To Tell the Story C. Thomas Elkins,2011-02-10 Those of us hearing a Well Told Story may become more aware of the Implications of that story than by a mere recital of facts The use of the Story Form of relating an event may be the best method of capturing the signifi cance of the actual event In the understanding and presentation of the Christian faith Story is considered as a fundamental category of reality It is the perfect vehicle for presenting the Good News of the Gospel John Paul Roth The presentation of real events in story form preserves the remembrance of reality without limiting its implications to the mere recording of historical facts The Gospel story carries us beyond the realm of human understanding into the higher realm of faith The power of story assists us in bridging the gap between the inexplicable in the Gospel Story and the human experience This holds true with the stories which accompany and support the underlying Story of God in Jesus Christ True stories as is the Gospel Story will take precedence over stories told only for entertainment or to serve a specifi c agenda Yet even the stories of integrity and truth need to be told well and with skill This is discussed in detail herein As Theologians we must tell the Story with truth and understanding as Evangelists with persuasiveness and tolerance and as Preachers or Witnesses we must share the Story often convincingly and with Love Loving God loving each other and the Story never ends

The Challenge of the Silver Screen Freek L. Bakker, 2009 In 1897 only two years after the invention of film the first feature film about Jesus appeared This and other films about Jesus became examples for and an inspiration for films on other important religious figures like Rama Buddha and Muhammad Although religious leaders did not always approve of these films they did find a ready audience among believers This book explores these films and looks at how these films dealt with the fundamental question of portraying an individual thought to have either divine status or a very special and unique status among human beings This book will thus benefit not only students of religious film but also those studying the portrayal of central religious figures in the contemporary world
