dull but memorable He relates his childhood business life and lessons he learned into stepping stones for everyone to relate to themselves If there are words that cannot be understood this could only be a result of either a typographical error or the editor decided upgrade the language The author is just a normal human being with a basic education trying to reach out to anyone who might benefit from his thoughts He is not a psychologist psychiatrist social worker or clinical specialist He is just someone who talks about life as he sees it Enjoy a relaxing and hopefully entertaining read Learning to Love and Loving to Learn Emmelienne Schreiner, 2018-03-12 Dr Schreiner's book Learning to Love and Loving to Learn is a breakthrough study dealing with relationships in the family the immediate family and the extended family She teaches the need for a strong spiritual value system as the basis for learning to love and loving to learn Dr Schreiner touches on such subjects as appropriate discipline positive encouragement helping children to reach their full potential and how to make learning an exciting adventure for all ages She deals with relevant problems of the twenty first century including such issues as addictions codependency and the trap of instant gratification She stresses the need for families to develop self control and to set realistic limits She teaches parents how to develop problem solving skills in their children so they can live more effectively in our troubled times. The book opens the door for learning to be an exciting adventure as readers learn to love and to love learning Spiritual growth comes from gaining new information and insight and using that knowledge in your everyday life The author describes the spiritual principles that bring families closer as they learn about themselves and parents free themselves from effects of having been raised in an addictive incestuous or otherwise dysfunctional family Examples of how children and adults of all ages learn are included in every chapter The workbook included at the end of the book will help readers to identify the effects their parents words and methods of disciplining and showing love has had on their own self concept and automatic behaviors Automatic behaviors are emotional and sometimes physical responses to situations and events that arise because the event unconsciously reminds the reader of a similar childhood happening Sometimes automatic behaviors are positive and sometimes negative and unwanted The workbook will help readers to look at and edit the source of their automatic behaviors thereby enabling them to change their undesirable responses Because God Is Love: Understanding the Love of God and Why It Is the Only Path to Life Fersen Perera, 2015-01-20 The only path to life not mere survival for a human being is the love of God But what is love There are many definitions of this short word and even more opinions about its meaning There are also those who say that there are different types of love However Scripture simply states that God is Love and that love comes from God so why is there such confusion about love Part I of Because God Is Love exposes the passionate and alluring yet deceptive reasons behind this confusion of meaning brings forth the simple truth about love in its human facet and shows how everything else that has been called love is nothing other than a delusion that is akin to idolatry and as such it is destructive and completely removed from the true love of the Lord our God The only power that redeems fulfills and provides meaning to the existence of those who wholeheartedly love Him Catalog of
