The Edinburgh Companion to Women in Publishing, 1900-2020

Nicola Wilson, Claire Battershill, Sophie Heywood, Marrisa Joseph, Daniela La Penna, Helen Southworth, Alice Staveley and Elizabeth Willson Gordon, 2024-02-29 Women's creative labour in publishing has often been overlooked. This book draws on dynamic new work in feminist book history and publishing studies to offer the first comparative collection exploring women's diverse deeply embedded work in modern publishing. Highlighting the value of networks, collaboration and archives, the companion sets out new ways of reading women's contributions to the production and circulation of global print cultures. With an international intergenerational set of contributors using diverse methodologies, essays explore women working in publishing transatlantically on the continent and beyond the Anglosphere. The book combines new work on high profile women publishers and editors alongside analysis of women's work as translators, illustrators, booksellers, advertisers, patrons and publisher's readers, complemented by new oral histories and interviews with leading women in publishing today. The first collection of its kind, the companion helps establish and shape a thriving new research field.

Recovered Robby Gallaty, Rob Suggs, 2019-10-15 Robby Gallaty is not who you think he is. In *Recovered*, pastor and author Robby Gallaty tells the story of how God radically saved him from his addictions and called him into a life of discipleship. Robby grew up in a very religious Catholic family who attended church every Sunday and confession on Saturday if needed. Very rarely did he miss a Saturday night dinner and a movie with his parents and sister Lori. You can imagine how devastated they were when Robby stole 15,000 from them to fuel his drug addiction. Two years earlier, he was rear-ended on his way home from work by an 18-wheeler. Two herniated discs in his neck and back forced him to rely on pharmaceutical drugs to cope with the pain. Within three months, he transitioned to street drugs: heroine and cocaine, after blowing through his thirty-day prescription in two weeks. Robbing his parents was the only option to prolong his drug habit. Shortly thereafter, Robby hit rock bottom. But God wasn't done with him. After a trip to rehab followed by a relapse and a second rehab visit, Robby surrendered his life to Christ, and nothing has ever been the same. This story, a story of salvation and new life, is for any reader who wonders if God is done with them, has messed up time and time again, is battling drug or alcohol addiction, or other destructive behaviors. Has a loved one in the throes of addiction? Needs to be reminded of the miraculous salvation found in the gospel.

Nobody's Business Brian M. Reed, 2013-08-15 Since the turn of the new millennium, English language verse has entered a new historical phase, but explanations vary as to what has actually happened and why. What might constitute a viable avant-garde poetics in the aftermath of such momentous developments as 9/11, globalization and the financial crisis? Much of this discussion has taken place in ephemeral venues such as blogs, e-zines, public lectures and conferences. *Nobody's Business* is the first book to treat the emergence of Flarf and Conceptual Poetry in a serious way. In his engaging account, Brian M. Reed argues that these movements must be understood in relation to the proliferation of digital communications technologies and their integration.

into the corporate workplace Writers such as Andrea Brady Craig Dworkin Kenneth Goldsmith Danny Snelson and Rachel Zolf specifically target for criticism the institutions skill sets and values that make possible the smooth functioning of a postindustrial globalized economy Authorship comes in for particular scrutiny how does writing a poem differ in any meaningful way from other forms of content providing While often adept at using new technologies these writers nonetheless choose to explore anachronism ineptitude and error as aesthetic and political strategies The results can appear derivative tedious or vulgar they can also be stirring compelling and even sublime As Reed sees it this new generation of writers is carrying on the Duchampian practice of generating antiart that both challenges prevalent definitions of art and calls into question the legitimacy of the institutions that define it
