The Real and the Romantic Frances Spalding, 2022-07-07 The 21st century has seen a surge of interest in English art of the interwar years Women artists such as Winifred Knights Frances Hodgkins and Evelyn Dunbar have come to the fore while familiar names Paul Nash Eric Ravilious and Stanley Spencer have reached new audiences High profile exhibitions have attracted recordbreaking visitor numbers and challenged received opinion In The Real and the Romantic Frances Spalding one of Britains leading art historians and critics takes a fresh and timely look at this rich period in English art The devastation of the First World War left the art world decentred and directionless This book is about its recovery Spalding explores how exciting new ideas co existed with a desire for continuity and a renewed interest in the past We see the challenge to English artists represented by C zanne and Picasso and the role played by museums and galleries in this period Women artists writers and curators contributed to the emergence of a new avant garde The English landscape was revisited in modern terms The 1930s marked a high point in the history of modernism in Britain but the mood darkened with the prospect of a return to war The former advance towards abstraction and internationalism was replaced by a renewed concern with history place memory and a sense of belonging Native traditions were revived in modern terms but in ways that also let in the past Surrealism further disturbed the ascetic purity of high modernism and fed into the British love of the strange Throughout these years the pursuit of the real was set against and sometimes merged with an inclination towards the romantic as English artists sought to respond to their subjects and their times Catalogue Raisonné of the Oil Paintings of Matthew Smith John Gledhill, Matthew Smith, 2009 Matthew Smith 1879 1959 is one of the most important British painters of the twentieth century This book provides for the first time a catalogue of the oil paintings by Matthew Smith from 1905 to 1957 and a substantial critical reappraisal of the artist s work Gledhill situates the artist in the context of modernism and his Bloomsbury peers and the London Group Provenance exhibition catalogues and literature are brought together in extensively detailed entries Where possible an illustration of each work is provided and the majority of the paintings are illustrated to assist the scholar who up until now has been confronted with a dearth of information on Matthew Smith *Matt Smith - The Biography* Emily Herbert, 2012-09-03 The inside story of the new Doctor and his rapid rise to stardom As the 11th incarnation of the Doctor in Doctor Who and the youngest actor ever to play the role Matt Smith has taken TV audiences by storm This biography fills fans in on the newcomer It covers the early years of the aspiring youth footballer who switched to studying drama and creative writing after a back injury An outstanding 2003 performance in the National Youth Theatre production of *The Master and Margarita* brought him to the attention of an agent and earned him his first professional acting jobs Smith s first television appearance in the 2006 BBC adaptation of Phillip Pullman s *Ruby in the Smoke* was followed by first major role as Danny in *Party Animals* a year later 2007 also saw him debut in the West End starring in *Fresh Kills* and a critically acclaimed performance in *That Face* But Smith s biggest break was to be cast in Doctor

Who first appearing in the show in January 2010 Replacing the much loved David Tennant was no mean feat for a relatively unknown actor like Matt Smith but he has risen to the challenge and received rave reviews from critics and viewers alike for his quirky offbeat take of the famous Time Lord *Dictionary of Artists' Models* Jill Berk Jiminez,2013-10-15 The first reference work devoted to their lives and roles this book provides information on some 200 artists models from the Renaissance to the present day Most entries are illustrated and consist of a brief biography selected works in which the model appears with location a list of further reading This will prove an invaluable reference work for art historians librarians museum and gallery curators as well as students and researchers *Storyteller* Donald Sturrock,2011-09-13 Originally published in hardcover in 2010 **John Rothenstein in the Interwar Years** David McCann,2023-07-12 Appointed in 1938 Sir John Rothenstein was the first director of the Tate to embrace modern art mounting a series of daring exhibitions and procuring a procession of audacious masterworks that in the words of one contemporary completely knocked the stuffiness out of that veritable institution So why since he died in 1991 has his name become a byword for reactionary conservatism The answer is that from the outset of his career Rothenstein refused to bow to the patriarchs of the avant garde In the 1920s while they were busy decrying the figurative tradition Rothenstein was championing a brilliant generation of artists whose work remained firmly rooted within it In the 1930s while they advocated a geometrical art of the utmost austerity Rothenstein used his first curatorial positions to promote a new wave of exciting young British realists Pitted against the progressives of Hampstead and Bloomsbury and inspired by the anti vanguardism of his father and Wyndham Lewis this book charts Rothenstein s earliest efforts to champion modern realistic painting in an age of abstraction Along the way it uncovers his selfless and pioneering patronage of artists as diverse as Stanley Spencer Edward Bawden Evelyn Dunbar Paul Nash Charles Mahoney and Eric Ravilious In so doing it also establishes his importance in the reassessment of twentieth century figuration going on today **Oxford Dictionary of National Biography: Smillie-Sprott** Henry Colin Gray Matthew,Brian Harrison,2004 55 000 biographies of people who shaped the history of the British Isles and beyond from the earliest times to the year 2002 **The British Art Journal** ,2003 *London Magazine* John Lehmann,Alan Ross,1997 *Matthew Smith* Malcolm Yorke,1997 Although he died more than forty years ago this is the first full scale biography of Matthew Smith one of the most original English figurative painters of the century He was in his lifetime frequently but mistakenly seen as an English Fauve or as a disciple of Matisse but in fact he evolved his own distinctive style independently from anything he had seen in English art schools or the French galleries Smith was the son of a rich and cultured Yorkshire manufacturer but soon felt impelled to rebel against the Victorian taste of his father and his class He failed to impress tutors at the Slade went to France to see what the modern movements there had to offer and then returned to mingle in the circles round Sickert and Fry His grim experiences in World War 1 forced him to sort out his priorities both as a man and an artist Eventually a passionate love affair in middle age enabled him to establish his own uniquely turbulent style and subject matter of still lifes
