## **Matrix Of Faith Reclaiming A Christian Vision:**

**The Matrix of Faith** Jeffrey C. Pugh, 2001 Weaving together culture history and theology The Matrix of Faith aims to bring lively Christian teachings from past generations into conversation with the present Pugh writes that the way ahead for faith does not rest in unthinking belief of doctrine or dogma but in traditions of creativity cultural engagement and a living spirit of faith in Christ

**Pentecostal Theology for the Twenty-First Century** May Ling Tan-Chow, 2016-05-13 In our post 9 11 world where there is a growing religious fundamentalism and when both exclusion and easy tolerance are inadequate options this book offers a creative alternative arguing that Pentecostalism has the potential to be a peaceful harbinger of plurality The potential lies in its spirituality a lively pneumatology and eschatology The eschatological Spirit is seen as orientated towards the other crossing boundaries in redemptive embrace transcending exclusion and easy tolerance This book's non Western perspective and the empirical contextual study of Singapore's multicultural and multi faith context are unique contributions to religion and society This is a book for students pastors teachers and theologians concerned for an approach to mission that is sensitive to their context who want to learn from a creative theological voice from what has been perhaps the largest religious movement in history and who see the immense potential in lively theology by Christians of the Chinese diaspora who can speak to the many millions of ethnic Chinese Christians This book will also appeal to those outside Christianity who are interested in its attempts to engage with a complex multi ethnic and multi religious situation such as that in Singapore

*The Community of the Weak* Hans-Peter Geiser, 2013-03-28 Social postmodernism and systematic theology can be considered the new pair in some of the most creative discussions on the future of theological method on a global scale Both in the academy and in the public square as well as in the manifold local and pastoral moments of ministry and community social activism the social the postmodern and the theological intermingle in engaging and border crossing ways The Community of the Weak presents a new kind of jazzy fundamental theology with a postmodern touch using jazz as a metaphor writing ethnographically messy texts out of the personal windows of lived experiences combining fragments of autobiography with theological reconstruction A comparative perspective on North American and European developments in contemporary systematic theology serves as a hermeneutical horizon to juxtapose two continents in their very different contexts The author proposes a systematic and fundamental theology that is more jazzy global and narrative deeply embedded in pastoral ministry to tell its postmodern story

**Religionless Christianity** Jeffrey C. Pugh, 2009-01-01 This book is an interpretation of Bonhoeffer in the contemporary context Jeffrey Pugh puts Bonhoeffer's theology in perspective by revisiting some of the themes of his life that have found abiding significance in Christian theology Starting with a chapter on why Bonhoeffer is still important for us today this book moves to chapters that bring Bonhoeffer into conversation with our present situation In each of these chapters Pugh takes one of the central ideas of Bonhoeffer and gives them a fresh perspective Many of Bonhoeffer's books today are written from an exegetical perspective they try and get at exactly what

