Louis Malle Hugo Frey, 2019-01-11 This is the first monograph on controversial French director Louis Malle to be published in English Hugo Frey introduces Malle's work through a lucid analysis of his many masterpieces including *Le Feu Follet* *Lacombe Lucien* and *Au revoir les enfants* He also traces the director's extended period of work in the USA which resulted in powerful films such as *Pretty Baby* *Atlantic City* USA and *My Dinner with André* The book focuses on the most challenging aspects of Malle's oeuvre his aesthetic vision his youthful attraction to a form of right wing pessimism and his 1970s libertarianism By rethinking Malle's portrayals of Nazi occupied France Frey demonstrates that he is of equal importance to contemporary historians as to film studies This new appraisal is a nuanced study of an important film maker and a critical intervention in the debates which surround Malle's work **Sight and Sound**, 2007 Bowker's Complete Video Directory, 1999, 1999

Refugees Nathan Bell,2021-03-18 There have never been more refugees across the world from Myanmar to Syria than at this moment Many more millions of refugees are likely to be displaced by the effects of climate change Why has politics failed to produce adequate responses to these challenges and not heeded the lessons of refugee crises of the past Are human rights and international law or more radically the case for open borders sufficient to address them Nathan Bell argues for nothing less than a new concept of the political that societies liberal or not in the mode of the sovereign state or some other form embrace an ethos of responsibility for others where the right to seek asylum becomes foundational for politics itself Such a proposal is at the antipodes of Schmitt s friend enemy distinction such that hospitality and not hostility forms the basis of political decision making This book comprises two halves the first establishes the theoretical basis of the ethos of responsibility with particular reference to the writings of Hannah Arendt Emmanuel Levinas and Jacques Derrida while the second half examines these theorists in the context of historical and contemporary case studies Finally the book calls for a politics of hauntology in memory of the missing those who might have been rescued and those yet to come who are already among the disappeared In this urgent work Bell demonstrates that a radical reconfiguration of the understanding of politics is required in order to safeguard the future and human dignity of stateless persons
