Matthew Arnold and the Classical Tradition Warren D. Anderson, 1971 **Matthew Arnold and the Classical Tradition** Warren D. Anderson, 1971 *The Complete Prose Work of Matthew Arnold* Matthew Arnold, 1961 **The Complete Prose Works of Matthew Arnold** Matthew Arnold, 1960 **On the Classical Tradition** Matthew Arnold, 1960
Arnold's first formulation of doctrines that have influenced the interpretation of literature *The Complete Prose Works of Matthew Arnold Vol. I On the Classical Tradition* Matthew Arnold, 1960 **On Classical Tradition**, 1960 *The Crisis of Action in Nineteenth-century English Literature* Stefanie Markovits, 2006 We think of the nineteenth century as an active age the age of colonial expansion revolutions and railroads of great exploration and the Great Exhibition But in reading the works of Romantic and Victorian writers one notices a conflict what Stefanie Markovits terms a crisis of action In her book *The Crisis of Action in Nineteenth Century English Literature* Markovits maps out this conflict by focusing on four writers William Wordsworth Arthur Hugh Clough George Eliot and Henry James Each chapter offers a case study that demonstrates how specific historical contingencies including reaction to the French Revolution laissez faire economic practices changes in religious and scientific beliefs and shifts in women's roles made people in the period hypersensitive to the status of action and its literary correlative plot **BOOK JACKET** **A Literary History of England Vol. 4** A. A. Baugh, 2004-06-02 First published in 1959 The scope of this four volume work makes it valuable as a work of reference connecting one period with another and placing each author clearly in the setting of his time This is the fourth volume and includes the Nineteenth Century and after 1789-1939 **Routledge Library Editions: T. S. Eliot** Various Authors, 2022-07-30 This set reissues 10 books on T. S. Eliot originally published between 1952 and 1991 The volumes examine many of Eliot's most respected works including his Four Quartets and *The Waste Land* As well as exploring Eliot's work this collection also provides a comprehensive analysis of the man behind the poetry particularly in Frederick Tomlin's *T. S. Eliot A Friendship* This set will be of particular interest to students of literature **Matthew Arnold and Goethe** James Simpson, 1979 *Suffering and the Remedy of Art* Harold Schweizer, 1997-01-01 This book suggests that a listening to suffering may profit from a literary hearing and vice versa It is not only that literature tells of suffering but that suffering may tell us something about the nature of literature

The Cambridge History of Literary Criticism: Volume 6, The Nineteenth Century, c.1830-1914 M. A. R. Habib, 2013-02-07 In the nineteenth century literary criticism first developed into an autonomous professional discipline in the universities This volume provides a comprehensive and authoritative study of the vast field of literary criticism between 1830 and 1914 In over thirty essays written from a broad range of perspectives international scholars examine the growth of literary criticism as an institution and the major critical developments in diverse national traditions and in different genres as well as the major movements of Realism Naturalism Symbolism and Decadence The History offers a detailed focus on some of the era's great critical figures such as Sainte Beuve Hippolyte Taine and Matthew Arnold and includes essays devoted to the

connections of literary criticism with other disciplines in science the arts and Biblical studies The publication of this volume marks the completion of the monumental Cambridge History of Literary Criticism from antiquity to the present day

Social Values and Poetic Acts Jerome J. McGann,1988 **Shakespeare's Poetic Styles** John Baxter,2005 First published in 1980 At their most successful Shakespeare s styles are strategies to make plain the limits of thought and feeling which define the significance of human actions John Baxter analyses the way in which these limits are reached and also provides a strong argument for the idea that the power of Shakespearean drama depends upon the co operation of poetic style and dramatic form Three plays are examined in detail in the text The Tragedy of Mustapha by Fulke Greville and Richard II and Macbeth by Shakespeare *A Companion to Victorian Poetry* Ciaran Cronin,2008-04-15 This Companion brings together specially commissioned essays by distinguished international scholars that reflect both the diversity of Victorian poetry and the variety of critical approaches that illuminate it Approaches Victorian poetry by way of genre production and cultural context rather than through individual poets or poems Demonstrates how a particular poet or poem emerges from a number of overlapping cultural contexts Explores the relationships between work by different poets Recalls attention to a considerable body of poetry that has fallen into neglect Essays are informed by recent developments in textual and cultural theory Considers Victorian women poets in every chapter **Women's University Fiction, 1880-1945** Anna Bogen,2015-10-06 The rise of the middle classes brought a sharp increase in the number of young men and women able to attend university Developing in the wake of this increase the university novel often centred on male undergraduates at either Oxford or Cambridge Bogen argues that an analysis of the lesser known female narratives can provide new insights

Reading Victorian Poetry Richard Cronin,2015-12-21 Reading Victorian Poetry Richard Cronin s exceptionally fine book carries out just what its title promises reading The pleasure of his adroit meticulously imaginative insights into verbal and metrical effects is constant One of the best general readings of Victorian poetry in the last ten years Victorian Studies Reading Victorian Poetry will make an excellent introduction to Victorian poetry and gives a good account of a number of key issues English Studies Reading Victorian Poetry offers close readings of poems from the Victorian era carefully selected by the author to reflect the breadth and diversity of nineteenth century poetry Richard Cronin s outstanding consideration of a wide range of poets reflects the unusual diversity of Victorian poetry which includes amongst others Elizabeth Barrett Browning Christina Rossetti D G Rossetti and Gerard Manley Hopkins The book investigates key concerns of the era in which poetry was ousted by the novel from the culturally central position that it had enjoyed for centuries The result is an important and exciting contribution to the understanding of nineteenth century poetry and a crucial resource for anyone interested in Victorian literature Evolution and Literary Theory Joseph Carroll,1995 Over the past two decades poststructuralism in its myriad forms has come to dominate literary criticism to the exclusion of virtually any other point of view Few scholars have escaped the coercive authority of its programmatic radicalism In *Evolution and Literary Theory* Joseph Carroll vigorously

attacks the foundational principles of poststructuralism and offers in their stead a bold new theory that situates literary criticism within the matrix of evolutionary theory **Oscar Wilde and Ancient Greece** Iain Ross, 2013 Oscar Wilde's imagination was haunted by ancient Greece this book traces its presence in his life and works
