Christopher Marlowe and Richard Baines Roy Kendall, 2003 Kendall s method is not to give full scale interpretations of individual plays and poems or to attempt a conventional Canterbury Cambridge London appraisal of Marlowe s life but rather to take the reader along a rough chronological path that traces the life of Richard Baines picking suitable spots to break off the narrative and analyze Marlowe s writings and actions and reinterpret known events connected with his life and with Baines s especially where they overlap By offering fresh primary evidence Kendall is able to suggest new ways in which each influenced the life of the other especially how Baines influenced and affected Marlowe **BOOK JACKET** **Catalogue** Bernard Quaritch (Firm), 1920 **The Dial** , 1912 Richard II Charles Forker, 2000-12-01 Before 1790 the criticism of Richard II is fragmentary and this volume takes up the major tradition of criticism including Malone Lamb Coleridge Hazlitt Chambers Boas Brandes Yeats Schelling Swinburne A C Bradley Saintsbury and Masfield King Richard II Charles R. Forker, 2022-02-10 This revised edition of King Richard II Critical Tradition increases our the play was received and understood by critics editors and general readers Updated with a new introduction providing a survey of critical responses to Richard II since the 1990s to the present day this volume offers in separate sections both critical opinions about the play

across the centuries and an evaluation of their positions within and their impact on the reception of the play The updated introduction offers an overview of recent criticism on the play in relation to feminist theory queer theory performance theory and ecocriticism The chronological arrangement of the text excerpts engages the readers in a direct and unbiased dialogue whereas the introduction offers a critical evaluation from a current stance including modern theories and methods Featuring criticism by A C Swinburne Walter Pater Oscar Wilde and W B Yeats this volume makes a major contribution to our understanding of the play and of the traditions of Shakespearean criticism surrounding it as they have developed from century to century

Edward II Christopher Marlowe, 2014-04-18 Marlowe's play retains its power to shock even today and this edition gives full value to its three overriding themes of sexual favouritism political confrontation and sheer cruelty Critics in the last twenty years who have focused on the overtly sexual relationship between Edward and his favourite Gaveston have hailed it as a gay classic earlier interpretations concentrated rather on the deposition by his subjects of a weak king reading it in tandem with Shakespeare's *Richard II* The introduction shows how the play works to give the audience an equal emotional commitment to opposing points of view and concludes that this is what makes *Edward II* such an uncomfortable and challenging play

Poetry as Re-Reading Ming-Qian Ma, 2008-08-20 Grounded in a detailed and compelling account of the philosophy guiding such a project Ma's book traces a continuity of thought and practice through the very different poetic work of objectivists Louis Zukofsky George Oppen Carl Rakosi and John Cage and language poets Susan Howe Lyn Hejinian Bruce Andrews and Charles Bernstein His deft individual readings provide an opening into this notoriously difficult work even as his larger critique reveals a new and clarifying perspective on American modernist and post modernist avant garde poetics Ma shows how we cannot understand these poets according to the usual way of reading but must see how they deliberately use redundancy unpredictability and irrationality to undermine the meaning oriented foundations of American modernism and to force a new and different kind of reading

Christopher Marlowe the Craftsman M.L. Stapleton, 2016-05-23 Contributions to this volume explore the idea of Marlowe as a working artist in keeping with John Addington Symonds characterization of him as a sculptor poet Throughout the body

of his work including not only the poems and plays but also his forays into translation and imitation a distinguished company of established and emerging literary scholars traces how Marlowe conceives an idea shapes and refines it then remakes and remodels it only to refashion it further in his writing process These essays necessarily overlap with one another in the categories of lives stage and page which signals their interdependent nature regarding questions of authorship theater and performance history as well as interpretive issues within the works themselves The contributors interpret and analyze the disputed facts of Marlowe s life the textual difficulties that emerge from the staging of his plays the critical investigations arising from analyses of individual works and their relationship to those of his contemporaries The collection engages in new ways the controversies and complexities of its subject s life and art It reflects the flourishing state of Marlowe studies as it shapes the twenty first century conception of the poet and playwright as master craftsman
