Love And Hate In The Nursery And Beyond:

Love and Hate in the Nursery and Beyond Jule Eisenbud, 1996 In this provocative application of Freudian psychoanalytic theory Jule Eisenbud probes issues around the Oedipal complex expressions of infantile desire for the breast ambivalence towards the mother from dependence on her and the terrors of abandonment in infancy and childhood Describing how these fixations and projections are developed and transformed in the unconscious throughout life Eisenbud shows how they may have influenced the life and creative careers of such major figures as Ren Descartes George Bernard Shaw William Hogarth Giorgio de Chirico Utrillo naturalist John James Audubon and especially Alfred Hitchcock whose films Eisenbud psychoanalyzes Humorous thoughtful and provocative Eisenbud's blend of prehistory history of science art criticism popular culture and psychoanalysis demonstrates the universality and timelessness of unconscious themes

Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1976 [The Mother in Psychoanalysis and Beyond](#) Rosalind Mayo, Christina Moutsou, 2016-10-04 The question of what it means to be a mother is a very contentious topic in psychoanalysis and in wider society The Mother in Psychoanalysis and Beyond explores our relationship to the maternal through psychoanalysis philosophy art and political and gender studies Over two years a group of psychotherapists and members of the public met at the Philadelphia Association for a series of seminars on the Maternal In the discussions that followed a chasm opened up slowly and painfully between the idealised longings and fantasies we all share and the realities of maternal experiences here were met the great silences of love loss longing memories desire hatred and ambivalence This book is the result of this bringing together in conversation and reflections of what so often seems unsayable about the Mother It examines how issues of personal and gender identity are shaped by the ideals of separation from the mother the fears and anxiety of merging with the mother and how this has often led in psychoanalysis and society to holding mothers responsible for a variety of personal and social ills and problems in which maternal vulnerability is denied and silenced There are two main themes running throughout the book Matricide and Maternal Subjectivity On the theme of matricide several contributors discuss the ways in which the discourse and narratives of the Mother have been silenced on a sociocultural level and within psychoanalysis and philosophy in favour of discourses that promote independence autonomy power and the avoidance and denial of our fundamental helplessness and vulnerability On the theme of maternal subjectivity several chapters look at the actual experience of mothering and our relationship to our mother to highlight the ways in which the maternal is intimately connected with human subjectivity The Mother in Psychoanalysis and Beyond provides new and provocative thinking about the maternal and its place in various contemporary discourses It will appeal to psychoanalysts psychotherapists and psychologists of different schools scholars and advanced students of art gender studies politics and philosophy as well as anyone interested in maternity studies and the relationship between the maternal and human subjectivity **The Chaos Curse (Kiranmala and the Kingdom Beyond #3)** Sayantani DasGupta, 2020-03-03
