual or more ceremonial aspects of costume as well as elite high fashion Although this is as yet an under researched area there are an increasing number of fashion and clothing undergraduate and postgraduate courses that specialise in sport and leisurewear This publication is intended to give an introductory overview of the historical and contemporary issues as it does for the growing number of sport marketing and sports studies courses concerned with dress costume history and branding This book was published as a special issue of Sport in History Empresses of Seventh Avenue Nancy MacDonell, 2024-08-27 In the tradition of The Barbizon and The Girls of Atomic City fashion historian and journalist Nancy MacDonell chronicles the untold story of how the Nazi invasion of France gave rise to the American fashion industry Calvin Klein Ralph Lauren Donna Karan Halston Marc Jacobs Tom Ford Michael Kors Tory Burch Today American designers are some of the biggest names in fashion yet before

World War II they almost always worked anonymously The industry then centered on Seventh Avenue in Manhattan had always looked overseas for inspiration a polite phrase for what was often blatant copying because style as all the world knew came from Paris But when the Nazis invaded France in 1940 the capital of fashion was cut off from the rest of the world The story of the chaos and tragedy that followed has been told many times but how it directly affected American fashion is largely unknown Defying the naysayers New York based designers retailers editors and photographers met the moment turning out clothes that were perfectly suited to the American way of life sophisticated modern comfortable and affordable By the end of the war the American Look had been firmly established as a fresh easy elegance that combined function with style But none of it would have happened without the influence and ingenuity of a small group of women who have largely been lost to history Empresses of Seventh Avenue will tell the story of how these extraordinary women put American fashion on the world stage and created the template for modern style and how the nearly 500 billion American fashion industry the largest in the world could not have accrued its power and wealth without their farsightedness and determination

Fashion and Everyday Life Cheryl Buckley, Hazel Clark, 2017-02-09 Taking cultural theorist Michel de Certeau's notion of the everyday as a critical starting point this book considers how fashion shapes and is shaped by everyday life Looking historically for the imprint of fashion within everyday routines such as going to work or shopping or in leisure activities like dancing the book identifies the fashion system of the ordinary in which clothing has a distinct role in the making of self and identity Exploring the period from 1890 to 2010 the study is located in London and New York cities that emerged as as socially ethnically and culturally diverse as well as increasingly fashionable The book re focuses fashion discourse away from well trodden power laden dynamics towards a re evaluation of time memory and above all history and their relationship to fashion and everyday life The importance of place and space and issues of gender race and social class provides the broader framework revealing fashion as both routine and exceptional and as an increasingly significant part of urban life By focusing on key themes such as clothing the city what is worn on the streets the imagining and performing of multiple identities by dressing up and down going out and showing off Fashion and Everyday Life makes a unique contribution to the literature of fashion studies fashion history cultural studies and beyond

I Used to Be Charming Eve Babitz,2019-10-08 Previously

uncollected nonfiction pieces by Hollywood's ultimate It Girl about everything from fashion to tango to Jim Morrison and Nicholas Cage. With Eve's Hollywood Eve Babitz lit up the scene in 1974. The books that followed among them *Slow Days Fast Company* and *Sex and Rage* have seduced generations of readers with their unfailing wit and impossible glamour. What is less well known is that Babitz was a working journalist for the better part of three decades writing for the likes of *Rolling Stone*, *Vogue* and *Esquire* as well as for off the beaten path periodicals like *Wet*, *The Magazine of Gourmet Bathing* and Francis Ford Coppola's short-lived *City*. Whether profiling Hollywood darlings, getting to the bottom of health crazes like yoga and acupuncture, remembering friends and lovers from her days hobnobbing with rock stars at the Troubadour and art stars at the Ferus Gallery or writing about her beloved misunderstood hometown Los Angeles, Babitz approaches every assignment with an energy and verve that is all her own. *I Used to Be Charming* gathers nearly fifty pieces written between 1975 and 1997, including the full text of Babitz's wry book-length investigation into the pioneering lifestyle brand Fiorucci. The title essay published here for the first time recounts the accident that came close to killing her in 1996; it reveals an uncharacteristically vulnerable yet never less than utterly charming Babitz.

Hide in Plain Sight Paul Buhle, Dave Wagner, 2015-04-28 *Hide in Plain Sight* completes Buhle and Wagner's trilogy on the Hollywood blacklist. When the blacklisted were hounded out of Hollywood, some left for television where many worked on children's shows like *Rocky and Bullwinkle*. A number wrote adult sitcoms such as *The Donna Reed Show* and *M.A.S.H.* while some of them ultimately returned to Hollywood and made great films such as *Norma Rae* and *Midnight Cowboy*. This is a thoughtful look at the rising fear of communism in America and the aftermath of the horror that was the McCarthy period from two expert historians of the blacklist period.

The Cultural Front Michael Denning, 1998 As garment workers, longshoremen, autoworkers, sharecroppers and clerks took to the streets striking and organizing unions in the midst of the Depression, artists, writers and filmmakers joined the insurgent social movement by creating a cultural front. Disney cartoonists walked picket lines and Billie Holiday sang *Strange Fruit* at the left-wing cabaret Caf Society. Duke Ellington produced a radical musical *Jump for Joy*. New York garment workers staged the legendary Broadway revue *Pins and Needles* and Orson Welles and his Mercury players took their labor operas and anti-fascist Shakespeare to Hollywood and made *Citizen Kane*. A major reassessment of US cultural history, *The Cultural Front* is a vivid mural of this extraordinary upheaval which reshaped American culture in the twentieth century.
