R. Riefe,1989 **Celestial Empire** R. K. Singer,2016-09-03 Communities around the galaxy have lived in relative seclusion for millennia that is until a faction of warring worlds spawned an evil that would bring horror to the galaxy As the reptilian Rapturans face the feline Trivarins which race will win the conflict As Rapturas technological prowess grows its ruler Sancura begins seeking out allies to help him conquer more of the galaxy When the Rapturans encounter the world of Reptillon an alliance is formed that will threaten the entire galaxy But when the combined might of the Reptilians and Rapturans leads to the destruction of an entire planet and the deaths of trillions other worlds band together to resist their tyranny As the galactic conflict known as the Blood War begins a race of immortal beings known as the Sirrouns join the battleand only time will tell whether their intervention will stop the spread of Reptilian conquest in the galaxy In this science fiction tale of action adventure and war an alliance of reptilian races seeking to conquer the galaxy faces off against an immortal warrior race *Forthcoming Books* Rose Arny,1997 **The Western Story** Jon Tuska,1999-11-01 The Western Story A Chronological Treasury consists of twenty Western stories spanning the years 1892 to 1994 For that generation of American writers who saw the frontier in the last century including Mark Twain Bret Harte and Owen Wister it seemed exotic strange wonderful Others such as Frederic Remington and John G Neihardt reflected the clash between various Indian nations and pioneers These authors prepared the way for the founders of the first Golden Age of the Western story Willa Cather who wrote of pioneer life in Nebraska Zane Grey who combined wilderness experiences with romance and the search for spiritual truth B M Bower who portrayed the cowboys and frontier women she knew growing up in Montana Max Brand who created dramas in which the psychological and spiritual meaning of life was more important than the physical terrain and Ernest Haycox who combined character and drama with historical accuracy

Another generation of writers perpetuated this first Golden Age Peter Dawson and T T Flynn who began writing Western stories in the 1930s Walter Van Tilburg Clark who created a masterpiece in *The Ox Bow Incident* Dorothy M Johnson and Les Savage Jr who experimented with making the Western story still more realistic and Louis L Amour whose visibility and popularity won legions of new readers to the genre Humanity depth and verisimilitude were already part of the Western story when Will Henry Elmer Kelton and T V Olsen came on the scene to intensify these qualities in their own stories even as they experimented with new perspectives And Cynthia Haseloff s story written especially for this collection with its symbolism and its simplicity may be the harbinger of a second Golden Age

American Book Publishing Record ,1985 **The Cumulative Book Index** ,1979 A world list of books in the English language The Writers Directory ,2013 John Houbolt William F. Causey,2020-03-15 In May 1961 President Kennedy announced that the United States would attempt to land a man on the moon and return him safely to the earth before the end of that decade Yet NASA did not have a specific plan for how to accomplish that goal Over the next fourteen months NASA vigorously debated several options At first the consensus was to send one big rocket with several astronauts to the moon land and explore and then take off and return the astronauts to earth in the same vehicle Another idea involved launching several smaller Saturn V rockets into the earth orbit where a lander would be assembled and fueled before sending the crew to the moon But it was a small group of engineers led by John C Houbolt who came up with the plan that propelled human beings to the moon and back not only safely but faster cheaper and more reliably Houbolt and his colleagues called it lunar orbit rendezvous or LOR At first the LOR idea was ignored then it was criticized and then finally dismissed by many senior NASA officials Nevertheless the group under Houbolt s leadership continued to press the LOR idea arguing that it was the only way to get men to the moon and back by President Kennedy s deadline Houbolt persisted risking his career in the face of overwhelming opposition This is the story of how John Houbolt convinced NASA to adopt the plan that made history