Bonhoeffer meant Others are written from a hermeneutical perspective they try and interpret Bonhoeffer's abiding significance This book seeks to combine both these approaches to offer interpretations of Bonhoeffer that are germane to our situation today     The Conviction of Things Not Seen Todd E. Johnson, 2002-10-01 A unique resource for identifying issues involved in Protestant pastoral ministry and adjusting pastoral approach to those issues     On Interrogation, Introspection, Dialectic and the Ineluctable Polarity of Being and Knowing Matthew W. Knotts, 2024-06-13 This work considers the fundamentally oppositional structure of reality viewing Augustine as a Christian Heraclitus and focusing on his conception of dialectic Matthew W Knotts situates Augustine's anthropology within a classical Roman philosophical context while characterizing his intellect by continuous questioning In this way the book grounds a constructive philosophical theological enquiry in an historical critical study of the sources and their context     *Entertaining the Triune Mystery* Jeffrey C. Pugh, 2003-10-01 Drawing on one of Christianity's great mysteries the life of the Trinity Jeffrey Pugh seeks to bridge the gap between ancient faith traditions and scientific inquiry in part by celebrating that gap itself as God's essence Pugh uses the wisdom of Plato Irenaeus the Cappadocians Einstein and many others to prompt us to think of God's energies within the processes of creation and life as the presence of God's suffering love for the cosmos God not only nourishes the possibilities of the creation but is fully present in them both suffering with and extending hope for a world coming to be BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved     "A" is for Abductive Leonard I. Sweet, Brian D. McLaren, Jerry Haselmayer, 2003 A playful witty but substantive postmodern ministry for dummies type book that fills the huge and getting huger hunger for something in one volume that introduces basic concepts and vernacular of postmodern ministry     **Perspectives on Science and Christian Faith**, 2004     *The North Carolina Historical Review*, 2002     **New Oxford Review**, 2002     **CURRENT CONTENTS January 7, 2002 Volume 24 Number 1**, 2002     **Communication Research Trends**, 2005     The Matrix of Christian Ethics Patrick Nullens, Ronald T. Michener, 2010-08-10 Patrick Nullens and Ronald T Michener seek to revitalize Christian ethics through an integrative approach to classical ethics Their matrix of consequential principle virtue and value ethics provides an alternative to postmodern situation ethics and brings the framework of biblical wisdom to bear on contemporary ethical questions     The Publishers Weekly, 2001     A Matrix of Meanings Craig Detweiler, Barry Taylor, 2003-11 A candid often humorous look at how to find truth in music movies television and other aspects of pop culture Includes photos artwork and sidebars     **A Matrix of Meanings (Engaging Culture)** Craig Detweiler, Barry Taylor, 2003-11-01 From the glittering tinsel of Hollywood to the advertising slogan you can't get out of your head we are surrounded by popular culture In A Matrix of Meanings Craig Detweiler and Barry Taylor analyze aspects of popular culture and ask What are they doing What do they represent and What do they say about the world in which we live Rather than deciding whether Bono deserves our admiration the authors examine the phenomenon of celebrity idolization Instead of deciding whether Nike's Just do it campaign is morally

questionable they ask what its success reflects about our society A Matrix of Meanings is a hip entertaining guide to the maze of popular culture Plentiful photos artwork and humorous sidebars make for delightful reading Readers who distrust popular culture as well as those who love it will find useful insight into developing a Christian worldview in a secular culture

My Journey as a Religious Pluralist Alan Race, 2021-06-02 Christian theology of religions remains a central component of the Christian response to global religious diversity In the face of theological refusals to engage with issues of religious absolutism and new impressions from interreligious encounters this book seeks to inject fresh energy into a debate that has stalled in recent years The encounter between Christians and people of different religious persuasions raises questions of how to interpret Christian absolutism for a new and developing consciousness that values the experience of the religious other This book argues that interreligious dialogue interreligious ethical collaboration and comparative studies all point to a pluralist future where we are obliged to recognize the spiritual authenticity of the experience animating many religions Building friendly relations between faith communities is to be applauded but it is insufficient in the face of the many challenges confronting the global human community Whether we are speaking of cooperation in civil society peace in the world or the overarching ecological crisis encompassing the planet as a whole the acceptance of the diversity of religions as a positive religious value will strengthen the sense of global responsibility that is needed Reclaiming Pietism Roger E. Olson, Christian T. Collins Winn, 2015-01-08 The historical movement known as Pietism emphasized the response of faith and inward transformation as crucial aspects of conversion to Christ Unfortunately Pietism today is often equated with a holier than thou spiritual attitude religious legalism or withdrawal from involvement in society In this book Roger Olson and Christian Collins Winn argue that classical historical Pietism is an influential stream in evangelical Christianity and that it must be recovered as a resource for evangelical renewal They challenge misconceptions of Pietism by describing the origins development and main themes of the historical movement and the spiritual theological ethos stemming from it The book also explores Pietism s influence on contemporary Christian theologians and spiritual leaders such as Richard Foster and Stanley Grenz Watch a 2015 interview with the authors of this book here Brümmer on Meaning and the Christian Faith Vincent Brümmer, 2006 This volume presents a wide ranging selection from the writings of a leading contemporary philosophical theologian Vincent Brummer In his many books and articles Brummer has demonstrated how the tools of philosophical analysis are not only fruitful but also essential for dealing with the central issues of systematic theology The title of this volume Meaning and the Christian Faith highlights two characteristic themes that recur throughout the many writings of Vincent Brummer Much of his work has been devoted to exploring the meaning of the Christian faith and especially of its central claim that God is a personal being whose fellowship believers may enjoy On the other hand Brummer has also shown that religious belief should not be understood as an explanatory theory but rather as a way in which believers understand the meaning of their lives and their experience of the world and direct their lives accordingly
