Bowker Staff, Staff Bowker, Ed, 2004 The Heartbeat of Old Testament Theology (Acadia Studies in Bible and Theology)

Mark J. Boda, 2017-04-18 This volume explores the theological heartbeat of the Old Testament by examining three big ideas that communicate the Old Testament's redemptive theology. Highly respected scholar Mark Boda shows how three creedal expressions—the narrative character and relational creeds—recur throughout the Old Testament and express its core redemptive theology in turn, revealing how the redemptive pulse of God expands to all of creation. He also traces these redemptive and creational pulses into the New Testament and shows their relevance for today's Christian community.

Although Christianity has significantly influenced many of Western civilization's cherished ideals and values, it faces ongoing criticism regarding its truth, goodness, and beauty. Critics argue that Christianity is at odds with science, human flourishing, and the dignity of women; that it is disconnected from modern views on sexuality; and that its Scriptures support slavery and genocide. They also claim that the historical evidence for Jesus' bodily resurrection is weak and his claims of exclusivity are narrow-minded. Additionally, the problem of evil and the hiddenness of God are major points of contention. In response, a group of scholars has provided a comprehensive, well-reasoned, yet accessible resource to address these accusations for both the church and the broader public. **5 Conversations You Must Have with Your Son, Revised and Expanded Edition**
